Introduction

Introduction

The Governor submitted his Executive Budget proposal for Fiscal Year (FY) 2017 to the Legislature on January 17, 2017. The Executive Budget Financial Plan set forth the multi-year forecast of receipts and projections based on the Governor's proposal. The State Constitution permits the Governor to submit amendments to the Executive Budget within 30 days of its constitutional submission date. The Governor submitted amendments to the Executive Budget for FY 2018 on February 16, 2017, as permitted by law.

This Executive Budget Financial Plan for FY 2018, as amended (the "Executive Budget" or "Executive Budget Financial Plan"): (i) summarizes the fiscal impact of the amendments and forecast revisions that have been made to the Governor's Executive Budget Financial Plan originally submitted on January 17, 2017; and (ii) updates and summarizes the State of New York's official Financial Plan projections for FY 2017 through FY 2021. The Financial Plan projections reflect the estimated impact of the Governor's Executive Budget proposal, as amended, for FY 2018, as described herein. The State's FY 2018 will begin on April 1, 2017 and end on March 31, 2018.

The factors affecting the State's financial condition are complex. This Executive Budget Financial Plan contains forecasts, projections and estimates that are based on expectations and assumptions which existed at the time they were prepared, and contains statements relating to future results and economic performance that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Since many factors may materially affect fiscal and economic conditions in the State, the inclusion in this Executive Budget Financial Plan of forecasts, projections, and estimates should not be regarded as a representation that such forecasts, projections, and estimates will occur. The forward-looking statements contained herein are based on the State's expectations and are necessarily dependent upon assumptions, estimates and data that it believes are reasonable as of the date made but that may be incorrect, incomplete or imprecise or not reflective of actual results. Forecasts, projections, and estimates are not intended as representations of fact or guarantees of results. The words "expects", "forecasts", "projects", "intends", "anticipates", "estimates", and analogous expressions are intended to identify forward-looking statements in this Executive Budget Financial Plan. Any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially and adversely from those projected. Such risks and uncertainties include, among others, general economic and business conditions; changes in political, social, economic and environmental conditions, including climate change and extreme weather events; impediments to the implementation of gap-closing actions; regulatory initiatives and compliance with governmental regulations; litigation; actions by the Federal government to reduce or disallow expected aid, including Federal aid authorized or appropriated by Congress but subject to sequestration, administrative actions, or other actions that would reduce aid to the State; and various other events, conditions and circumstances, many of which are beyond the control of the State. These forward-looking statements speak only as of the date of this Executive Budget Financial Plan.

Significant Budgetary/Accounting Practices

Unless clearly noted otherwise, all financial information in this Executive Budget Financial Plan is presented on a cash basis of accounting.

The State's **General Fund** receives the majority of State taxes and all income not earmarked for a particular program or activity. State law requires the Governor to submit, and the Legislature to enact, a General Fund budget that is balanced on a cash basis of accounting. The State Constitution and State Finance Law do not provide a precise definition of budget balance. In practice, the General Fund is considered balanced if sufficient resources are, or are expected to be, available during the fiscal year for the State to: (a) make all planned payments, including Personal Income Tax (PIT) refunds, without the issuance of deficit notes or bonds or extraordinary cash management actions, (b) restore the balances in the Tax Stabilization Reserve and Rainy Day Reserve to levels at or above the levels on deposit when the fiscal year began, and (c) maintain other reserves, as required by law. For purposes of calculating budget balance, the General Fund includes transfers to and from other funds.

The General Fund is the sole financing source for the School Tax Relief (STAR) fund, and is typically the financing source of last resort for the State's other major funds, which include the Health Care Reform Act (HCRA) funds, the Dedicated Highway and Bridge Trust Fund (DHBTFF), the Lottery Fund, and the mental hygiene program and patient income accounts. Therefore, the General Fund projections account for any estimated funding shortfalls in these funds. Since the General Fund is the fund that is required by law to be balanced, the focus of the State's budgetary and gap-closing discussion in this Executive Budget Financial Plan is generally weighted toward the General Fund.

From time to time, the Division of the Budget (DOB) will informally designate unrestricted balances in the General Fund for specific policy goals (e.g., the payment of costs related to potential labor contracts covering prior contract periods). These amounts are typically identified with the phrase "reserved for," and are not held in distinct accounts within the General Fund and may be used for other purposes.

State Operating Funds is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources. It includes financial activity not only in the General Fund, but also State-funded special revenue funds and debt service funds (spending from capital projects funds and Federal funds is excluded). As more financial activity occurred in funds outside of the General Fund, State Operating Funds became, in DOB's view, a more comprehensive measure of State-funded activities for operating purposes that are funded with State resources (e.g., taxes, assessments, fees, tuition). The State Operating Funds perspective has the advantage of eliminating certain distortions in operating activities that may be caused by, among other things, the State's complex fund structure, the transfer of money among funds, and the accounting of disbursements against appropriations in different funds. For example, the State funds its share of the Medicaid program from both the General Fund and HCRA funds, the latter being State Special Revenue Funds. The State Operating Funds perspective captures Medicaid disbursements from both of these fund types, giving a more complete accounting of

State-funded Medicaid disbursements. For such reasons, the discussion of disbursement projections often emphasizes the State Operating Funds perspective.

The State also reports disbursements and receipts activity for **All Governmental Funds** (All Funds), which includes spending from Capital Projects Funds and State and Federal operating funds, providing the most comprehensive view of the cash-basis financial operations of the State. The State accounts for receipts and disbursements by the fund in which the activity takes place (such as the General Fund), and the broad category or purpose of that activity (such as State Operations). The Executive Budget Financial Plan tables present State projections and results by fund and category.

Fund types of the State include: the General Fund; State Special Revenue Funds, which receive certain dedicated taxes, fees, and other revenues that are used for a specified purpose; Federal Special Revenue Funds, which receive certain Federal grants; State and Federal Capital Projects Funds, which account for costs incurred in the construction, maintenance, and rehabilitation of roads, bridges, prisons, university facilities, and other infrastructure projects; and Debt Service Funds, which account for the payment of principal, interest, and related expenses for debt issued by the State and on the State's behalf by its public authorities.

State Finance Law also requires DOB to prepare a pro forma financial plan using, to the extent practicable, generally accepted accounting principles (GAAP), although this requirement is for informational purposes. The GAAP-basis financial plan is not used by DOB as a benchmark for managing State finances during the fiscal year and is not updated on a quarterly basis. The GAAP-basis financial plan follows, to the extent practicable, the accrual methodologies and fund accounting rules applied by the Office of the State Comptroller (OSC) in preparation of the audited Basic Financial Statements. However, GAAP is a financial reporting regime, not a budgeting system.

The Executive Budget Financial Plan projections for future years may show budget gaps or budget surpluses in the General Fund. Budget gaps represent the difference between: (a) the projected General Fund disbursements, including transfers to other funds, needed to maintain current services levels and specific commitments, and (b) the projected level of resources, including transfers from other funds, to pay for these disbursements. The General Fund projections are based on a number of assumptions and are developed by the DOB in conjunction with other State agencies. Some projections are based on specific, known information (e.g., a statutory requirement to increase payments to a prescribed level), while others are based on more uncertain or speculative information (e.g., the pace at which a new program will enroll recipients). In general, the Executive Budget Financial Plan assumes that money appropriated in one fiscal year will continue to be appropriated in future years, even for programs that were not created in permanent law and that the State has no obligation to fund. Funding levels for nearly all State programs are reviewed annually, taking into account the current and projected fiscal position of the State. The Executive Budget Financial Plan projections for FY 2019 and thereafter, set forth in this Executive Budget Financial Plan, reflect the savings that DOB estimates would be realized if the Governor continues to propose, and the Legislature continues to enact, balanced budgets that limit annual growth in State Operating Funds spending to no greater than 2 percent. Total disbursements in the Executive Budget Financial Plan tables and narrative, contained in this

Executive Budget Financial Plan, do not reflect these assumed savings, which are instead reflected on a distinct line and labeled as “Adherence to 2 Percent Spending Benchmark.”

Executive Budget Financial Plan projections are subject to many risks and uncertainties, as well as future budgetary decisions and other factors not known at this time. If the 2 percent State Operating Funds spending benchmark is not adhered to, the projected budget gaps would be higher.

Overview of the Executive Budget Financial Plan

Revisions to the Executive Budget Financial Plan

This Executive Budget Financial Plan for FY 2018, as amended (the “Executive Budget” or “Executive Budget Financial Plan”): (i) summarizes the fiscal impact of the amendments and forecast revisions that have been made to the Governor’s Executive Budget Financial Plan originally submitted on January 17, 2017 (the “initial Executive Budget Financial Plan”); and (ii) updates and summarizes the State of New York’s official Financial Plan projections for FY 2017 through FY 2021. Here are the substantive changes to the initial Executive Budget Financial Plan:

- **General Fund Receipts** in the current year, excluding new monetary settlements, have been lowered by \$330 million in comparison to the initial Executive Budget Financial Plan. The revision reflects a year-to-date personal income tax shortfall in tax year 2016 estimated payments due to weaker than expected growth in non-wage income.
- **General Fund Disbursements** in the current year have been reduced by \$330 million. The estimate for HCRA receipts has been increased by \$130 million based on growth in health care utilization. The increase is expected to reduce Medicaid spending funded by the General Fund by an equal amount (the State-funded share of Medicaid is funded by the General Fund and HCRA). In addition, estimated disbursements for both local assistance and transfers to capital projects funds have been revised downward, reflecting the cautious estimation of expenses in the General Fund, the timing of capital spending, and other factors.
- **Amendments** include new capital appropriations to fund major capital upgrades at State ski resorts operated by the Olympic Regional Development Authority (ORDA). The upgrades, which are expected to occur in FY 2018 and FY 2019, will be funded with State-supported bonds. No other amendments have a material impact on the projections set forth in the initial Executive Budget Financial Plan.
- **Monetary Settlements:** On February 6, 2017, the State received a \$425 million fine from Deutsche Bank AG and Deutsche Bank AG New York Branch (collectively “Deutsche Bank”) in accordance with a consent order with the Department of Financial Services. The consent order addresses compliance deficiencies at Deutsche Bank that allowed bank traders and offshore entities to improperly and covertly transfer more than \$10 billion out of Russia through security trading schemes known as “mirror trades.”

The Executive Budget Financial Plan proposes using the fine to increase capital spending for the Department of Transportation (DOT) by \$270 million, while reserving the balance to fund the estimated first-year costs of potential labor agreements with employee unions patterned on the Public Employees Federation (PEF) contract. The initial Executive Budget Financial Plan assumed that the first-year costs (i.e., FY 2017) for PEF and Management/Confidential (M/C) employees would be paid in FY 2017 and covered from a General Fund cash balance designated for this purpose, but that the first-year costs for all remaining unions would not be paid until FY 2018. Therefore, setting aside the additional money for the first year costs is consistent with the treatment of the first-year costs related to the PEF and M/C agreements.

Overview of the Executive Budget Financial Plan

Financial Plan At-A-Glance: Key Measures

The following table provides certain Financial Plan information for FY 2016, FY 2017, and FY 2018.

FINANCIAL PLAN AT-A-GLANCE: KEY MEASURES (millions of dollars)					
	FY 2016 Results ¹	FY 2017		FY 2018	
		Mid-Year Estimate	Current Estimate	Before Changes ²	Executive Amended
State Operating Funds Disbursements

Debt Outstanding as % Personal Income	4.5%	4.3%	4.2%	4.3%	4.2%

¹ Results as reported in the State Comptroller's Annual Report to the Legislature on State Funds Cash Basis of Accounting, released July 2016.

² As reported in the FY 2017 Mid-Year Update. Before Executive proposals to balance the FY 2018 Budget.

³ Annual growth includes planned extraordinary transfer of monetary settlements from the General Fund to other funds.

⁴ All Funds and Federal Operating Funds receipts and disbursements exclude: (a) Federal disaster aid for Superstorm Sandy, and (b) additional Federal aid associated with Federal health care reform.

⁵ Represents capital spending that occurs outside the All Funds budget financed directly from State-supported bond proceeds held by public authorities.

Executive Summary

Current Fiscal Year

- DOB projects that the General Fund will remain in balance in FY 2017, with downward revisions to tax receipts offset by lower disbursements in every Financial Plan category.
- State Operating Funds spending is expected to total \$96.2 billion, an increase of 2 percent from FY 2016. If estimates hold, it would mark the fifth consecutive year in which spending has grown at 2 percent or less.
- State debt is expected to total \$50.8 billion. State debt has declined for five consecutive years, and the State's debt as a share of personal income is expected to fall from 5.9 percent in FY 2011 to an estimated 4.2 percent at the end of FY 2017.
- The General Fund is expected to close the year with a cash balance of \$7.2 billion, consisting of \$4.8 billion in monetary settlements and \$2.4 billion in other reserves.

FY 2018

- The FY 2018 Executive Budget is proposed in an uncertain fiscal environment. Tax receipts during the current year have been weaker than expected, with DOB revising its estimates downward in each quarterly update. And at the Federal level, the new presidential administration and Congress may redefine the partnership with the states in health care, social services, and infrastructure, with potentially adverse consequences for State finances.
- Accordingly, the Executive Budget for FY 2018 adopts a cautious stance. It continues the prudent fiscal practices that have produced six consecutive timely and balanced budgets. The Executive Budget holds annual spending growth in State Operating Funds to less than 2 percent, consistent with the fiscal benchmark adopted by the current administration, and is balanced on a cash basis in the General Fund, as required by law.¹
- Medicaid and School Aid are recommended to grow in line with their statutory indexes,² spending for agency operations is expected to be held flat, and a plan is proposed that would use the \$1.8 billion in new monetary settlements to fund capital projects and other time-limited costs, as well as a deposit to the rainy day reserves, if fiscal conditions permit.

¹ As described herein, the State Operating Funds calculation is affected by proposals that change the accounting of financial activity in the State Operating Funds perspective. The calculation is also affected in any year by the management of payments. See "Annual Spending Growth", "Other Matters Affecting the Financial Plan", and "State Financial Plan Projections Fiscal Years 2017 Through 2021."

² The index for Medicaid spending subject to the Global Cap is the ten-year moving average of the medical component of the Consumer Price Index (CPI). The index for School Aid is the estimated annual growth in State personal income.

Overview of the Executive Budget Financial Plan

- The tax reforms enacted in recent years are continued, reducing the burden on middle-class taxpayers.
- To plan for uncertainties, including Federal uncertainties, the Executive Budget includes contingency language that would authorize the State Budget Director to reduce certain local assistance payments by a uniform amount in the event that State receipts, including Federal aid, fall short of planned levels.
- General reserves will be increased by \$150 million, and total \$2.5 billion at the end of FY 2018.
- The following table summarizes the multi-year impact of the Executive Budget Financial Plan on General Fund operations.

GENERAL FUND BUDGETARY BASIS SURPLUS/(GAP) PROJECTIONS				
FY 2018 EXECUTIVE BUDGET				
GAP-CLOSING PLAN				
(millions of dollars)				
	FY 2018	FY 2019	FY 2020	FY 2021
MID-YEAR BUDGET SURPLUS/(GAP) ESTIMATE ¹	(3,533)	(7,122)	(8,935)	(6,816)
Spending Changes	2,705	2,475	2,430	2,324
Agency Operations	624	218	161	11
Local Assistance ²	1,623	2,243	2,577	2,718

Tax Extenders/Credits	147	325	315	315
EXECUTIVE BUDGET SURPLUS/(GAP) ESTIMATE ⁴	0	(1,773)	(2,661)	(1,781)
Adherence to 2% Spending Benchmark ⁵	n/a	2,465	4,753	6,741
EXECUTIVE BUDGET SURPLUS/(GAP)	0	692	2,092	4,960

^{1,4} Before actions to adhere to the 2 percent benchmark.

^{2,3} The FY 2018 Executive Budget proposes converting the NYC PIT credit to a nonrefundable State PIT credit. This change has no impact on the STAR benefits received by homeowners; it will decrease reported disbursements for STAR and decrease reported PIT receipts by an identical amount. See "STAR Program" in "State Financial Plan Projections Fiscal Years 2017 Through 2021" herein.

⁵ Savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on current FY 2017 estimate). The Governor is expected to propose, and negotiate with the Legislature to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The "Surplus/(Gap)" estimate assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

- The Executive Budget Financial Plan reduces spending in FY 2018 by \$2.7 billion compared to prior projections. The reductions reflect reestimates to spending based on updated information, specific cost-containment proposals, and the prepayment of FY 2018 expenses from excess resources available in FY 2017.
 - **Agency Operations.** Since the Governor took office in January 2011, Executive State agency operating costs have essentially remained flat through ongoing State agency redesign and cost-control efforts. These measures have included closures and consolidations of facilities to reduce excess capacity; strict controls on attrition and hiring; enterprise-wide consolidation of procurement, information technology, and workforce management functions; and a range of operational measures to improve efficiency. The FY 2018 Executive Budget generally holds Executive agency operations at a fixed level of spending over the Financial Plan period.
 - **Local Assistance.** Medicaid and School Aid are the State’s largest local aid programs, comprising over 45 percent of the State Operating Funds budget. The Executive Budget includes \$25.6 billion in school aid for school year (SY) 2018, an increase of \$961 million (3.9 percent), consistent with the statutory growth formula. Medicaid will grow at the indexed rate of 3.2 percent or \$567 million, consistent with the statutory index (“Global Cap”), to \$18.3 billion. In total, Department of Health (DOH) Medicaid spending will increase to \$19.5 billion, including spending outside the Global Cap. In addition, the State continues to provide a substantial amount of capital funding to improve and restructure the State’s health care delivery system.

General Fund local assistance savings in the Executive Budget include, among other things, targeted reforms to STAR, health care programs, and pharmaceutical costs; use of asset sale proceeds to offset State support to City University of New York (CUNY); and updated cost estimates for a range of State programs, which reflect the impact of cost containment and spending controls enacted in prior years.
 - **Capital Projects/Debt Management.** Savings include the planned prepayment of FY 2018 debt service in the current year, continued use of competitive bond sales, and refundings.
 - **Initiatives/Investments/New Costs.** The Executive Budget proposes new initiatives and additional funding that have a budgetary impact. Among the most significant are funding for a new scholarship program to allow families and individuals making up to \$125,000 per year to attend college tuition-free at all public universities in New York State (Excelsior Scholarship); juvenile justice reform, which proposes to raise, over time, the age of criminal responsibility for juveniles from 16 to 18; and reforms to the State’s indigent criminal defense system. The Budget also proposes providing student financial assistance to undocumented immigrants (DREAM Act) and enhanced funding for economic development, local government aid, and domestic violence prevention.

- **Resources.** Tax receipts during the year have been weaker than expected. Since the introduction of the FY 2017 Executive Budget in January 2016, DOB has reduced the annual estimate for tax receipts in each updated Financial Plan. In the current update, DOB is again revising the tax receipts estimate downward in each year of the Financial Plan. In comparison to the Mid-Year estimate, General Fund tax receipts have been reduced by \$415 million in FY 2018, \$475 million in FY 2019, and by nearly \$700 million in FY 2020. Other resource changes include an upward revision to available resources to fund the mental hygiene system; new and increased fees; and tax receipt revisions from the proposed changes to the STAR program.
- **Tax Actions.** The current income tax rate for high-income earners would be extended for three years, through calendar year 2020. The current rate has been in place since January 1, 2012, when the top rate was cut from 8.97 percent to 8.82 percent. The Executive Budget also proposes a permanent extension of the high-income charitable contribution deduction, as well as several other tax extenders. In addition, the Budget proposes an increase to the Child and Dependent Care Credit. The Budget proposes new tax actions, which include requiring online marketplace providers to collect and remit sales tax on behalf of all vendors that sell to New York residents and authorizing transportation network companies (TNC) to operate outside the City of New York and throughout the State, subject to a 5.5 percent tax.

Other Financial Plan Matters

- **Status of Labor Agreements:** The current spending estimates for personal service reflect the potential costs of labor agreements with State unions patterned on the labor contract ratified by the PEF membership in December 2016.
- **New Monetary Settlements:** Resources from new settlements that have not been appropriated to date total \$1.8 billion. Following the approach used in FY 2016 and FY 2017, the FY 2018 Executive Budget proposes using the new settlements for capital purposes and other time-limited investments. Specific investments include the Buffalo Billion Phase II (\$400 million), Transportation (\$270 million), Health Care Capital Grants (\$200 million), Life Sciences (\$300 million), Counter-Terrorism and Emergency Response Preparedness (\$203 million), Downtown Revitalization (\$100 million), and the Division of Military and Naval Affairs (DMNA) armories (\$20 million). In addition, the Budget proposes setting aside \$155 million to fund retroactive salary increases that are anticipated to occur in FY 2018 or later, and depositing \$150 million of the settlement money into the State's rainy day reserves, if fiscal conditions permit.

- **Master Settlement Agreement (MSA):** In 2018, bonds issued in 2003 that were secured by annual payments under the MSA with tobacco manufacturers will be fully retired. DOB expects that MSA payments of approximately \$125 million in FY 2018 and \$400 million annually thereafter will be available for State purposes. The Executive Budget proposes using the payments to help defray the costs of the State's takeover of Medicaid costs borne by counties and New York City, one of the State's most important mandate relief measures enacted in recent years. The State takeover, in which local Medicaid costs are capped permanently at 2015 calendar year levels, began in FY 2016 and is expected to cost the State \$735 million in FY 2018, growing to \$917 million in FY 2019.
- **Long Term Fiscal Reforms:** The Budget includes legislation to create a Retiree Health Benefit Trust Fund for the purpose of funding health benefits of retired employees and their dependents. It also includes legislation that would direct a portion of any future cash-basis surplus to the Debt Reduction Reserve Fund.
- **Cash Position:** DOB expects the State will have sufficient liquidity in FY 2018 to make all planned payments as they become due. The State continues to reserve money on a quarterly basis for debt service payments that are financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants.

Overview of the Executive Budget Financial Plan

Annual Spending Growth

DOB estimates spending in State Operating Funds will grow at 1.9 percent from FY 2017 to FY 2018, below the 2 percent spending benchmark adopted by the current Administration in FY 2012. The table below illustrates the major sources of annual change in State spending by major program, purpose, and fund perspective, followed by a summary of significant changes.

STATE SPENDING MEASURES (millions of dollars)				
	FY 2017 Current	FY 2018 Proposed	Annual Change	
			\$	%
LOCAL ASSISTANCE	64,465	65,955	1,490	2.3%
School Aid (School Year Basis)	24,644	25,605	961	3.9%
DOH Medicaid ¹	18,171	19,174	1,003	5.5%
Transportation	4,959	4,988	29	0.6%

¹ Includes the Essential Plan (EP), which is an insurance plan for individuals who are not eligible for Medicaid and who meet certain income threshold standards. The EP is not a Medicaid program; however, State-funded support is managed within total DOH Medicaid Global Cap resources. In addition, total State share Medicaid funding includes MSA payments to the State that will be deposited directly to the Medicaid Management Information System (MMIS) Escrow Fund to defray the State cost of the local MA takeover.

² The FY 2018 Executive Budget proposes converting the NYC PIT credit to a nonrefundable State PIT credit. This change has no impact on the STAR benefits received by homeowners; it will decrease reported disbursements for STAR and decrease reported PIT receipts by an identical amount. See "STAR Program" in "State Financial Plan Projections Fiscal Years 2017 through 2021" herein.

³ "All Other" includes a reconciliation between school year and State fiscal year spending for School Aid. On a State Fiscal Year basis, School Aid is estimated to total \$25.6 billion in FY 2018, an increase of \$1.2 billion from FY 2017. It also includes the portion of the MA takeover that will be funded from MSA payments deposited directly to the MMIS escrow fund (\$125 million in FY 2018). Lastly, it includes the spending for public health, other education, local government assistance, parks, environment, economic development, and public safety.

^{4,5} Federal Operating Funds and All Funds disbursements exclude extraordinary aid for Federal health care reform and Superstorm Sandy.

Local Assistance

- Medicaid and School Aid are the State's largest local aid programs, comprising approximately 45 percent of the State Operating Funds budget. In SY 2018, School Aid will total \$25.6 billion, an increase of \$961 million (3.9 percent). Medicaid will grow at the indexed rate of 3.2 percent, consistent with the statutory index ("Global Cap"),³ to \$18.3 billion. In total, Medicaid funded from State resources will increase to \$19.5 billion, including the EP,⁴ the takeover of local Medicaid costs and other spending outside the Global Cap. In addition, the State continues to provide capital funding to restructure the State's health care delivery system.
- The cost of the takeover of local government Medicaid growth is expected to be partially funded with tobacco MSA payments that will be directly deposited to the Medicaid Management Information System (MMIS) Escrow Fund. The change has no impact on overall Medicaid spending funded with State resources, but does decrease reported State-supported Medicaid spending accounted for in State Operating Funds.
- The cost of the STAR program is projected to remain essentially flat over the Financial Plan period. However, STAR spending declines, reflecting the current and proposed conversion of the benefit to a State PIT credit. The change has no impact on the STAR benefits received by homeowners, but does decrease reported disbursements for STAR in State Operating Funds and reported PIT receipts by an identical amount.
- Mental Hygiene declines are mainly due to technical interactions with the DOH Global Cap, which more than offset the roughly 2 percent growth in funding for community-based services.

State Operations/Fringe Benefits

- Agency operations are expected to decline, due in large part to the reclassification of certain personnel expenses related to the maintenance and preservation of State assets, to capital projects funds. This change has no impact on State personnel costs, but does decrease reported operating spending in State Operating Funds.
- Fringe benefits are projected to grow due to rising employee health care and prescription drug costs, as well as pension contributions.

³ The Medicaid Global Cap is a statutory limit on annual State-funded Medicaid expenditures, indexed to the Medical component of the Consumer Price Index (CPI). Total State-funded Medicaid expenditures also include certain program costs which are not subject to the indexed provisions of the Global Cap.

⁴ The EP is an insurance plan for individuals who are not eligible for Medicaid and that meet certain income threshold standards. Approximately 90 percent of program expenses are subsidized with Federal funds made available through the Affordable Care Act (ACA). The EP is not a Medicaid program; however, the State Funds support is managed within total DOH Medicaid Global Cap resources.

Overview of the Executive Budget Financial Plan

Debt Service

- Excluding the impact of prepayments, debt service costs are projected to increase by roughly 1.8 percent from FY 2017.

All Funds spending, which includes spending from capital funds and Federal funds, is budgeted to increase by 3.5 percent from FY 2017 to FY 2018, excluding extraordinary Federal aid related to disaster-related costs and health care transformation.

TOTAL DISBURSEMENTS (millions of dollars)							
	FY 2016 Results	FY 2017 Current	Annual Change	Annual % Change	FY 2018 Proposed	Annual Change	Annual % Change

General Fund Financial Plan

FY 2017 Financial Plan Update

DOB projects the General Fund will remain in balance in FY 2017, with downward revisions to tax receipts offset by lower disbursements in every Financial Plan category. The following table summarizes the changes to General Fund operating estimates from the Mid-Year Financial Plan to the Executive Budget Financial Plan. The table shows the estimates with and without monetary settlements, which continue to have a dramatic effect on the State's receipts, disbursements, and cash position.⁵

FY 2017 GENERAL FUND FINANCIAL PLAN SUMMARY OF CHANGES FROM MID-YEAR (millions of dollars)			
	<u>Mid-Year</u>	<u>Revised</u>	<u>Change</u>
Opening Fund Balance (Excluding Monetary Settlements)	2,634	2,634	0
Receipts	67,827	66,838	(989)
Tax Receipts	63,865	62,969	(896)
Miscellaneous Receipts/Other Non-Tax Revenue	3,962	3,869	(93)
Disbursements	67,999	67,100	(899)
Local Assistance	45,379	44,826	(553)
Agency Operations	13,826	13,744	(82)
Transfers to Other Funds	8,794	8,530	(264)
Net Change in Operations	(172)	(262)	(90)
Closing Fund Balance (Excluding Monetary Settlements)	2,462	2,372	(90)
Monetary Settlements			
Settlements on Hand as of April 1, 2016	6,300	6,300	0
New Settlements Received in FY 2017	608	1,317	709
Transfers/Uses	(2,486)	(2,757)	(271)
Closing Fund Balance (Including Monetary Settlements)	6,884	7,232	348

⁵ The sources and uses of monetary settlements are described more fully later in this Financial Plan. See Financial Plan tables for General Fund receipts and disbursements including monetary settlements.

Receipts (Excluding Monetary Settlements)

General Fund receipts, including transfers from other funds, are projected to total \$66.8 billion in FY 2017, a decrease of \$989 million from the Mid-Year Update. Tax collections, including transfers of tax receipts to the General Fund after payment of debt service, are estimated to total \$63 billion in FY 2017, a decrease of \$896 million from the prior update.

General Fund PIT receipts, including transfers after payment of debt service on State PIT Revenue Bonds, are expected to total \$42.7 billion, a decrease of \$778 million from the Mid-Year Update. The downward revision is driven by weaker than expected estimated payments and withholding growth.

General Fund consumption/use tax receipts, including transfers after payment of debt service on Local Government Assistance Corporation (LGAC) and Sales Tax Revenue Bonds, are estimated to total \$12.6 billion, an increase of \$5 million, reflecting projected growth in taxable consumption.

General Fund business tax receipts are estimated at \$5.6 billion, a decrease of \$204 million from the Mid-Year Update. This estimate reflects decreased corporate franchise tax receipts stemming from weaker receipts from calendar year filers.

Other tax receipts in the General Fund are expected to total \$2.1 billion, an increase of \$81 million from the Mid-Year Update estimate. This primarily reflects higher estate tax collections.

General Fund non-tax receipts and transfers are estimated at \$3.9 billion, a decrease of \$93 million from the Mid-Year Update. The decrease is primarily due to a downward revision to abandoned property receipts. New SEC regulations, which accelerate customer contact requirements for dormant accounts, has caused fewer dormant securities to be remitted to the State.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances between funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, presented on a State Funds and All Funds basis, see "State Financial Plan Projections Fiscal Years 2017 Through 2021" herein.

General Fund Disbursements (Excluding Monetary Settlements)

General Fund disbursements, including transfers to other funds, are expected to total \$67.1 billion in FY 2017, a decrease of \$899 million from the Mid-Year Update. Based on a review of operating results through the first half of FY 2017 and updated data on State programs and activities, DOB has lowered its spending estimates in several areas, including mental hygiene, social services, preschool special education, higher education, and public safety. General Fund disbursements in the current year are also being reduced across Financial Plan categories, reflecting the refinement of cautious estimates included in the Financial Plan to create an informal reserve against risks.

Local assistance grants are expected to total \$44.8 billion in FY 2017, a decrease of \$553 million from the prior plan. Local assistance spending has been revised downward across a range of programs based on operating results for the first nine months of the fiscal year and other information.

Disbursements for agency operations, including fringe benefits and fixed costs, are expected to total \$13.7 billion, a decrease of \$82 million from the prior plan. Most Executive agencies are expected to hold spending at FY 2016 levels.

General Fund transfers to other funds are estimated to total \$8.5 billion, a decrease of \$264 million from the mid-year estimate. Transfers to capital projects funds have been lowered to reflect the timing of reimbursements from bond proceeds. Transfers for debt service have been increased to reflect the payment in the current year of debt service due in FY 2018.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances between funds of the State, and other factors that may change from year to year. For a more comprehensive discussion of the State's disbursement projections by major activity, presented on a State Operating Funds basis, see "Financial Plan Projections Fiscal Years 2017 through 2021" herein.

FY 2017 Closing Balance

Excluding monetary settlements, the State expects to end FY 2017 with a General Fund closing balance of \$2.4 billion. The estimated closing balance is \$90 million lower than the Mid-Year Update, and reflects the use of the remaining cash balance informally set aside for new labor contracts to fund the first year of the new PEF contract.

The General Fund closing balance attributable to monetary settlements is expected to total \$4.9 billion, an increase of \$438 million from the Mid-Year Update. The increase is due to new settlements received since the Mid-Year Update, offset by higher than expected transfers to other funds. DOB intends to make transfers of monetary settlements on an as-needed basis over the next five years as spending occurs. Legislation included with the FY 2017 Enacted Budget provides transfer authority from the General Fund to the Dedicated Infrastructure Investment Fund (DIIF) for five years.

Risks to the current estimates remain. For example, while tax receipt estimates have been lowered, collections are subject to significant volatility in the final quarter of the fiscal year. In addition, there can be no assurance that Federal aid for health care, mental hygiene and other purposes will be received at the levels or on the timetable assumed in the Financial Plan. These and other risks and uncertainties are described more fully later in this Financial Plan. (See “Other Matters Affecting the Financial Plan” herein.)

FY 2018 Financial Plan

DOB estimates that the Executive Budget Financial Plan, if enacted as proposed, would provide for balanced operations in the General Fund in FY 2018, consistent with balanced budget requirements. The following table summarizes the projected annual change from FY 2017 to FY 2018 in General Fund receipts, disbursements, and fund balances, with and without the impact of monetary settlements.

GENERAL FUND FINANCIAL PLAN (millions of dollars)				
	FY 2017 Current	FY 2018 Proposed	Annual Change	
			Dollar	Percent
Opening Fund Balance (Excluding Monetary Settlements)	2,634	2,372	(262)	-9.9%
Total Receipts	<u>66,838</u>	<u>71,083</u>	<u>4,245</u>	<u>6.4%</u>
Taxes	62,969	67,861	4,892	7.8%
Miscellaneous Receipts/Federal Grants	2,647	2,298	(349)	-13.2%
Other Transfers	1,222	924	(298)	-24.4%
Total Disbursements	<u>67,100</u>	<u>71,099</u>	<u>3,999</u>	<u>6.0%</u>
Local Assistance Grants	44,826	47,247	2,421	5.4%
Agency Operations	13,744	14,046	302	2.2%
Transfers to Other Funds	8,530	9,806	1,276	15.0%
Deposit to Reserves ¹	0	305	305	0.0%
Net Change in Operations	(262)	289	551	210.3%
Closing Fund Balance (Excluding Monetary Settlements)	<u>2,372</u>	<u>2,661</u>	<u>289</u>	<u>12.2%</u>
Monetary Settlements				
Settlements on Hand as of April 1	6,300	4,860	(1,440)	-22.9%
New Settlements Received in FY 2017	1,317	0	(1,317)	-100.0%
Transfers/Uses ¹	(2,757)	(1,604)	1,153	41.8%
Closing Fund Balance (Including Monetary Settlements)	<u>7,232</u>	<u>5,917</u>	<u>(1,315)</u>	<u>-18.2%</u>

¹ FY 2018 uses of monetary settlements includes the transfer of \$305 million (\$150 million to the Rainy Day Fund and \$155 million for a reserve for potential retroactive salary increases) within the General Fund.

As shown in the table above, the State expects to end FY 2018 with a General Fund cash balance of \$5.9 billion, a decrease of \$1.3 billion from expected FY 2017 results. The decline is mostly due to the change in monetary settlements on hand. DOB intends to make transfers of monetary settlements on an as-needed basis over the next five years as spending occurs from appropriations funded with the settlements. Legislation approved in the FY 2017 Enacted Budget provides transfer authority from the General Fund to the DIIF for five years.

Receipts (Excluding Monetary Settlements)

General Fund receipts, including transfers from other funds, are projected to total \$71.1 billion in FY 2018, an increase of \$4.2 billion (6.4 percent) from FY 2017 estimates. Tax collections, including transfers of tax receipts to the General Fund after payment of debt service, are estimated to total \$67.9 billion in FY 2018, an increase of \$4.9 billion (7.8 percent) from FY 2017 estimates.

General Fund PIT receipts, including transfers after payment of debt service on State PIT Revenue Bonds, are expected to total \$46.4 billion, an increase of \$3.7 billion (8.8 percent) from FY 2017. This primarily reflects: growth in withholding and estimated payments attributable to: 1) the net effect of the first year of middle income tax cuts enacted with the FY 2017 Budget; 2) the proposed extension of the top rate for high-income earners; and 3) a decline in STAR Fund deposits associated with legislation included in this Budget.

General Fund consumption/use tax receipts, including transfers after payment of debt service on LGAC and Sales Tax Revenue Bonds, are estimated to total \$13.5 billion in FY 2018, an increase of \$856 million (6.8 percent) from FY 2017, which reflects projected growth in employment and taxable consumption.

General Fund business tax receipts are estimated at \$6 billion in FY 2018, an increase of \$384 million (6.9 percent) from FY 2017. The estimate reflects increases in corporation franchise tax receipts stemming from improved corporate profits and the insurance tax from growth in taxable premiums. These increases are partially offset by decreases in the corporation and utilities tax and the bank tax.

Other tax receipts in the General Fund are expected to total \$2 billion in FY 2018, a decrease of \$89 million (-4.3 percent) from FY 2017. This decrease is driven by the continued phase-in of estate tax cuts, which is partly offset by increases in household net worth and home price appreciation that are also driving real estate transfer tax increases.

General Fund non-tax receipts and transfers are estimated at \$3.2 billion in FY 2018, a decrease of \$647 million from FY 2017. The decrease is primarily due to the loss of \$250 million in SIF reserves released in FY 2017, coupled with a decline in available resources in other funds.

General Fund receipts are affected by the deposit of dedicated taxes in other funds for debt service and other purposes, the transfer of balances between funds of the State, and other factors. For a more comprehensive discussion of the State's projections for tax receipts, miscellaneous receipts, and transfers, presented on a State Funds and All Funds basis, see "State Financial Plan Projections Fiscal Years 2017 Through 2021" herein.

Disbursements (Excluding Monetary Settlements)

General Fund disbursements, including transfers to other funds, are expected to total \$71.1 billion in FY 2018, an increase of \$4 billion (6 percent) from FY 2017.

Local assistance grants are expected to total \$47.2 billion in FY 2018, an annual increase of \$2.4 billion (5.4 percent) from FY 2017. The increase includes \$1.1 billion for School Aid (on a State fiscal year basis) and \$920 million for Medicaid and the EP. Other annual changes reflect anticipated growth in payments for social services, higher education, and other programs, as well as accounting reclassifications that have the effect of moving spending between financial plan categories and across fund types.

Disbursements for agency operations, including fringe benefits and fixed costs, in the General Fund are expected to total \$14.0 billion in FY 2018, an increase from FY 2017 of \$302 million (2.2 percent). Personal and non-personal service costs are expected to total \$8.3 billion, an increase of \$52 million (0.6 percent) from the current year. Most executive agencies are expected to hold operations spending at FY 2017 levels. The current spending estimates for personal service reflect the potential costs of labor agreements with State unions patterned on the labor contract ratified by the PEF membership in December 2016. The Financial Plan assumes State agencies will reduce spending by \$500 million through cost-control measures.⁶ Agency spending in the General Fund is affected by the reclassification to capital projects funds of certain personnel expenses related to the maintenance and preservation of State assets. In addition, operating costs for many agencies are charged to several funds, as well as affected by offsets and accounting reclassifications.

Disbursements for General State Charges, which account for fringe benefits and certain fixed costs, are expected to total \$5.7 billion in FY 2018, an increase of \$250 million (4.6 percent) over the current year. Health insurance costs for State employees and retirees are expected to increase by 8 percent, mainly due to increases in premiums. The State's annual pension payment is expected to increase by 3.4 percent. The State's gross costs for Workers' Compensation increased by 17.4 percent, which is impacted in part by the use of available balances from the State Insurance Fund (SIF) in FY 2017 and FY 2018.

General Fund transfers to other funds are estimated to total \$9.8 billion in FY 2018, an increase of \$1.3 billion from FY 2017. Transfers for capital projects (excluding transfers funded with monetary settlements) increase by \$1.4 billion, reflecting the timing of reimbursement from bond proceeds and planned disbursements from the DHBTF. Debt service transfers increase by \$19 million, mainly due to year-to-year differences in the amount of debt service paid in one fiscal year but due in the following fiscal year. Absent the year-to-year impact of advance payments, debt service spending is projected to increase by roughly 1.8 percent from FY 2017.

General Fund disbursements are affected by the level of financing sources available in other funds, transfers of balances between funds of the State, and other factors that may change from year to year. For a more comprehensive discussion of the State's disbursements projections by major activity, presented on a State Operating Funds basis, see "State Financial Plan Projections Fiscal Years 2017 through 2021" herein.

⁶ See "FY 2018 Detailed Gap-Closing Plan" herein.

Closing Balance for FY 2018

DOB projects that the State will end FY 2018 with a General Fund cash balance of \$5.9 billion, a decrease of \$1.3 billion from FY 2017. The General Fund cash balance excluding settlements is estimated at \$2.7 billion, or \$289 million higher than FY 2017. The change reflects the planned deposit to the Rainy Day Reserve Fund (\$150 million) and setting aside funds for potential retroactive salary increases (\$155 million), partly offset by the planned use of resources in the Community Projects Fund (\$16 million).

Balances in the State’s principal "rainy day" reserves, the Tax Stabilization Reserve Fund and the Rainy Day Reserve Fund, are expected to increase in FY 2018 after a planned deposit of \$150 million from monetary settlements.

The Executive Budget Financial Plan maintains a reserve of \$500 million for debt management purposes in FY 2018, unchanged from the level held at the end of FY 2017. DOB will decide on the use of these funds based on market conditions, Financial Plan needs, and other factors.

The balance from monetary settlements at the close of FY 2018 is expected to total \$3.2 billion, a decrease of \$1.6 billion from FY 2017. The decrease reflects the expected disbursements and uses for initiatives funded with settlements. (See "Uses of Monetary Settlements" herein.)

EXECUTIVE BUDGET SURPLUS/(GAP) ESTIMATE (Before)¹	0	(1,773)	(2,661)	(1,781)
ADHERENCE TO 2% SPENDING BENCHMARK (After)³	n/a	2,465	4,753	6,741
EXECUTIVE BUDGET SURPLUS/(GAP)	0	692	2,092	4,960

¹ Before actions to adhere to the 2 percent benchmark.

² The FY 2018 Executive Budget proposes converting the NYC PIT credit to a nonrefundable State PIT credit. This change has no impact on the STAR benefits received by homeowners; it will decrease reported disbursements for STAR and decrease reported PIT receipts by an identical amount. See "STAR Program" in "State Financial Plan Projections Fiscal Years 2017 through 2021" herein.

³ Savings estimated from limiting annual spending growth in future years to 2 percent (calculation based on current FY 2017 estimate). The Governor is expected to propose, and negotiate with the Legislature to enact, a Budget in each fiscal year that restricts State Operating Funds spending growth to 2 percent. The "Surplus/(Gap)" estimate assumes that all savings from holding spending growth to 2 percent are made available to the General Fund.

Spending Changes

Agency Operations

Operating costs for State agencies include salaries, wages, fringe benefits, and non-personal service costs (e.g., supplies, utilities). Reductions from current-services projections for agency operations contribute \$624 million to the General Fund gap-closing plan. Specifically:

- **Executive Agencies:** The Budget proposes to hold agency spending flat with limited exceptions, such as DOH costs attributable to the NYSOH marketplace and the EP program. Agencies are expected to continue to use less costly forms of service deliveries, improve administrative practices, and pursue statewide solutions, including the utilization of Lean initiatives to streamline operations and management. The Budget also includes savings from the continued transition of individuals from mental hygiene institutions to appropriate community settings. In addition, approximately 3,000 Full-Time Equivalent (FTEs) whose titles are associated with the maintenance, preservation and/or operation of facilities will now be paid from the State Capital Projects Fund. This realignment has no net impact on General Fund operations, but reduces disbursements in State Operating Funds.

Spending increases in the later years of the Financial Plan are driven mainly by revised spending assumptions across multiple agencies to account for inflationary cost increases, an additional administrative payroll in FY 2021, and higher Medicaid administration expenses expected to support the NYSOH insurance exchange as available Federal funding expires.

- **Agency Financial Management Plans:** All Executive agencies will be required to implement cost-control measures on a recurring basis, starting in FY 2018. The Executive Budget includes \$500 million in annual savings that is expected to be allocated to agencies at a future date as agency management plans are completed. Agency plans must preserve funding for mission critical efforts and strategic initiatives with agencies identifying cost efficiencies and reducing State Operating Funds spending in FY 2018.
- **New York Power Authority (NYPA) Repayment Agreement:** The State and NYPA expect to modify the annual payment schedule to NYPA by extending the terms through 2023, resulting in \$193 million in expected savings in FY 2018.
- **Fringe Benefits/Fixed Costs:** Pension estimates reflect the planned payment of the full FY 2018 Employees' Retirement System (ERS)/Police and Fire Retirement System (PFRS) pension bill in April 2017, rather than on a monthly basis. Health insurance savings are expected from the proposed elimination of the Income-Related Monthly Adjustment Amount (IRMAA) reimbursement for high income New York State Health Insurance Program (NYSHIP) enrollees, maintaining reimbursement of the standard Medicare Part B premium at December 2016 levels, and implementing differential healthcare premiums

based on years of service for new civilian retirees with less than thirty years of service, similar to the calculation for pension benefits. Costs would be proportionately greater for new retirees with ten years of service, and gradually decrease until they are no different from current levels once an individual reaches 30 years of service.

The Financial Plan reflects the continued use of resources available in the SIF to offset the cost of Workers' Compensation claims. These resources are expected to reduce spending by \$210 million in FY 2017 and \$205 million in FY 2018. In addition, the Budget also proposes reforming the interest charged on judgments against the State from 9 percent to a fair-market interest rate. The existing rate is out of line with any reasonable interest rate benchmark, and the recommended rate is based on what is used in Federal courts.

- **Judiciary:** The Budget reflects the Judiciary's request to increase operating support, including the addition of 200 non-judicial positions in support of trial court operations and temporary service funding for acting city, town and village justices.
- **Legislature:** The Budget reflects the Legislature's request to increase operating costs by 3 percent, including increased personal service costs and equipment.
- **Potential Labor Agreements (Executive Agencies):** Since the Mid-Year Financial Plan Update, the New York State PEF ratified a three-year labor contract. The agreement provides for a 2 percent annual increase in general salary for FY 2017, FY 2018, and FY 2019. DOB expects the Legislature will approve legislation to implement the agreement, and a comparable increase for M/C employees, adding costs of roughly \$90 million in the first year, \$180 million in the second year, and \$275 million in each year thereafter. The Financial Plan identifies \$90 million in the General Fund balance available for potential salary increases in FY 2017.

The State has also reached tentative agreements with the union representing the State University of New York (SUNY) Graduate Assistants that includes the same three-year deal as PEF, and with the New York State Correctional Officers and Police Benevolent Association (NYSCOPBA) on a five-year agreement that provides for a 2 percent annual increase in general salary for FY 2017 through FY 2021 coupled with compensation increases unique to uniformed officers, that are funded by recurring health insurance and overtime savings. The State is in active negotiations with its other employee unions whose contracts concluded in FY 2016, including the Civil Service Employees Association (CSEA) and the United University Professions (UUP). The State is prepared to negotiate fiscally responsible successor agreements with all State employee unions.

For planning purposes, the Financial Plan includes an estimate of Executive agency costs assuming the PEF contract terms were applied to all unions. DOB estimates it would result in General Fund costs of roughly \$200 million in the first year of the contract, \$385 million in the second year, and \$600 million in the third year and each year thereafter. These estimated costs include the cost of the tentative PEF and M/C agreements discussed above. At this time, DOB expects that any future settlements will likely be paid in FY 2018, and has adjusted the Financial Plan accordingly, with first-year contract costs for other unions occurring in FY 2018. The following table summarizes the costs of potential labor agreements included in the Financial Plan for Executive agencies.

GENERAL FUND POSSIBLE COSTS OF LABOR AGREEMENTS FOR EXECUTIVE AGENCIES (millions of dollars)			
	PEF/MC	Other ¹	Cost
Year 1	90	0	90
Year 2	180	316	496
Year 3	275	328	603
Total	545	644	1,189

¹ Assumes the PEF contract is extended to other unions.

In February 2017, the State received \$425 million fine from Deutsche Bank. The Financial Plan proposes reserving \$155 million of the fine to fund the potential first-year costs of potential labor agreements with employees patterned on the PEF contract. This is in addition to the \$90 million in cash on hand in the General Fund that is expected to be used to fund the PEF and M/C agreements in FY 2017. The combined total is expected to be sufficient to cover the first year costs of all agencies.

Local Assistance

Local assistance spending includes financial aid to local governments and nonprofit organizations, as well as entitlement payments to individuals. Reductions from the prior projections for local assistance spending are expected to generate \$1.6 billion in General Fund savings.⁷ Savings are expected from both targeted actions and continuation of prior-year cost containment. Specifically:

- Health Care:** The Medicaid Budget will include an additional \$382 million for non-DOH Medicaid expenses within the Global Cap. To achieve savings within the Global Cap, DOH will continue to implement various Medicaid Redesign Team (MRT) actions to improve the efficiency and effectiveness in delivery of the statewide Medicaid program, including proposals to collaborate with New York City to increase Medicaid claiming levels for school supportive health services; the establishment of a benchmark price for high cost pharmaceuticals; and an increase to the costs shared by certain beneficiaries within the EP program, whereby such individuals would be required to contribute a monthly premium indexed to grow annually to the rate of the medical component of the CPI.

⁷ Local assistance includes payments for School Aid, STAR, Medicaid, public assistance, child welfare, local government assistance and a range of other purposes.

In FY 2018, bonds issued in 2003 that were secured by annual payments under the MSA with tobacco manufacturers will be fully retired. DOB expects that MSA payments of approximately \$125 million in FY 2018 and \$400 million annually thereafter will be available for State purposes. The Executive Budget proposes using the payments to help defray a portion of the costs of the State's takeover of Medicaid costs borne by counties and New York City, one of the State's most important local government mandate relief measures enacted in recent years. The State takeover, in which local Medicaid costs are capped at county year 2015 levels, began in FY 2015 and is expected to cost the State \$735 million in FY 2018, growing to \$917 million in FY 2019. The use of the MSA payments to fund a portion of these costs will have no impact on total funding for the Medicaid program, but will reduce reported State Funds Medicaid spending.

Other health care savings include initiatives to consolidate similar public health programs into four discrete pools, providing increased flexibility to support ongoing public health programs or new investments to meet new or emerging public health priorities (\$25 million annually); require third-party insurers to pay for Early Intervention (EI) to help expedite the timeliness and amount of provider payments, while decreasing State costs (\$4 million in FY 2018, and \$14 million annually beginning in FY 2019); and reduce the General Public Health Work (GPHW) Reimbursement to NYC (from 36 percent to 29 percent) (\$11 million in FY 2018, and \$22 million beginning in FY 2019). The availability of additional Federal funds for the NYSOH Qualified Health Plan (QHP) will offset State costs by \$17 million in FY 2018.

The Financial Plan also includes an upward revision of \$90 million to estimated HCRA resources including additional surcharge revenue based on receipts collections to date, and additional covered lives revenue. It also includes a three-year extension of funding for the Statewide Health Information Network for New York (SHIN-NY)/All-Payer Claims Databases (APCD) infrastructure development initiative.

- **Education:** A lower-than-projected Personal Income Growth Index (PIGI) results in reduced School Aid spending growth based upon the School Aid formula. The actual SY 2018 PIGI will be 3.9 percent, compared to the previously estimated 4.5 percent, generating multi-year savings. In addition, updates to the School Aid database indicate a decline in SY 2017 aid compared with FY 2017 Enacted Budget estimates. Similarly, special education programs and grant-based awards for School Aid are spending more slowly than anticipated.
- **Higher Education:** The expected sale of certain CUNY capital assets will result in available resources to partially offset State support for CUNY.
- **Human Services:** Savings reflect the use of Federal Title XX funding sources to reduce General Fund spending for the Office of Children and Family Services (OCFS) Child Care subsidies. They also reflect savings generated by restructuring the financing approach for foster care tuition and residential school placements of children with special needs in New York City, and reducing the State's Foster Care Block Grant reimbursement to a 50 percent share of net Federal Funding. Funding has also been added for increased

public assistance costs, which include providing safety net benefits for immigrants with Temporary Protected Status, pursuant to litigation filed against the State. Such status is granted to noncitizens residing in the United States whose home countries have experienced natural disasters or are involved in armed conflict.

- **Mental Hygiene:** Spending revisions reflect updated assumptions and revised timelines for ongoing transformation efforts in the mental hygiene service delivery system, and the Federal government's extension of the Balancing Incentive Program (BIP). The Office for People with Developmental Disabilities (OPWDD) will maximize Federal reimbursement by aligning services such as Family Support Services to meet Medicaid eligibility and only provide supplemental support for other Medicaid-eligible programs.
- **STAR:** The Executive Budget proposes a conversion of the rate reduction benefit to a nonrefundable New York State PIT credit for New York City taxpayers. This change has no effect on the value of the STAR benefit, but eliminates the need for New York City to make payments in the first instance and be reimbursed by the State. In addition, the Budget proposes freezing the exemption benefit, rather than allowing it to increase by up to 2 percent. Other savings include mandating enrollment in the Income Verification Program beginning in FY 2018.
- **All Other:** Savings are expected as a result of updated program and grant spending across a number of areas, including the elimination of the planned FY 2018 0.8 percent human services cost-of-living increase; utilization of available Mortgage Insurance Fund (MIF) resources to fund housing and homelessness programs; and spending revisions based on utilization trends in other local assistance programs.

Capital Projects/Debt Management

- The Budget provides a consistent approach for funding the costs of employees who maintain and preserve State assets in the capital budget. Agencies have been accounting for these costs differently for years, with some capturing the expenses in their capital budget, while others reflect them in their operating budgets. Beginning in FY 2018, approximately 3,000 FTEs whose job duties are related to the maintenance, preservation, and operation of facilities (e.g., Plant Utilities Engineers, General Mechanics, Electricians, etc.) will be paid from capital projects funds. This spending reclassification provides a more accurate accounting of the total cost to maintain and operate the State's capital assets. Accordingly, the FY 2018 Executive Budget reflects an increase of \$227 million in personal service and related costs in the capital budget.
- FY 2018 debt service savings reflect the payment of \$280 million of FY 2018 expenses in FY 2017, as well as expected refundings, continued use of competitive bond sales, and other debt management actions.

Initiatives/Investments/New Costs

- **Excelsior Scholarship:** The proposed scholarship program will allow students of families making up to \$125,000 per year to attend college tuition-free at all public universities in New York State.
- **Juvenile Justice Reform (“Raise the Age”):** The Executive Budget includes legislation to raise the age of juvenile jurisdiction from age 16 to 18 by January 1, 2020. Pursuant to Executive Order 150, issued in December 2015, all 16 and 17 year old non-violent criminal offenders held by the State were moved from general prison populations to the Hudson Correctional Facility. This facility, under a plan implemented by the Department of Corrections and Community Supervision (DOCCS), OCFS, and the Office of Mental Health (OMH), provides specialized programs of treatment geared for younger offenders.
- **Indigent Legal Services:** The Governor is expected to introduce a plan to reform the State’s indigent criminal defense system in early 2017.
- **DREAM Act:** The proposed DREAM Act extends student financial assistance to undocumented immigrant students pursuing higher education in New York.

All Other: The Executive Budget includes additional gaming aid for Madison County,⁸ as well as additional funding to support Taste NY; the Hudson River Lesbian, Gay, Bisexual and Transgender (LGBT) Memorial; water quality aid for the City of Newburgh; and debt service costs for new bond-financed capital initiatives. In addition, funding has been added to provide for the timelier processing of sexual offense evidence kits⁹ submitted by New York State law enforcement agencies to the State Police's forensic lab. The Budget also includes funding to support a new Cyber Incident Response Team to provide cybersecurity support to State entities, local governments, infrastructure, and schools.

⁸ When the State, the Oneida Nation, and affected counties signed the 2013 agreement establishing local government gaming host aid, the Oneida Nation casino that opened in Madison County in 2015 was not envisioned and thus Madison County will now receive a redistribution of gaming aid.

⁹ Sexual Offense Evidence Kit Bill (Chapter 500 of the Laws of 2016) was signed by the Governor on November 28.

Resource Changes

- **Tax Revisions:** The multi-year tax receipts forecast reflects downward revisions based on recent collection experience and an updated economic forecast.
- **NYC STAR PIT Rate Reduction Benefit Conversion:** The proposal to convert the rate reduction benefit to a nonrefundable New York State PIT credit for New York City taxpayers with incomes below \$500,000 will not affect STAR benefits, but will result in lower General Fund tax collections. This action is consistent with the conversion of the NYC STAR PIT credit from a NYC credit to a State credit in the FY 2017 Enacted Budget.
- **Public Safety Communications Surcharge:** The Public Safety Communications Surcharge is expanded to prepaid purchases, with devices priced at or below \$30 subject to a 60 cent surcharge and those above \$30 subject to a \$1.20 surcharge. Currently, mobile plan subscribers pay \$1.20 per month. Local governments that currently impose the surcharge on contracts can opt in for a 30 cent surcharge on all retail devices. This surcharge supports the State's public safety activities and funds the Statewide Interoperable Communications Operations Grant Awards (SICG) program.
- **Other Resource Changes:** Other changes include updated estimates of various miscellaneous receipts and transfers from other funds and reimbursement for Mental Hygiene services in excess of debt service spending, and a reduction across Financial Plan categories, reflecting the refinement of cautious estimates included in the Financial Plan to create an informal reserve against risks. In addition, the Budget proposes increasing fees for a new automobile title from \$50 to \$75, and for duplicate title from \$20 to \$40 (to adjust for inflation); and the establishment of a special license to sell craft beverages along with food and souvenir items at certain Taste-NY stores.

Tax Actions

- **Extend the PIT Top Bracket:** The current income tax rate for high-income earners would be extended for three years, through calendar year 2020. The current rate has been in place since January 1, 2012, when the top rate was cut from 8.97 percent to 8.82 percent.
- **High Income Charitable Contribution Deduction:** The Executive Budget makes permanent the existing charitable contribution deduction limitation of 25 percent. Currently scheduled to expire at the end of tax year 2017, the limitation on tax deductions for State and New York City taxpayers with adjusted gross income over \$10 million has had no noticeable impact on charitable giving.

- **Child and Dependent Care Credit:** The Budget increases middle class benefits under the New York State Child and Dependent Care Credit. This credit provides households who qualified for the Federal Child and Dependent Care Credit the ability to claim a percentage of the Federal credit on their State income taxes. The Budget increases the benefit by an average of 123 percent for tax filers with New York Adjusted Growth Income (AGI) between \$50,000 and \$150,000. For a family with an income of \$70,000 and child care costs of \$3,000, the expansion of this credit will lower out-of-pocket childcare expenses by \$240.
- **Online Sales Tax Collection:** Online providers such as Amazon and eBay supply a marketplace for sellers from outside of the online provider to sell their products to consumers. Currently, such outside sellers are required to collect sales tax from New York residents if the seller is located in New York. Many marketplace providers agree to collect the tax for the outside seller in this instance. The Executive Budget requires a marketplace provider to collect the tax when it facilitates the sale to residents, whether the seller is located within, or outside, New York.
- **Warrantless Wage Garnishment:** The Executive Budget makes permanent the authorization for Department of Taxation and Finance (DTF) to garnish wages of delinquent taxpayers without filing a warrant with the Department of State (DOS) or County Clerks. The current program, set to expire on April 1, 2017, has been successful in eliminating the unfunded mandate on counties to receive warrants from DTF. Similarly, the program is taxpayer-friendly, since warrants appear on an individual's credit report for seven years, even if the delinquency has been resolved.
- **Taxation of Cigars:** The Executive Budget replaces the current distributor level percentage tax on large cigars with a 45 cent per cigar flat tax. The current tax structure, which is the result of litigation, has resulted in revenue losses and relies on an industry pricing survey to determine the tax on a product produced by the same industry.
- **Other Actions:** The Budget includes other tax credits/extensions, enforcement initiatives and tax code reforms. These include the extension of the Empire State Film and Post-Production Tax Credits for three years; renaming the Urban Youth Jobs Program to the New York Youth Jobs Program and extending the tax credit for five years to 2022; precluding State agencies and authorities from hiring new employees who are delinquent in their State tax obligations; preventing the evasion of the State's real estate transfer tax for real property in excess of \$1 million; and closing tax loopholes associated with nonresident activities related to co-ops, asset sales, and business purchases.

Cash Flow

The State authorizes the General Fund to borrow money temporarily from available funds held in the Short-Term Investment Pool (STIP). Money may be borrowed for up to four months, or to the end of the fiscal year, whichever period is shorter. The State last used this authorization in April 2011 when the General Fund needed to borrow funds from STIP for a period of five days. The amount of resources that can be borrowed by the General Fund is limited to the available balances in STIP, as determined by the State Comptroller. Available balances include money in the State’s governmental funds and a relatively small amount of other money belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money obligated for debt service payments.

DOB expects that the State will have sufficient liquidity in FY 2018 to make all planned payments as they become due. The State continues to reserve money on a quarterly basis for debt service payments that are financed with General Fund resources. Money to pay debt service on bonds secured by dedicated receipts, including PIT bonds and Sales Tax bonds, continues to be set aside as required by law and bond covenants.

ALL FUNDS MONTH-END CASH BALANCES

Monetary Settlements

From FY 2015 through FY 2017, DOB estimates that the State will have received a total of \$9.9 billion in monetary settlements for violations of State laws. Since the Mid-Year Financial Plan Update, DOB has increased the estimate of payments expected from monetary settlements by \$709 million pursuant to settlements with Deutsche Bank (\$425 million), Intesa SanPaolo (\$235 million), PHH Mortgage (\$28 million), Deutsche Bank (\$19 million), and higher than assumed resources from Volkswagen (\$2 million)¹⁰. See “Financial Plan Tables and Accompanying Notes, Note 15: List of Settlements Received” herein.

The following table lists the settlements by firm and amount.

SUMMARY OF RECEIPTS OF SETTLEMENTS BETWEEN REGULATORS AND FINANCIAL INSTITUTIONS (millions of dollars)				
	<u>FY 2015</u>	<u>FY 2016</u>	<u>FY 2017</u>	<u>Total</u>

Other Settlements	7	0	(7)	0

¹⁰ The settlement from Volkswagen was initially expected to total \$30 million, as reflected in the FY 2017 First Quarterly Financial Plan Update. The actual payment received in November 2016 totaled \$31.8 million or roughly \$2 million more than expected.

Uses of Monetary Settlements

The Executive Budget Financial Plan reflects the Executive's intention to continue applying the majority of the settlements to fund capital investments and nonrecurring expenditures. The FY 2017 Enacted Budget Financial Plan reflected the authorized transfer of \$6.5 billion in monetary settlements over a five-year period to DIIF to finance various appropriated purposes (\$6.4 billion), and to the Environmental Protection Fund (EPF) (\$120 million). See "Financial Plan Tables and Accompanying Notes, Note 16: List of Settlement Uses" herein.

The FY 2018 Executive Budget recommends allocating an additional \$1.8 billion in unbudgeted monetary settlements to support the following measures:

- **Buffalo Billion Phase II (\$400 million):** The Executive Budget invests \$400 million as part of an overall \$500 million commitment to support the second phase of the Buffalo Billion. The goal of the second phase is to energize entrepreneurship and innovation; activate the lake and river waterfront to attract tourists and residents; revitalize the urban core, with a focus on the East Side, and the downtown cores of cities, towns and villages in Greater Buffalo; target investment in key transportation infrastructure projects; ensure inclusive economic growth, particularly by targeting and connecting workforce development and educational opportunities to engines of job growth; and attract regional, national, and international companies in life sciences, technology, and advanced manufacturing with sustainable development that makes Buffalo a world-class city.
- **Transportation (\$270 million):** The amended budget invests an additional \$270 million in the DOT capital plan for infrastructure and facility improvements.
- **Security and Emergency Response Preparedness (\$203 million):** The budget commits \$203 million over the next four years to continue counter-terrorism efforts in New York City including increased security and anti-terror exercises at nine Metropolitan Transportation Authority (MTA)-operated bridges and tunnels and to sustain the increased deployment of National Guard at transportation hubs that began in September 2014.
- **Health Care Capital Grants (\$200 million):** The Budget proposes \$500 million in new health care capital grants, of which \$200 million will be funded from monetary settlements.
- **Downtown Revitalization (\$100 million):** The Budget provides an additional \$100 million for the Downtown Revitalization Initiative to fund housing, economic development, transportation, and community projects to attract and retain residents, visitors, and businesses to downtowns. The existing program provides \$100 million to ten communities that are currently experiencing population loss and/or economic decline to develop revitalization plans for their downtown areas, developed in collaboration with policy and planning experts. The Budget proposes to expand this initiative by providing an additional \$100 million for ten new communities, bringing the total program funding to \$200 million.

- **Life Sciences (\$300 million):** The Budget commits \$300 million from monetary settlement funds to support the State's multi-year \$650 million Life Sciences Initiative. The State will provide \$200 million to support state-of-the-art laboratory space, equipment, and technology. Furthermore, \$100 million will be provided in investment capital for early stage life science firms, which is expected to be matched by private sector partners.
- **DMNA Armories (\$20 million):** The Executive Budget includes \$20 million for improvements to armories and readiness centers. This will allow the State to maintain these facilities in a state of good repair, and to best position the New York National Guard to respond as emergencies arise across the State.
- **First-Year Costs of Potential Labor Agreements:** The Financial Plan proposes reserving \$155 million of the fine to fund the first-year costs of potential labor agreements with employees patterned on the PEF contract. This is in addition to the \$90 million in cash on hand in the General Fund that is expected to be used to fund the PEF and M/C agreements in FY 2017. The combined total is expected to be sufficient to cover the first year costs of all agencies.
- **Rainy Day Fund Deposit (\$150 million):** The Budget proposes to deposit \$150 million to the Rainy Day Fund in FY 2018, if fiscal conditions permit.

As reflected in the table below, \$850 million was used to resolve Federal OPWDD disallowances in FY 2016. In addition, a portion of the monetary settlements has been used for General Fund operations, as well as costs of the Department of Law’s Litigation Services Bureau.¹¹

GENERAL FUND SUMMARY OF RECEIPTS AND USE/TRANSFER OF FUNDS FROM SETTLEMENTS BETWEEN REGULATORS AND FINANCIAL INSTITUTIONS (millions of dollars)									
	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	Total

DOB expects to use monetary settlements received to date to fund projects and activities over several years, allowing the State to carry a large cash balance by historical standards in the General Fund. The State plans to use the idle balances to make cash advances for certain capital programs in FY 2017 (\$1.3 billion) to be repaid in FY 2018 and another advance in FY 2018 (\$500 million) to be repaid in FY 2019. The cash advances are expected to be reimbursed fully with bond proceeds by the end of FY 2019. These bond-financed programs include higher education, economic development, and transportation programs.

¹¹ The windfall of monetary settlements began after the enactment of the FY 2015 budget. Accordingly, the multi-year Financial Plans prior to the windfall had assumed the annual receipt of monetary settlements based on historical patterns.

Other Matters Affecting the Financial Plan

General

The State's Executive Budget Financial Plan is subject to complex economic, social, financial, political, and environmental risks and uncertainties, many of which are outside the ability of the State to control. DOB believes that the projections of receipts and disbursements in the Executive Budget Financial Plan are based on reasonable assumptions, but there can be no assurance that actual results will not differ materially and adversely from these projections. In certain fiscal years, actual receipts collections have fallen substantially below the levels forecasted. In addition, projections in future years are based on the assumption that annual growth in State Operating Funds spending is limited to 2 percent, and that all savings that result from the 2 percent limit will be made available to the General Fund.

DOB routinely executes cash management actions to manage the State's large and complex budget. These actions are intended for a variety of purposes that include improving the State's cash flow, managing resources within and across fiscal years, assisting in the adherence to spending targets, and better positioning the State to address future risks and unanticipated costs, such as economic downturns, unexpected revenue deterioration, and unplanned expenditures. As such, the State regularly makes certain payments above those initially planned, to maintain budget flexibility. All payments made above the planned amount are reflected in the year they occur.

The Executive Budget Financial Plan is based on numerous assumptions, including the condition of the State and national economies, and the concomitant receipt of economically sensitive tax receipts in the amounts projected. Other uncertainties and risks concerning the economic and receipts forecasts include the impacts of: national and international events; ongoing financial instability in the Eurozone; changes in consumer confidence, oil supplies and prices; cybersecurity attacks, major terrorist events, hostilities or war; climate change and extreme weather events; Federal statutory and regulatory changes concerning financial sector activities; changes concerning financial sector bonus payouts, as well as any future legislation governing the structure of compensation; shifts in monetary policy affecting interest rates and the financial markets; financial and real estate market developments which may adversely affect bonus income and capital gains realizations; the effect of household debt on consumer spending and State tax collections; and the outcome of litigation and other claims affecting the State.

The Executive Budget Financial Plan is subject to various uncertainties and contingencies relating to: wage and benefit increases for State employees that exceed projected annual costs; changes in the size of the State's workforce; the realization of the projected rate of return for pension fund assets and current assumptions with respect to wages for State employees affecting the State's required pension fund contributions; the willingness and ability of the Federal government to provide the aid expected in the Executive Budget Financial Plan; the ability of the State to implement cost reduction initiatives, including reductions in State agency operations, and the success with which the State controls expenditures; and the ability of the State and its public authorities to market securities successfully in the public credit markets. Some of these issues are described in more detail herein. The projections and assumptions contained in the Executive Budget Financial Plan are subject to revisions which may result in substantial change. No assurance can be given that these estimates and projections, which depend in part upon actions the State expects to be taken but which are not within the State's control, will be realized.

Budget Risks and Uncertainties

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid; delays in or suspension of capital maintenance and construction; extraordinary financing of operating expenses; or other measures. In some cases, the ability of the State to implement such actions requires the approval of the Legislature and cannot be implemented solely by action of the Governor.

The Executive Budget Financial Plan projections for the outyears assume School Aid and Medicaid disbursements will be limited to the annual growth in NYS personal income, and the ten-year average growth of the medical component of the CPI, respectively. However, the budgets enacted for FYs 2014 through FY 2017 authorized spending for School Aid to increase above personal income growth. The FY 2018 Executive Budget Financial Plan reflects a 3.9 percent School Aid increase, equal to the personal income indexed rate.

State law grants the Commissioner of Health certain powers and authority to maintain Medicaid spending levels assumed in the Executive Budget Financial Plan. Over the past five years, DOH State Funds Medicaid spending levels have remained at or below indexed levels without requiring the Commissioner to exercise this authority. However, Medicaid program spending is sensitive to a number of factors including fluctuations in economic conditions, which may increase caseload. The Commissioner's powers are intended to limit the rate of annual growth in DOH State Funds Medicaid spending to the levels estimated for the current fiscal year, through actions which may include reducing rates to providers. However, these actions may be dependent upon timely Federal approvals and other elements of the program that govern implementation. It should further be noted that the Medicaid Cap, which is indexed to historical CPI Medical trends, applies to State Operating Funds and therefore, General Fund spending remains sensitive to revenue performance in the State's HCRA fund (which finances approximately one-quarter of the DOH State-share costs of Medicaid).

The forecast contains specific transaction risks and other uncertainties including, but not limited to: receipt of certain payments from public authorities; receipt of miscellaneous revenues at the levels expected in the Executive Budget Financial Plan, and achievement of cost-saving measures including, but not limited to, transfer of available fund balances to the General Fund at levels currently projected. Such risks and uncertainties, if they were to materialize, could adversely impact the Executive Budget Financial Plan in current or future years.

The Executive Budget Financial Plan is also predicated upon certain proposals and changes that affect annual spending growth in State Operating Funds, including the realignment of certain operating costs to the capital budget; the movement of certain operating costs to off-budget accounts; and the restructuring of the STAR program such that the spending for certain benefits is instead provided in the form of a tax credit. If these and other transactions are not implemented as planned, this could add upward pressure to the level of annual spending growth in State Operating Funds, which the Executive Budget proposes be held to less than 2 percent in FY 2018.

In developing the Executive Budget Financial Plan, DOB attempts to mitigate the financial risks from volatility, litigation, and other unexpected costs, with a particular emphasis on the General Fund. It does this by, among other things, exercising caution when calculating total General Fund disbursements, and managing the accumulation of financial resources that can be used to offset new costs (including, but not limited to, fund balances not needed in a given year, acceleration of tax refunds above the level budgeted in a given year, and prepayment of expenses). There can be no assurance that the tools available to mitigate risks are sufficient to address risks that may materialize in a given fiscal year.

Federal Issues

The State receives a substantial amount of Federal aid for health care, education, transportation, and other governmental purposes, as well as Federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this Federal aid are subject to change under the current presidential administration and Congress. Current financial projections concerning Federal aid, and the assumptions on which they are based, are subject to revision in future Financial Plan updates as more information becomes available about the proposals for health care, including amendments to the Affordable Care Act, infrastructure, taxation, the Budget Control Act of 2011 (as amended), and other issues that may arise.

Reductions in Federal funding levels could have a materially adverse impact on the Executive Budget Financial Plan. In addition, to the potential fiscal impact of policies that maybe proposed and adopted by the new administration and Congress, the Executive Budget Financial Plan may be adversely affected by other actions taken by the Federal government, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules.

Current issues of particular concern are described below.

Predictable Revenue Streams

The transition at the Federal level to a new administration and Congress has put in flux the flow of revenue for federally supported programs especially mandatory programs such as TANF and the Children's Health Insurance Program that are funded outside the Federal appropriations process and set to expire in Federal FY 2017. The Federal revenue streams supporting these programs, and others up for reauthorization, totaled more than \$42 billion nationally in FY 2016.

MRT Medicaid Waiver

The Federal Centers for Medicare & Medicaid Services (CMS) and the State have reached an agreement authorizing up to \$8 billion in new Federal funding, over several years, to transform New York's health care system and ensure access to quality care for all Medicaid beneficiaries. This funding, provided through an amendment to the State's Partnership Plan 1115 Medicaid waiver, is divided among the Interim Access Assurance Fund (IAAF), the Delivery System Reform Incentive Payment (DSRIP) Program, Health Homes, and various other Medicaid redesign initiatives.

Since January 1, 2014, in accordance with provisions of the ACA, New York State has been eligible for enhanced Federal Medical Assistance Percentage (FMAP) funding associated with childless adults. The DOH continues to work with the CMS, and to refine the eligibility data systems to draw the appropriate amount of enhanced FMAP. This reconciliation may result in a modification of payments to the State and local governments.

Federal Debt Ceiling

In October 2013, an impasse in Congress caused a temporary Federal government shutdown and raised concern for a time that the Federal debt ceiling would not be raised in a timely manner. Including the temporary suspension of the debt limit that ended that standoff in 2013, Congress has passed three suspensions of the debt limit since then, the most recent extending through mid-March of 2017.

A Federal government default on payments, particularly for a prolonged period, could have a materially adverse effect on the national and State economies, financial markets, and intergovernmental aid payments. The specific effects on the Executive Budget Financial Plan of a future Federal government default are unknown and impossible to predict. However, data from past economic downturns suggest that the State's revenue loss could be substantial if the economy goes into a recession due to a Federal default.

A payment default by the United States may adversely affect the municipal bond market. Municipal issuers, as well as the State, could face higher borrowing costs and impaired market access. This would jeopardize planned capital investments in transportation infrastructure, higher education facilities, hazardous waste remediation, environmental projects, and economic development projects. Additionally, the market for and market value of outstanding municipal obligations, including municipal obligations of the State, could be adversely affected.

ACA - Excise Tax on High-Cost Employer-Sponsored Health Coverage ("Cadillac Tax")

The "Cadillac Tax" is a 40 percent excise tax to be assessed on the portion of the premium for an employer-sponsored health insurance plan that exceeds a certain annual limit. The tax was passed into law in 2010 as a component of the Federal ACA. That law was amended in December 2015 to delay the effective date of the tax from calendar year 2018 to calendar year 2020. Final guidance from the Internal Revenue Service is pending. DOB has no current estimate as to the potential financial impact on the State from this Federal excise tax, however, at this point it is unclear if or how the tax will be changed as a result of ongoing health care reform discussions.

Current Labor Negotiations (Current Contract Period)

Legislation has been submitted to implement a three year collective bargaining agreement providing 2 percent annual increases (FY 2017, FY 2018, and FY 2019) for employees represented by PEF and comparable increases for M/C employees. This legislation has been passed by the Legislature and the Governor is expected to sign the bill before the end of FY 2017. The agreement with PEF follows the one-year retroactive labor agreement authorizing payment of a 2 percent general salary increase to members for the period April 1, 2015 through March 31, 2016. The Graduate Student Employees Union (GSEU) subsequently agreed to a similar three-year deal, which requires member ratification.

Most recently, the State and NYSCOPBA achieved agreement on a five-year labor contract through FY 2021, which is expected to be ratified on February 27. This agreement would provide for annual 2 percent general salary increases through FY 2021, and differentials typically received within the law enforcement community (e.g., Hazardous Duty Pay), the cost of which are offset by benefit design changes within NYSHIP and reductions in overtime costs.

The New York State Police Investigators Association (NYSPIA) achieved a multi-year collective bargaining agreement patterned after the State's 2015 legislative session deals with the State Police Troopers and Commissioned- and Non-Commissioned Officers. The enacted NYSPIA pay bill provides the same schedule of general salary increases provided to the Police Benevolent Association of the New York State Troopers (NYSPBA) members; specifically, a 2 percent general salary increase for each of FY 2015 and FY 2016, in their entirety, and a 1.5 percent general salary increase for each of FY 2017 and FY 2018, respectively.

The State is in active negotiations with all other employee unions whose contracts concluded in FY 2016, including CSEA, UUP, Council 82, and District Council 37 (DC-37 Housing). Negotiations also continue with the Police Benevolent Association of New York State (PBANYS), whose contract expired at the end of FY 2015. The State is prepared to negotiate fiscally responsible successor agreements with all of these unions.

On June 27, 2016, the CUNY Board of Trustees approved collective bargaining agreements between CUNY and unions representing almost all of the University's faculty and staff. For CUNY senior colleges, these agreements are estimated to cost approximately \$250 million for retroactive payments and \$150 million in ongoing annual costs. At the request of CUNY, the State expects to advance its planned payment of approximately \$250 million State support for CUNY senior colleges from October 2017 to June 2017, to make resources available for retroactive payments in the academic year ending June 2017.

Pension Amortization

Background

Under legislation enacted in August 2010, the State and local governments may amortize (defer paying) a portion of their annual pension costs. Amortization temporarily reduces the pension costs that must be paid by public employers in a given fiscal year, but results in higher costs overall when repaid with interest.

The State is required to begin repayment on each new amortization in the fiscal year immediately following the year in which the deferral was made. The full amount of each amortization, with interest, must be repaid within ten years, but the amount can be paid off sooner. The annual interest rate on each new amortization is determined by OSC, and is fixed for the entire term of the deferral. Legislation included in the FY 2017 Enacted Budget authorizes the State to prepay annual installments of principal associated with an amortization, prior to the expiration of the amortization repayment schedule, and thus be required to make the related interest payments only during the subsequent fiscal years associated with such prepayments. This option does not allow the State to extend the ten-year repayment schedule, nor does it allow for the interest rate initially applied to the amortization amount to be modified.

For amounts amortized in FY 2011 through FY 2016, the State Comptroller set interest rates of 5 percent, 3.75 percent, 3 percent, 3.67 percent, 3.15 percent and 3.21 percent, respectively. The normal annual employer contribution to the New York State and Local Retirement System (NYSLRS) is based on rates established by the NYSLRS Actuary using the annual fund valuation and actuarially prescribed policies and procedures. Employer contribution rates are established for both the ERS and PFRS. These rates are then applied to the State-employee salary base for each respective employee group. The State's normal annual contribution is the total bill, excluding payments for deficiency, group life, previous amortizations, incentive costs, administrative costs, and prior-year adjustments.

The amortization rates (i.e., the graded rates) for ERS and PFRS are determined by a formula enacted in the 2010 legislation. The respective graded rates always move toward their system's average normal rate by up to one percentage point per year. When the average normal rate is more than one percentage point greater than the graded rate, the use of the amortization program reduces the portion of the normal contribution that is payable immediately. The balance of the normal contribution may be amortized. However, when the graded rate equals or exceeds the normal average rate, amortization is not allowed. Additionally, when the graded rate is more than one percentage point greater than the average normal rate, the employer is required to pay the graded rate. Any additional contributions are first used to pay off existing amortizations. If all amortizations have been paid, any excess is deposited into a reserve account and used to offset future increases in contribution rates. The amortization threshold is projected to approximate the normal rate in upcoming fiscal years. Therefore, the Executive Budget Financial Plan no longer assumes amortization of State and the Office of Court Administration (OCA) pension costs beyond FY 2016.

For both the ERS and the PFRS, the following table provides: i) system average normal rates; and ii) amortization (graded) rates.

Fiscal Year (FY)	New York State Employees' Retirement System (ERS)		New York State Police and Fire Retirement System (PFRS)	
	System Average Normal Rates	System Graded Rates	System Average Normal Rates	System Graded Rates
	(GLIP Portion) ¹	(does not apply to GLIP)	(GLIP Portion)	(does not apply to GLIP)
2011	11.9 (0.4)	9.5	18.2 (0.1)	17.5
2012	16.3 (0.4)	10.5	21.6 (0.0)	18.5
2013	18.9 (0.4)	11.5	25.8 (0.1)	19.5
2014	20.9 (0.4)	12.5	28.9 (0.0)	20.5
2015	20.1 (0.4)	13.5	27.6 (0.1)	21.5
2016	18.2 (0.5)	14.5	24.7 (0.0)	22.5
2017	15.5 (0.4)	15.1	24.3 (0.0)	23.5
2018	15.3 (0.4)	14.9	24.4 (0.1)	24.3

¹ Group Life Insurance Plan (GLIP) portion reflected in parenthesis along with normal rates.

Outyear Projections

All projections are based on projected market returns and numerous actuarial assumptions which, if unrealized, could change these projections materially.

During FY 2016, the NYSLRS (ERS and PFRS) updated its actuarial assumptions based on the results of the 2015 five-year experience study. In September 2015, the System announced that employer contribution rates would decrease for FY 2017 and the assumed rate of return would be lowered from 7.5 percent to 7 percent. The salary scale assumptions were also changed — for ERS the scale was reduced from 4.8 percent to 3.8 percent, and for PFRS the scale was reduced from 5.4 percent to 4.5 percent.

The FY 2017 ERS/PFRS pension estimate of \$2.2 billion incorporates the most recent estimate prepared by OSC as of February 2017. This includes payment of prior amortizations totaling \$432 million and additional interest savings from paying the majority of the non-Judiciary and Judiciary pension bills in April 2016. Total payment estimates include both the non-Judiciary and Judiciary components, and reflect payment of the entire pension bill, with no additional amortization.

The pension estimate also reflects changes to military service credit provisions enacted during the 2016 legislative session (Chapter 41 of the Laws of 2016), allowing all veterans who are members of a New York State or Local Retirement System to receive extra pension credit for up to three years of military service if they were honorably discharged, have achieved five years of service in a public retirement system, and agree to pay the employee share of such additional pension credit. Costs to the State for employees in ERS will be incurred at the time each member purchases credit, as documented by OSC at the end of each calendar year, while costs for employees in PFRS will be distributed across system employers and billed on a two-year lag (e.g., FY 2017 costs will be billed starting in FY 2019). Additionally, under Section 25 of Retirement and Social Security Law (RSSL), the State is required to pay the ERS employer contributions associated with this credit on behalf of local governments. The State is also permitted to amortize the first year of past service costs associated with this credit; however, the State has not yet chosen this option as there would be an interest rate of 7 percent applied to

Other Matters Affecting the Financial Plan

this amortization. DOB currently estimates the cost to the State for ERS (including the costs covered for local ERS) to be \$77 million in FY 2017 based on actual credit purchased through December 31, 2016; \$100 million in FY 2018; \$79 million in FY 2019; and \$49 million in FY 2020. Additionally, the State expects ongoing annual costs of \$7 million beginning in FY 2021 as new cohorts of veterans become eligible to purchase the credit.

The preliminary FY 2018 ERS/PFRS pension estimate is impacted by FY 2016 investment returns of 0.2 percent, which was significantly below the Comptroller’s assumed rate of return (7 percent). However, the past year’s underperformance is expected to be offset by stronger investment returns in the previous four years and growth in the number of lower cost Tier 6 members. As a result, the average contribution rate for ERS will decrease slightly from 15.5 percent of payroll to 15.3 percent (a decrease of approximately 1.3 percent), while the average contribution rate for PFRS will increase slightly from 24.3 percent of payroll to 24.4 percent (an increase of approximately 0.4 percent).

The following table provides aggregate pension costs across all the various systems associated with State employees: i) ERS for both the Executive branch and Judiciary; ii) PFRS for the Executive; iii) Teachers’ Retirement System (TRS) for both SUNY and the State Education Department (SED); iv) Optional Retirement Program (ORP) for both SUNY and SED; and v) NYS Voluntary Defined Contribution Plan (VDC). Amortization (graded) rates, deferrals, and repayments are provided for ERS (Executive and Judiciary) and PFRS (Executive).

STATE PENSION COSTS AND AMORTIZATION SAVINGS (millions of dollars)						
Fiscal Year	Amortization Thresholds (Graded Rate)		Statewide Pension Payments ¹			Total Statewide Pension Payments
	ERS (%)	PFRS (%)	Gross Pension Costs	Amortization Amount	Repayment of Amortization ²	
2011	9.5	17.5	1,633	(250)	87	1,470
2012	10.5	18.5	2,140	(563)	119	1,696
2013	11.5	19.5	2,192	(779)	188	1,601
2014	12.5	20.5	2,744	(937)	279	2,086
2015	13.5	21.5	2,438	(713)	393	2,118
2016	14.5	22.5	2,189	(356)	392	2,225
2017	15.1	23.5	2,025	0	432	2,457
2018	14.9	24.3	2,108	0	432	2,540
2019	15.6	25.3	2,215	0	432	2,647
2020	16.6	26.3	2,329	0	432	2,761
2021	17.6	27.3	2,558	0	432	2,990

¹ Includes ERS, PFRS, TRS, ORP, and VDC.
² Includes repayment of amortization in SFY's 2005 and 2006.

The following table reflects projected pension contributions and amortizations exclusively for the Executive branch and Judiciary employees participating in the ERS and PFRS. The “Normal Costs” column shows the amount of the State’s pension cost prior to amortization, as authorized in 2010. The “(Amortized)/Excess Contributions” column shows amounts deferred (i.e., amortized) or payments of outstanding contingencies. The “Amortization Payments” column provides the amount paid in a given fiscal year (principal and interest on deferrals), as authorized in 2010. The “Total” column provides the State’s actual or planned pension contribution, net of amortization.

EMPLOYEE RETIREMENT SYSTEM AND POLICE AND FIRE RETIREMENT SYSTEM¹				
IMPACTS OF AMORTIZATION ON PENSION CONTRIBUTIONS				
(millions of dollars)

2029	2,696.2	0.0	0.0	2,696.2
2030	2,703.6	0.0	0.0	2,703.6
2031	2,709.3	0.0	0.0	2,709.3
2032	2,713.0	0.0	0.0	2,713.0

¹ Pension contribution values in this table do not include pension costs related to the Optional Retirement Program and Teachers' Retirement System for SUNY and SED, whereas the projected pension costs in other Financial Plan tables include such pension disbursements.

² Normal costs include payments from amortizations prior to FY 2011, which ended in FY 2016 as a result of early repayments.

Net Pension Liability

The State recognizes new Governmental Accounting Standards Board (GASB) Statement 68 (Accounting and Financial Reporting for Pensions), which replaces the requirements of GASB Statement 27 and GASB Statement 50, and is incorporated into the State's FY 2016 Basic Financial Statements. GASB Statement 68 requires governments providing defined pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The State's net pension liability related to the New York State and Local ERS and the New York State and Local PFRS, as reported in the State's financial statements for FY 2016, is \$1.6 billion (\$1.4 billion for the State; \$180 million for SUNY; and \$2 million for Lottery). GASB Statement 68 is not expected to alter DOB's Executive Budget Financial Plan projections for pension payments, and the DOB methodology for forecasting these costs over a multiyear period already incorporates factors and considerations consistent with the new actuarial methods and calculations required by the statement.

Other Post-Employment Benefits (OPEB)

State employees become eligible for post-employment benefits (e.g., health insurance) if they reach retirement while working for the State and are enrolled in NYSHIP, or are enrolled in the NYSHIP opt-out program, at the time they reach retirement and have at least ten years of eligible service for NYSHIP benefits. The cost of providing post-retirement health insurance is shared between the State and the retired employee. Contributions are established by law and may be amended by the Legislature. The State pays its share of costs on a Pay-As-You-Go (PAYGO) basis as required by law.

In accordance with GASB Statement 45, the State must perform an actuarial valuation every two years for purposes of calculating OPEB liabilities. As disclosed in Note 13 of the State's Basic Financial Statements for FY 2016, the State's Annual Required Contribution (ARC) represents the annual level of funding that, if set aside on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded liabilities of the plan over a period not to exceed 30 years. Amounts required but not actually set aside to pay for these benefits are accumulated, with interest, as part of the net OPEB obligation, after adjusting for amounts previously required.

As reported in the State's Basic Financial Statements for FY 2016, the unfunded actuarial accrued liability for FY 2016 is \$77.9 billion (\$63.426 billion for the State and \$14.427 billion for SUNY), an increase of \$494 million from FY 2015 (attributable entirely to SUNY). The unfunded actuarial accrued liability for FY 2016 used an actuarial valuation of OPEB liabilities as of April 1, 2014 for the State and for SUNY. These valuations were determined using the Frozen Entry Age actuarial cost method, and are amortized over an open period of 30 years using the level percentage of projected payroll amortization method. A significant portion of the annual growth in the State's unfunded actuarial accrued liability has been driven by the adoption of new generational mortality projection tables developed by the Society of Actuaries. The new tables reflect an improvement in life expectancy in future years resulting in increases to accrued liabilities and the present value of projected benefits. A portion of the annual growth has also been driven by expected increases in NYSHIP costs due to health care cost trends and utilization increases.

The actuarially determined annual OPEB cost for FY 2016 totaled \$4.2 billion (\$3.246 billion for the State and \$926 million for SUNY), an increase of \$1.166 billion from FY 2015 (\$959 million for the State and \$207 million for SUNY). The actuarially-determined cost is calculated using the Frozen Entry Age actuarial cost method, allocating costs on a level basis over earnings. The actuarially determined cost was \$2.567 billion (\$1.905 billion for the State and \$662 million for SUNY) greater than the cash payments for retiree costs made by the State in FY 2015. This difference between the State's PAYGO costs, and the actuarially determined ARC under GASB Statement 45, reduced the State's net asset condition at the end of FY 2017 by \$2.6 billion.

GASB does not require the additional costs to be funded on the State's budgetary (cash) basis, and no additional funding is assumed for this purpose in the Executive Budget Financial Plan. The State continues to fund these costs, along with all other employee health care expenses, on a PAYGO basis.

There is no provision in the Executive Budget Financial Plan to fund the ARC for OPEB. If the State began making a contribution, the additional cost above the PAYGO amounts would be lowered. However, it is not expected that the State will alter its current PAYGO funding practice.

The State is also currently examining GASB Statement 75 (Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions), which amends GASB Statement 45 and GASB Statement 57, and is expected to be incorporated into the State's FY 2019 financial statements. GASB Statement 75 will alter the actuarial methods used to calculate OPEB liabilities, standardize asset smoothing and discount rates, and require the unfunded net OPEB obligation to be reported by the State. The inclusions of the remaining balance of the unfunded OPEB liability is expected to significantly increase the State's total long-term liabilities and act to lower the State's overall net position.

GASB Statement 75 is not expected to alter the Executive Budget Financial Plan PAYGO projections for health insurance, as the DOB methodology for forecasting these costs over a multi-year period already incorporates factors and considerations consistent with the new actuarial methods and calculations required by the Statement. As a proposed fiscal reform measure, the Executive Budget includes legislation to establish a Retiree Health Benefit Trust Fund for the purpose of funding health benefits of retired employees and their dependents.

Litigation

Litigation against the State may include potential challenges to the constitutionality of various actions. The State may also be affected by adverse decisions that are the result of various lawsuits. Such adverse decisions may not meet the materiality threshold to warrant individual description but, in the aggregate, could still adversely affect the Executive Budget Financial Plan.

Storm Recovery

New York State continues to recover from the damage sustained during three powerful storms that crippled entire regions. In August 2011, Hurricane Irene disrupted power and caused extensive flooding to various New York State counties. In September 2011, Tropical Storm Lee caused flooding in additional New York State counties and, in some cases, exacerbated the damage caused by Hurricane Irene two weeks earlier. On October 29, 2012, Superstorm Sandy struck the East Coast, causing widespread infrastructure damage and economic losses to the greater New York region. The frequency and intensity of these storms present economic and financial risks to the State. Reimbursement claims for costs of the immediate response, recovery, and future mitigation efforts continue, largely supported by Federal funds. In January 2013, the Federal government approved approximately \$60 billion in Federal disaster aid for general recovery, rebuilding, and mitigation activity nationwide. It is anticipated that New York State, MTA, and New York State localities may receive approximately one-half of this amount for response, recovery, and mitigation costs. To date, a total of \$17 billion has been committed to repairing impacted homes and businesses, restoring community services, and mitigating future storm risks across New York State. There can be no assurance that all anticipated Federal disaster aid described above will be provided to the State and its affected entities over the coming years.

Climate Change Adaptation

Climate change poses long-term threats to physical and biological systems. Potential hazards and risks related to climate change for the State include, among other things, rising sea levels, more severe coastal flooding and erosion hazards, and more intense storms. Storms such as Superstorm Sandy, Hurricane Irene, and Tropical Storm Lee, have demonstrated vulnerabilities in the State's infrastructure (including mass transit systems, power transmission and distribution systems, and other critical lifelines) to extreme weather events, such as coastal flooding caused by storm surges. Significant long-term planning and investment by the Federal government, State, municipalities, and public utilities are expected to be needed for adapting existing infrastructure to climate change risks.

Financial Condition of New York State Localities

The financial demands on State aid may be affected by the fiscal conditions of New York City and potentially other localities, which rely in part on State aid to balance their budgets and meet their cash requirements. Certain localities outside New York City, including cities and counties, have experienced financial problems and have requested and received additional State assistance during the last several State fiscal years. In 2013, the Financial Restructuring Board for Local Governments was created to provide assistance to distressed local governments by performing comprehensive reviews, and providing grants and loans recommended efficiency initiatives are implemented. For additional details on the Restructuring Board, please visit www.frb.ny.gov.

Bond Market

Implementation of the Executive Budget Financial Plan is dependent on the State's ability to market its bonds successfully. The State finances much of its capital spending in the first instance from the General Fund or the STIP, which it then reimburses with proceeds from the sale of bonds. If the State cannot sell bonds at the levels (or on the timetable) expected in the capital plan, the State's overall cash position and capital funding plan may be adversely affected. The success of projected public sales will be subject to prevailing market conditions, among other things. Future developments in the financial markets, including possible changes in Federal tax law relating to the taxation of interest on municipal bonds, as well as future developments concerning the State and public discussion of such developments generally, may affect the market for outstanding State-supported and State-related debt.

Debt Reform Act Limit

The Debt Reform Act of 2000 ("Debt Reform Act") restricts the issuance of State-supported debt to capital purposes only, and for a maximum term of 30 years. The Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001, and was fully phased in at 4 percent of personal income during FY 2011. The cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001, and was fully phased in at 5 percent during FY 2014. DOB, as administrator of the Act, determined that the State was in compliance with the statutory caps in the most recent calculation period (FY 2016).

Current projections anticipate that debt outstanding and debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$6.3 billion in FY 2017 to about \$443 million in FY 2021. This includes the estimated impact of the bond-financed portion of increased capital commitment levels. In addition, the projected room under the debt cap is dependent on expected growth for State personal income. Debt outstanding and debt service caps continue to include the existing SUNY Dormitory Facilities lease revenue bonds, which are backed by a general obligation pledge of SUNY. Bonds issued under the new SUNY Dormitory Facilities Revenue credit (which are not backed by a general obligation pledge of SUNY) are not included in the State's calculation of debt caps. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

Other Matters Affecting the Financial Plan

DEBT OUTSTANDING SUBJECT TO CAP (millions of dollars)								TOTAL STATE-SUPPORTED DEBT (millions of dollars)	
Year	Personal Income	Cap %	Cap \$	Debt Outstanding Since April 1, 2000	\$ Remaining Capacity	Debt as a % of PI	% Remaining Capacity	Debt Outstanding Prior to April 1, 2000	Total State-Supported Debt Outstanding

FY 2022	1,503,838	4.00%	60,154	58,937	1,217	3.92%	0.08%	2,784	61,721

DEBT SERVICE SUBJECT TO CAP (millions of dollars)								TOTAL STATE-SUPPORTED DEBT SERVICE (millions of dollars)	
Year	All Funds Receipts	Cap %	Cap \$	Debt Service Since April 1, 2000	\$ Remaining Capacity	DS as a % of Revenue	% Remaining Capacity	Debt Service Prior to April 1, 2000	Total State-Supported Debt Service
FY 2017	154,031	5.00%	7,702	4,279	3,423	2.78%	2.22%	1,002	5,281
FY 2018	160,410	5.00%	8,020	4,591	3,429	2.86%	2.14%	955	5,546
FY 2019	164,546	5.00%	8,227	5,201	3,027	3.16%	1.84%	1,238	6,439
FY 2020	169,919	5.00%	8,496	5,748	2,748	3.38%	1.62%	1,327	7,075
FY 2021	173,848	5.00%	8,692	6,167	2,526	3.55%	1.45%	1,213	7,380
FY 2022	172,245	5.00%	8,612	6,479	2,133	3.76%	1.24%	738	7,217

The State's available debt capacity under its statutory debt cap reflects the impact of several factors in the Executive Budget. Below is a summary that highlights each factor and its cumulative impact on the remaining capacity since the Mid-Year Update to the State's Financial Plan. These include a change (reduction) to the personal income forecast, additional capital commitments proposed in the Executive Budget, as amended, and revised estimates for bond-financed capital spending. Debt capacity amounts continue to assume that SUNY Dormitory facilities lease revenue bonds will be refunded into the new SUNY Dorms Facilities Revenue Bond credit within one year of their call dates. Additional reductions to capital spending are assumed from the Statewide Capital Efficiency Plan that will be implemented as part of the FY 2018 Agency Financial Management Plan. A 5 percent capital spending reduction is assumed on all bond-financed capital spending starting in FY 2019. The impact on the debt cap is shown in the following chart.

DEBT OUTSTANDING SUBJECT TO CAP REMAINING CAPACITY SUMMARY (millions of dollars)						
	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
Mid-Year Update to the FY 2017 Financial Plan	5,893	3,070	1,935	1,502	1,691	2,234
Personal Income Forecast Adjustment	(549)	(514)	(862)	(1,022)	(1,144)	(1,193)

Capital Efficiencies - 5% Reduction	0	0	405	799	1,129	1,449
FY 2018 Executive Budget Financial Plan	6,340	4,121	2,273	865	443	1,217

Secured Hospital Program

Under the Secured Hospital Program, the State entered into service contracts to enable certain financially distressed not-for-profit hospitals to have tax-exempt debt issued on their behalf, to pay for upgrading their primary health care facilities. In the event of revenue shortfalls to pay debt service on the Secured Hospital bonds (which include hospital payments made under loan agreements between the Dormitory Authority of the State of New York (DASNY) and the hospitals and certain reserve funds held by the applicable trustees for the bonds), the service contracts obligate the State to pay debt service, subject to annual appropriations by the Legislature, on bonds issued by DASNY through the Secured Hospital Program. As of December 31, 2016, there were approximately \$257 million of bonds outstanding for this program.

The financial condition of hospitals in the State's Secured Hospital Program continues to deteriorate. Of the remaining financially distressed hospitals, one is experiencing significant operating losses that have impaired its ability to remain current on its loan agreement with DASNY. The debt associated with this hospital was fully paid off on February 15, 2017. In relation to the Secured Hospital Program, the State's contingent contractual obligation was invoked to pay debt service for the first time in FY 2014. Since then the State has paid \$55 million for debt service costs. DASNY also estimates the State will pay debt service costs of approximately \$30 million in FY 2017, \$19 million in FY 2018, and approximately \$18 million annually in FY 2019 through FY 2022. These amounts are based on the actual experience to date of the participants in the program, and would cover the debt service costs for the hospital that currently is not meeting the terms of its loan agreement with DASNY as mentioned above, a second financially distressed hospital whose debt service obligation was discharged in bankruptcy but is paying rent which offsets a portion of the debt service, and a third hospital that is now closed. The State has estimated additional exposure of up to \$20 million annually, if all financially distressed hospitals failed to meet the terms of their agreements with DASNY and if available reserve funds were depleted.

SUNY Downstate Hospital and the Long Island College Hospital (LICH)

In May 2011, the New York State Supreme Court issued an order that approved the transfer of real property and other assets of LICH to a New York State not-for-profit corporation (“Holdings”), the sole member of which is SUNY. Subsequent to such transfer, Holdings leased the LICH hospital facility to SUNY University Hospital at Brooklyn. In 2012, DASNY issued tax exempt State PIT Revenue Bonds (“PIT Bonds”), to refund approximately \$120 million in outstanding debt originally incurred by LICH and assumed by Holdings.

Pursuant to a court-approved settlement in 2014, SUNY, together with Holdings, issued a request for proposals (RFP) seeking a qualified party to provide or arrange to provide health care services at LICH and to purchase the LICH property. The structure of the settlement also increased the likelihood that sufficient proceeds from the transaction would be available to support defeasance of the PIT Bonds by setting a minimum purchase price.

In accordance with the settlement, Holdings has entered into a purchase and sale agreement with FPG Cobble Hill Acquisitions, LLC (the “Purchaser”), an affiliate of Fortis Property Group, LLC (“Fortis”) (also party to the agreement), which proposes to purchase the LICH property, and with NYU Hospitals Center, which will provide both interim and long-term health care services. The Fortis affiliate plans to develop a mixed-use project. The agreement was approved by the Offices of the Attorney General and the State Comptroller, and the sale of all or substantially all of the assets of Holdings was approved by the State Supreme Court in Kings County. The initial closing was held as of September 1, 2015, and on September 3, 2015 sale proceeds of approximately \$120 million were transferred to the trustee for the PIT Bonds, which were paid and legally defeased from such proceeds. Title to 17 of the 20 properties was conveyed to the special purpose entities formed by the Purchaser to hold title.

The next closing, when title to the New Medical Site (NMS) portion of the LICH property is to be conveyed to NYU Hospitals Center (the “NMS Closing”), is anticipated to occur within 30 days after all buildings on the NMS are fully demolished and all environmental issues remediated by the Purchaser. The external demolition of the buildings had been the subject of a court-ordered restraint that was removed as of October 29, 2015. In its efforts to complete the demolitions and environmental remediation, the Purchaser has continued to deal with challenges raised by adjoining property owners and community groups. These challenges have delayed, and may continue to delay, demolition and environmental remediation.

As the NMS Closing did not occur on or before June 30, 2016, NYU Hospitals Center has the right to terminate its obligations under the purchase and sale agreement upon 30 days prior notice to Purchaser and Holdings. There can be no assurance that NYU Hospitals Center will not exercise its right to terminate. If NYU Hospitals Center terminates its obligations under the purchase and sale agreement, it has the contractual right to close its interim emergency department services immediately, but that right would be subject to obtaining regulatory approval for the closure. Also, if NYU Hospitals Center terminates its obligations under the purchase and sale agreement, the Purchaser has the ability under the purchase and sale agreement to continue with the final closing if, among other things, the Purchaser can identify a replacement provider with a confirming letter of interest to provide certain of the healthcare services expected to be provided by NYU Hospitals Center.

To date, Holdings has received no indication that NYU Hospitals Center intends to terminate its obligations under the purchase and sale agreement. As an alternative to termination, in light of the delays, each of Holdings and NYU Hospitals Center has the contractual right at any time to take over and complete the demolition and environmental remediation at the Purchaser's sole cost and expense. If Holdings elects to take over the demolition and environmental remediation, it may do so directly or through a designee (i.e., a contractor).

The final closing is anticipated to occur within 36 months after the NMS Closing. At the final closing, title to the two remaining portions of the LICH properties will be conveyed to special purpose entities of Fortis, and Holdings will receive the balance of the purchase price, \$120 million less the remaining down payment. The final closing is conditioned upon completed construction of the New Medical Building by NYU Hospitals Center and relocation of the emergency department to the New Medical Building.

There can be no assurance that the resolution of legal, financial, and regulatory issues surrounding LICH, including the payment of outstanding liabilities, will not have a materially adverse impact on SUNY.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Introduction

This section presents the State's updated multi-year Financial Plan projections for FY 2017 through FY 2021, with an emphasis on the FY 2018 projections. The projections reflect the impact of the Executive Budget proposal.

The State's cash-basis budgeting system, complex fund structure, and practice of earmarking certain tax receipts for specific purposes complicate the discussion of the State's receipts and disbursements projections. Therefore, to minimize the distortions caused by these factors and, to highlight relevant aspects of the projections, DOB has adopted the following approaches in summarizing the projections:

- **Receipts:** The detailed discussion of tax receipts covers projections for both the General Fund and State Funds (including capital projects). The State Funds perspective reflects estimated tax receipts before their diversion among various funds and accounts, including tax receipts dedicated to capital projects funds (which fall outside of the General Fund and State Operating Funds accounting perspectives). DOB believes this presentation provides a clearer picture of projected receipts, trends, and forecast assumptions, by factoring out the distorting effects of earmarking certain tax receipts.
- **Disbursements:** Roughly 40 percent of projected State Operating Funds spending (excluding transfers) is accounted for outside of the General Fund, concentrated primarily in the areas of health care, School Aid, higher education, transportation, and mental hygiene. To provide a clear picture of spending commitments, the multi-year projections and growth rates are presented, where appropriate, on both a General Fund and State Operating Funds basis.

In evaluating the State's multi-year operating forecast, it should be noted that the reliability of the estimates and projections as a predictor of the State's future financial position is likely to diminish, the further removed such estimates and projections are from the date of this Executive Budget Financial Plan. Accordingly, in terms of outyear projections, the first "outyear" of the FY 2018 budget, FY 2019, is the most relevant from a planning perspective.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Summary

The Executive Budget Financial Plan reflects 1.9 percent annual growth in State Operating Funds, consistent with the expectation of adherence to a 2 percent spending benchmark.

The projections for FY 2019 and thereafter set forth in the Executive Budget Financial Plan reflect the savings that DOB estimates would be realized if the current Administration continues to propose, and the Legislature continues to enact, balanced budgets in future years that limit annual growth in State Operating Funds spending to no greater than 2 percent. The estimated savings are labeled on a distinct line in the Executive Budget Financial Plan tables as “Adherence to 2 percent Spending Benchmark.” The total disbursements in the Executive Budget Financial Plan tables do not assume these savings. Such savings will be developed and proposed in future budgets. If the State exceeds the 2 percent State Operating Funds spending benchmark in FY 2018, FY 2019, FY 2020, and FY 2021, the projected budget gaps would be higher.

The following tables present the Executive Budget Financial Plan multi-year projections for the General Fund and State Operating Funds, as well as reconciliation between the State Operating Funds projections and the General Fund budget gaps. The tables are followed by a summary of the multi-year receipts and disbursements forecasts.

General Fund Projections

GENERAL FUND PROJECTIONS (millions of dollars)					
	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021
	Current	Proposed	Projected	Projected	Projected

Adherence to 2% Spending Benchmark³	n/a	n/a	2,465	4,753	6,741
BUDGET SURPLUS/(GAP) PROJECTIONS	0	0	692	2,092	4,960

¹ Reflect transfers of monetary settlement funds from the General Fund to the Dedicated Infrastructure Investment Fund, the Environmental Protection Fund, and the Capital Projects Fund.

² Before actions to adhere to the 2 percent benchmark.

³ Savings estimated from limiting annual spending growth in future years to 2 percent. Calculation based on current FY 2018 projections. The Governor is expected to propose, and negotiate with the Legislature to enact, budgets in each fiscal year that hold State Operating Funds spending growth to 2 percent. Assumes all savings from holding spending growth to 2 percent are made available to the General Fund. Total disbursements in Financial Plan tables and discussion do not reflect these savings. If the 2 percent State Operating Funds spending benchmark is not adhered to, the projected budget gaps would be higher.

¹ Includes the Essential Plan (EP), which is an insurance plan for individuals who are not eligible for Medicaid and who meet certain income threshold standards. The Essential Plan is not a Medicaid program; however, State-funded support is managed within total DOH Medicaid Global Cap resources. In addition, total state share Medicaid funding includes the utilization of tobacco MSA proceeds which will be directly deposited to the MMIS Escrow Fund to cover a portion of local Medicaid growth.

² All Other includes other education, parks, environment, economic development, public safety, and reconciliation between school year and State fiscal year spending on School aid.

³ Before actions to adhere to the 2 percent benchmark.

⁴ Savings estimated from limiting annual spending growth in future years to 2 percent. Calculation based on current FY 2018 projections. The Governor is expected to propose, and negotiate with the Legislature to enact, budgets in each fiscal year that hold State Operating Funds spending growth to 2 percent. Assumes all savings from holding spending growth to 2 percent are made available to the General Fund. Total disbursements in Financial Plan tables and discussion do not reflect these savings. If the 2 percent State Operating Funds spending benchmark is not adhered to, projected budget gaps would be higher.

The National Economy

As anticipated in the Executive Budget forecast, the U.S. economy posted yet another quarter of growth below 2 percent, the fifth such quarter since 2015 Q3. Consequently, DOB's outlook is little changed from the Executive Budget. The national economy still appears stuck in low gear, averaging 2.1 percent growth since the start of the expansion in the middle of 2009. Below average growth of 1.6 percent in 2016 is expected to be followed by slightly above average growth of 2.2 percent for this year. The components of real U.S. GDP contributing to stronger growth in 2017 include private nonresidential fixed investment, exports, and inventories, all of which exhibited extremely weak growth for much of 2016. However, a strong dollar, a slowing job market, and the uncertainty related to the future of fiscal policy suggest that the economy's historically slow growth path is likely to persist over the near-term. DOB's outlook for 2017 represents a marginally downward revision from the Executive Budget estimate.

US Economic Growth Remains Stuck in Low Gear

Source: Moody's Analytics.

In January the national labor market posted its strongest showing since July 2016, with the addition of 237,000 private sector jobs, in seeming contradiction to the recent slower trend. However, an unusually warm January likely accounted for a significant portion of the monthly increase, with weather-sensitive areas such as construction and retail trade accounting for 82,000 jobs alone; those two sectors accounted for only 36,000 jobs in December. As a result, DOB continues to expect employment to slow further as the expansion matures. Total nonagricultural employment growth of an upwardly revised 1.5 percent is projected for 2017, but this forecast represents a significant deceleration from 1.8 percent growth in 2016.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Consistent with a tightening labor market, average wage growth is expected to post its strongest year since the end of the Great Recession. Moreover, improvement is expected at the low end of the income spectrum, with the minimum wage rising in 20 states at the start of 2017, including New York. Wage growth of 4.5 percent is projected for 2017, a modest upward revision from the Executive Budget forecast submitted on January 17, 2017. In contrast, growth in some of the non-wage components of personal income, including proprietor's income, interest income, and dividend income, has been revised downward, consistent with a slight downward revision to overall economic growth. On balance, overall personal income growth remains unchanged from the Executive Budget forecast. Continued solid employment and income growth, along with equity and home price growth, are expected to support real consumer spending growth of 2.6 percent for 2017, virtually unchanged from the Executive Budget forecast.

U.S. ECONOMIC INDICATORS (Percent change from prior calendar year)			
	2016 (Actual)	2017 (Forecast)	2018 (Forecast)
Real U.S. Gross Domestic Product	1.6	2.2	2.4
Consumer Price Index (CPI)	1.3	2.6	2.4
Personal Income	3.5	4.4	4.6
Nonagricultural Employment	1.8	1.5	1.3
Source: Moody's Analytics; DOB staff estimates.			

Notwithstanding signs that both the European and Chinese economies are improving, the outlook for the global economy remains shaky. Weakness in the rest of the world relative to the U.S. has resulted in a substantial appreciation of the U.S. dollar, which is likely to constrain export and corporate earnings growth going forward. Consequently, DOB forecasts real U.S. export growth to remain subdued. Real U.S. export growth of 2.0 percent is projected for 2017, representing a downward revision from the Executive Budget forecast, but an improvement from the 0.4 percent growth observed in 2016.

In an unusual display of restraint among the world's oil producers outside of the U.S., energy prices have been able to sustain a price above \$50. Outside of the energy sector, consumer prices related to shelter, medical care, and education have also been on the rise. Consequently, DOB projects consumer price inflation of 2.6 percent for 2017, unchanged from the Executive Budget forecast. As expected, the Federal Open Market Committee voted to raise its target range for the federal funds rate to 50 to 75 basis points at the end of 2016 from the existing 25 to 50 basis-point range. But despite inflation advancing at its strongest pace since 2011, DOB continues to expect only two short-term interest rate hikes in 2017. With longer term interest rates holding steady, and the dollar remaining strong relative to its year-ago level, the central bank is expected to be cognizant of the potential for further downward pressure on global demand for U.S. goods and services.

Despite rebounding oil prices helping to buttress investment in both equipment and structures related to domestic oil production, real private nonresidential investment growth has been exceedingly low, with investment falling 0.4 percent in 2016. Although investment growth is expected to accelerate to 3.6 percent in 2017, representing a modest upward revision from the Executive Budget forecast, growth in private business investment in plant and equipment is expected to remain below 5 percent over the entire span of the forecast horizon, constraining the national economy's capacity for future growth.

Consistent with the Executive Budget forecast, DOB's current baseline U.S. forecast abstracts from any major discontinuity in Federal fiscal policy. However, we acknowledge that the anticipation of future Federal fiscal policy changes does influence the forecast to the extent that it has become embedded in current market fundamentals, such as equity prices and interest rates. Nevertheless, the potential for major changes to the fiscal landscape represent both upside and downside risks to this forecast. Policies that substantially widen the federal budget deficit without enhancing productivity growth could result in higher interest rates and, in turn, weaker household and business investment spending than anticipated.

In addition, policies resulting in world trade conflicts could result in even less global growth and diminished demand for U.S. exports relative to current projections. Weaker growth in both U.S. corporate profits and equity market prices could also ensue. In contrast, policies that stimulate more public or private business investment than anticipated could result in stronger growth in both the near-term and the long-term, particularly if those investments raise productivity growth and, hence, the economy's long-term capacity to produce. Finally, the response of both domestic and global financial markets to the unwinding of the Federal Reserve's unprecedentedly accommodative policies continues to pose risks, particularly in light of the uncertainty surrounding developments on the fiscal policy side.

The New York State Economy

New York's private sector labor market has slowed against a backdrop of a strong dollar and weak national and global growth. After 10 consecutive quarters of growth above 2 percent, the rate of private job gains fell to 1.9 percent in the second quarter of 2016, slowing further to an estimated 1.6 percent in the third quarter. As a result, DOB estimates private job growth of 1.8 percent for 2016 as a whole, slowing further to 1.5 percent for 2017. Both of these estimates are virtually unchanged from the Executive Budget forecast.

Market volatility and uncertainty surrounding future policy changes under the new administration appear to have resulted in the withdrawal of many of the Initial Public Offerings (IPOs) that had been scheduled for the end of 2016. The ensuing loss of revenue generating activity led to a downward revision by DOB to finance and insurance sector bonuses for FY 2017, which are now estimated to have fallen 1.7 percent. However, growth in underlying non-bonus wages remains at a healthy estimated 4.6 percent. On balance, total State wage growth for FY 2017 has been revised to 3.8 percent, representing a 0.2 percentage point downward revision from the Executive Budget forecast.

State Financial Plan Projections Fiscal Years 2017 Through 2021

NEW YORK STATE ECONOMIC INDICATORS (Percent change from prior State fiscal year)			
	FY 2016 (Actual)	FY 2017 (Estimated)	FY 2018 (Forecast)
Personal Income	3.8	3.6	4.8
Wages	4.3	3.8	4.2
Nonagricultural Employment	1.9	1.5	1.3

Source: Moody's Analytics; New York State Department of Labor; DOB staff estimates.

Analysis of withholding data for the fourth quarter of 2016 and the first quarter of 2017 to-date indicates that in anticipation of potentially lower PIT rates at the Federal level, bonus income in excess of \$3 billion was likely shifted from the end of 2016 into early 2017. Preliminary data indicate that real estate and financial market transactions may have also been delayed by taxpayers in order to maximize their tax advantage. Consequently, DOB has revised down its estimate for capital gains realizations for 2016 from a decline of 3.0 percent to a decline of 8.3 percent.

Although the State's private-sector labor market is projected to remain strong from a historical perspective, there are many risks to the forecast. All of the risks to the U.S. forecast apply to the State forecast as well, although as the nation's financial capital, both the volume of financial market activity and the volatility in equity markets pose a particularly large degree of uncertainty for New York. Under a still evolving regulatory environment, the pattern of Wall Street bonus payouts continues to shift, with payments now more widely dispersed throughout the year. Taxable payouts can represent both current-year awards and deferred payments from prior years, with the deferral ratio itself proving to be unstable. Moreover, with federal tax policy in flux, and taxpayers strategically responding to anticipated changes in tax policy, the uncertainty surrounding the forecast for bonuses and various forms of taxable non-wage income is further heightened.

Receipts

Executive Budget Financial Plan receipts include a variety of taxes, fees and assessments, charges for State-provided services, Federal grants, and other miscellaneous receipts, as well as collection of a payroll mobility tax on businesses in the MTA region. The multi-year tax and miscellaneous receipts estimates are prepared by DOB with the assistance of the Department of Taxation and Finance (DTF) and other agencies which collect State receipts, and are predicated on economic analysis and forecasts.

Overall base growth in tax receipts is dependent on many factors. In general, base tax receipts growth rates are determined by economic changes including, but not limited to, changes in interest rates, prices, wages, employment, nonwage income, capital gains realizations, taxable consumption, corporate profits, household net worth, real estate prices and gasoline prices. Federal law changes can influence taxpayer behavior, which often alters base tax receipts. State taxes account for approximately half of total All Funds receipts.

The projections of Federal receipts generally correspond to the anticipated spending levels of a variety of programs including Medicaid, public assistance, mental hygiene, education, public health, and other activities, including extraordinary aid.

Where noted, certain tables in the following section display General Fund tax receipts that exclude amounts transferred to the General Fund in excess of amounts needed for certain debt service obligations (e.g., PIT receipts in excess of the amount transferred for debt service on revenue bonds).

State Financial Plan Projections Fiscal Years 2017 Through 2021

Overview of the Receipts Forecast

All Funds receipts in FY 2017 are projected to total \$154.0 billion, an increase of 0.5 percent from FY 2016 results.

ALL FUNDS RECEIPTS (millions of dollars)

Total All Funds Receipts	153,265	154,033	0.5%	160,410	4.1%	164,548	2.6%	169,921	3.3%	173,848	2.3%

State tax receipts are estimated to increase 0.4 percent in FY 2017. The increase in PIT receipts is primarily due to withholding growth and a decline in refunds, while the decline in other taxes is the result of one-time factors affecting FY 2016 and the continued phase-in of the estate tax cut. The miscellaneous receipts decline in FY 2017 is primarily due to the substantial decline in monetary settlement payments from financial institutions.

Consistent with the projected growth in the New York economy over the multi-year Financial Plan period beyond FY 2017, all tax categories are projected to exhibit growth. The “other taxes” category is an exception in FY 2018 due to tax cuts enacted in 2014, but is expected to resume growth in the long term.

After controlling for the impact of tax law changes, base tax revenue increased 5.5 percent in FY 2016, and is projected to increase by 0.7 percent in FY 2017 and 5.9 percent in FY 2018.

¹Excludes Transfers.

All Funds PIT receipts for FY 2017 are estimated to be \$47.3 billion, an increase of \$254 million (0.5 percent) from FY 2016 results. This increase includes growth in withholding and delinquency collections, coupled with a moderate decline in total refunds related to the decrease of the administrative refund cap in January to March 2017. Growth in these categories is partially offset by declines in final returns, extension payments attributable to the 2015 tax year, and estimated payments related to the 2016 tax year.

The following table summarizes, by component, actual receipts for FY 2016 and forecast amounts through FY 2021.

¹These components, collectively, are known as the "settlement" on the prior year's tax liability.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Withholding in FY 2017 is estimated to be \$1 billion (2.8 percent) higher than FY 2016 results, driven by weak wage growth. Extension payments related to tax year 2015 declined by \$489 million (10.7 percent), primarily due to payment-timing differences relative to tax year 2014 (taxpayers paid a higher percentage of their tax year 2015 liability through estimated payments and a lower percentage through extensions). Estimated payments for tax year 2016 are projected to be \$646 million (5.6 percent) lower, primarily due to a decline in net capital gains income. Final return payments and delinquencies are projected to be \$15 million (0.6 percent) lower and \$48 million (3.7 percent) higher than FY 2016 results, respectively.

The projected decrease in total refunds of \$330 million (3.5 percent) includes a \$105 million increase (2 percent) in prior (tax year 2015) refunds, a \$119 million (19.3 percent) decrease in previous (tax year 2014 and earlier) refunds, an \$800 million (31.4 percent) decline in current (tax year 2016) refunds (due to a decrease in the January to March 2017 administrative refund cap), a \$312 million (54.6 percent) increase in advanced credit payments related to tax year 2016, and a \$173 million (25.6 percent) increase in the state-city offset. The advanced credit payments estimate includes \$98 million in payments attributable to the conversion of the STAR homeowners' benefit to a PIT credit.

General Fund PIT receipts are net of deposits to the STAR Fund, which provides property tax relief, and the Revenue Bond Tax Fund (RBTF), which supports debt service payments on State PIT revenue bonds. General Fund PIT receipts for FY 2017 of \$32.3 billion are estimated to increase by \$317 million (1 percent) from FY 2016 results, mainly reflecting the increase in All Funds receipts noted above. RBTF deposits are projected to be \$11.8 billion and the STAR transfer is projected to be \$3.2 billion.

All Funds PIT receipts for FY 2018 of \$50.7 billion are projected to increase by \$3.4 billion (7.1 percent) from FY 2017 estimates. Gross receipts are projected to increase 7.3 percent, reflecting withholding that is projected to grow by \$1.8 billion (4.7 percent) and estimated payments related to tax year 2017 that are projected to grow by \$1.5 billion (13.4 percent). The moderate but improved growth in withholding is attributable to the proposed surcharge rate extension and stronger bonus growth. Payments from extensions for tax year 2016 are projected to increase by \$585 million (14.4 percent), and final returns are expected to increase \$221 million (8.5 percent). Delinquencies are projected to increase \$60 million (4.4 percent) from the prior year. Total refunds are projected to increase by \$740 million (8 percent) from the prior year. Legislative proposals included in the FY 2018 Executive Budget increase withholding by \$683 million, current estimated payments related to tax year 2017 by \$20 million, and delinquencies by \$22 million.

General Fund PIT receipts for FY 2018 of \$35.4 billion are projected to increase by over \$3.1 billion (9.7 percent). RBTF deposits are projected to be \$12.7 billion, and the STAR transfer is projected to be \$2.6 billion. Proposed legislation within the FY 2018 Executive Budget reduces the STAR transfer by \$351 million.

All Funds PIT receipts in FY 2019 are projected to increase by \$2.4 billion to \$53.1 billion, while General Fund PIT receipts are projected to total nearly \$37.4 billion. The projected growth of 4.7 percent in FY 2019 All Funds PIT receipts is driven by the aforementioned proposed

surcharge rate extension, combined with continued phase-in of the FY 2017 Enacted Budget middle income tax cuts. On a net basis, legislation included in the FY 2018 Executive Budget is projected to increase FY 2019 collections by nearly \$3.2 billion.

All Funds PIT receipts in FY 2020 are projected to increase by \$2.9 billion (5.5 percent) to \$56 billion, while General Fund PIT receipts are projected to total \$39.7 billion.

All Funds income tax receipts are projected to increase by \$4.1 billion (7.3 percent) in FY 2021 to reach nearly \$60.1 billion, while General Fund receipts are projected to total \$42.8 billion.

¹Excludes Transfers.

All Funds consumption/use tax receipts for FY 2017 are estimated to be \$16.2 billion, an increase of \$459 million (2.9 percent) from FY 2016 results. Sales tax receipts are estimated to increase \$502 million (3.8 percent) from the prior year. Base growth (i.e., absent law changes) of 4.6 percent exceeds cash growth primarily due to agreements between certain mobile telecommunication providers and the State to allow such providers to remit less sales tax for a period in lieu of receiving State refunds due to them under Tax Law Section 184. These agreements resulted from acknowledgement by DTF that a mobile telecommunications provider was not subject to the Tax Law Section 184 franchise tax imposed on them between 2005 and 2014. Cigarette and tobacco tax collections are estimated to decline \$24 million (1.9 percent). This unusually modest decline primarily reflects the decrease in cigar tax refunds to be issued as a result of an Administrative Law Judge Determination (Matter of Davidoff of Geneva, Inc.). Highway use tax collections are estimated to decrease by \$18 million (11.4 percent) due to the reduction in registration and decal fees from \$19 to \$1.50 resulting from the Independent Owner Operator Drivers Association v. New York Department of Taxation and Finance court decision. Motor fuel tax collections are estimated to increase \$3 million (0.6 percent), reflecting slight

State Financial Plan Projections Fiscal Years 2017 Through 2021

growth in both taxable motor fuel consumption and diesel fuel consumption. Taxicab surcharge receipts are estimated to decline by \$9 million (12.3 percent) as the result of consumers choosing alternative transportation services not subject to the surcharge.

General Fund sales and use tax receipts are net of deposits to the Local Government Assistance Tax Fund (25 percent), and the Sales Tax Revenue Bond Fund (25 percent), which support debt service payments on State sales and use tax revenue bonds. Receipts in excess of the debt service requirements of the funds and the local assistance payments to New York City, or its assignee, are transferred back to the General Fund.

General Fund consumption/use tax receipts for FY 2017 are estimated to total nearly \$7.1 billion, an increase of \$263 million (3.9 percent) from FY 2016 results. This increase largely reflects the All Funds sales, cigarette, tobacco and alcoholic beverage tax trends noted above.

All Funds consumption/use tax receipts for FY 2018 are projected to be \$17 billion, an increase of \$814 million (5 percent) from FY 2017. The projected \$865 million (6.2 percent) increase in sales tax receipts reflects sales tax base growth of 4.1 percent, slightly lower than the prior year. Employment and the nominal value of new auto and light truck sales are projected to grow at a slower pace than in FY 2017. Cash growth exceeds base growth primarily due to the above noted agreement between certain mobile telecommunication providers and the State that ends in FY 2017. The proposed TNC assessment of 5.5 percent will generate an estimated \$16 million in FY 2018. The All Funds consumption/use tax receipts increase is reduced slightly by trend declines in taxable cigarette consumption that have improved in large part due to enforcement efforts of the Cigarette Strike Force, and by a decline in highway use tax collections as refunds increase significantly as a result of the court decision noted above.

General Fund consumption/use tax receipts are projected to total \$7.5 billion in FY 2018, a \$432 million (6.1 percent) increase from FY 2017. The projected increase largely reflects the trends noted above.

All Funds consumption/use tax receipts for FY 2019 are projected to be \$17.7 billion, an increase of \$699 million (4.1 percent) from FY 2018. The projected \$642 million (4.4 percent) increase in sales tax receipts reflects sales tax base growth of 4 percent. FY 2019 represents the first full year impact of the TNC assessment (\$32 million). FY 2019 General Fund consumption/use tax receipts are projected to increase to over \$7.8 billion, a \$327 million (4.4 percent) increase from FY 2018.

All Funds consumption/use tax receipts are projected to increase to over \$18.2 billion (3.1 percent growth) in FY 2020 and to \$18.8 billion (3.2 percent growth) in FY 2021, largely representing base growth in sales tax receipts, offset slightly by trend declines in cigarette tax collections.

General Fund consumption/use tax receipts are projected to total \$8.1 billion (3.4 percent growth) in FY 2020 and nearly \$8.4 billion (3.5 percent growth) in FY 2021, reflecting the All Funds trends noted above.

Petroleum Business Tax	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%	0	0.0%

All Funds business tax receipts for FY 2017 are estimated at over \$7.8 billion, a decrease of \$37 million (0.5 percent) from FY 2016 results. The estimate reflects a combined decrease of \$541 million among all non-bank business taxes, partially offset by an increase in the bank tax of \$504 million.

Corporate franchise tax receipts are estimated to decrease \$398 million (8.8 percent) in FY 2017, reflecting tax year 2016 corporate tax reform tax cuts including a reduction in the business income tax rate from 7.1 percent to 6.5 percent, and the first year of the capital tax base phase-out. Additionally, December 2016 estimated payments from calendar year filers were weak, declining 23 percent from December 2015. These reductions are partially offset by an increase in expected audit receipts of \$274 million.

Corporation and utilities tax receipts are estimated to decrease \$36 million (4.7 percent) in FY 2017. Gross receipts are expected to increase from FY 2016 results, while audits are expected to decline. In FY 2016 several telecommunication audit cases were closed. This is not expected to recur in FY 2017.

Insurance tax receipts for FY 2017 are estimated to decrease \$78 million (4.9 percent) from FY 2016 results. Projected growth in insurance tax premiums and a positive prior period adjustment resulting from the resolution of an IRS case is more than offset by the first full year impact of the tax credit for assessments paid to the Life Insurance Guaranty Corporation (LIGC). The LIGC exists to protect policyholders from the insolvency of their life insurers. Audits and refunds are expected to reflect historical trends.

Receipts from the repealed bank tax (all from prior liability periods) are estimated to increase by \$504 million in FY 2017. The increase stems from an estimated reduction in prior period adjustments and an increase in audit receipts (\$197 million) from FY 2016 results.

State Financial Plan Projections

Fiscal Years 2017 Through 2021

Petroleum Business Tax (PBT) receipts are estimated to decrease \$29 million (2.6 percent) in FY 2017, primarily due to the 5 percent decrease in the PBT rate index effective January 2016, and the estimated 5 percent decrease effective January 2017. These declines are partially offset by estimated slight growth in both taxable motor fuel and diesel fuel consumption.

General Fund business tax receipts for FY 2017 of \$5.6 billion are estimated to decrease \$76 million (1.3 percent) from FY 2016 results, reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2018 of \$8.3 billion are projected to increase by \$406 million (5.2 percent) from the current year. The increase in corporation franchise tax receipts of \$558 million (13.5 percent) reflects projected growth in corporate profits following nearly full implementation of corporate tax reform changes and tax cuts as well as higher audit receipts. The corporation and utilities tax receipts decline of \$6 million (0.8 percent) is attributable to a reduction in receipts from Section 181 which was repealed as part of Corporate Tax Reform. This reduction is partially offset by an increase in projected receipts from regulated public utilities.

Insurance tax receipts for FY 2018 of \$1.6 billion are projected to increase \$70 million (4.7 percent) from the current year. Projected growth in insurance tax premiums combined with lower expected LIGC credit claims contribute to year-over-year growth. Bank tax receipts are projected to decrease by \$193 million (50.4 percent), due to lower projected audit receipts. PBT receipts are projected to decline \$23 million (2.1 percent) in FY 2018, primarily due to the estimated 5 percent decrease in the PBT rate index effective January 2017 noted above and a projected slight decline in taxable motor fuel consumption. This would be partially offset by the projected 5 percent increase in the PBT rate index effective January 2018 and projected growth in diesel fuel consumption.

General Fund business tax receipts for FY 2018 of \$6 billion are projected to increase \$384 million (6.9 percent), reflecting the All Funds trends discussed above.

All Funds business tax receipts for FY 2019 of \$8.4 billion are projected to increase by \$106 million (1.3 percent) from the previous year. The projection primarily reflects insurance tax receipts growth. Projected growth in insurance tax premiums combined with lower expected LIGC credit claims contribute to the year-over-year increase. This increase is partially offset by a combined decrease of \$23 million among all other business taxes.

All Funds business tax receipts for FY 2020 and FY 2021 reflect projected trends in corporate profits, taxable insurance premiums, electric utility consumption and prices, the consumption of taxable telecommunications services, and automobile fuel consumption and fuel prices. All Funds business tax receipts are projected to increase to \$8.7 billion (4.4 percent growth) in FY 2020, and increase to \$9 billion (3.6 percent growth) in FY 2021. General Fund business tax receipts are projected to increase to \$6.3 billion (5.7 percent growth) in FY 2020 and \$6.6 billion (4.5 percent growth) in FY 2021.

¹Excludes Transfers.

All Funds other tax receipts for FY 2017 are estimated to be nearly \$2.3 billion, a decrease of \$431 million (15.9 percent) from FY 2016 results. This largely reflects an estimated decline in estate tax receipts of \$407 million (26.8 percent) from the continued phase-in of the increased filing threshold, and an expected decline in the number of super large payments (over \$25 million) to average historical levels. Additionally, real estate transfer tax receipts are projected to decrease \$25 million (2.1 percent) primarily due to the combination of a small estimated decrease in the volume of transactions in New York City and a large estimated decrease in housing starts statewide. The transaction decline is largely due to a building permit shift from FY 2017 into FY 2016 caused by the uncertainty that surrounded the extension of New York City property tax abatement legislation.

General Fund other tax receipts are estimated to be slightly above \$1.1 billion in FY 2017, a \$406 million (26.4 percent) decrease from FY 2016 results, reflecting the decrease in estate tax receipts noted above.

All Funds other tax receipts for FY 2018 are projected to be just under \$2.2 billion, a decrease of \$93 million (4.1 percent) from the current year. Estate tax receipts are projected to decrease by \$164 million (14.7 percent) reflecting the continued phase-in of the increased filing threshold, partially offset by projected growth in household net worth. Real estate transfer tax receipts are projected to increase by \$72 million (6.3 percent), reflecting projected growth in housing prices.

General Fund other tax receipts for FY 2018 are projected to decrease by \$165 million (14.8 percent), due to the projected decline in estate tax receipts noted above.

All Funds other tax receipts for FY 2019 are projected to be nearly \$2.2 billion, a \$17 million (0.8 percent) increase from FY 2018. Estate tax receipts are projected to decrease by \$38 million

State Financial Plan Projections Fiscal Years 2017 Through 2021

(4 percent) reflecting the conclusion of the incremental impact of the increased filing threshold, partially offset by projected growth in household net worth. Real estate transfer tax receipts are projected to increase by \$55 million (4.5 percent), reflecting projected growth in housing starts and prices. General Fund other tax receipts for FY 2019 are projected to decrease by \$38 million (3.9 percent), due to the projected decline in estate tax receipts noted above.

All Funds other tax receipts for FY 2020 and FY 2021 reflect projected trends in household net worth, housing starts, and housing prices. All Funds other tax receipts are projected to increase by \$101 million (4.6 percent growth) in FY 2020, and by \$97 million (4.2 percent growth) in FY 2021. General Fund other tax receipt estimates for FY 2020 are projected to increase by 5.5 percent and increase by 4.6 percent in FY 2021, reflecting the household net worth trends noted above.

Miscellaneous Receipts and Federal Grants

All Funds miscellaneous receipts include moneys received from HCRA financing sources, SUNY tuition and patient income, lottery receipts for education, assessments on regulated industries, tribal-state compact revenue, monetary settlements and a variety of fees and licenses.

MISCELLANEOUS RECEIPTS (millions of dollars)											
	FY 2016	FY 2017		FY 2018		FY 2019		FY 2020		FY 2021	
	Results	Current	Change	Proposed	Change	Projected	Change	Projected	Change	Projected	Change
ALL FUNDS	27,268	26,175	-4.0%	26,611	1.7%	26,209	-1.5%	25,804	-1.5%	24,786	-3.9%
General Fund	5,842	3,799	-35.0%	2,298	-39.5%	2,290	-0.3%	2,175	-5.0%	2,051	-5.7%
Special Revenue Funds	17,117	17,058	-0.3%	16,622	-2.6%	16,472	-0.9%	16,362	-0.7%	16,126	-1.4%
Capital Projects Funds	3,822	4,829	26.3%	7,232	49.8%	6,989	-3.4%	6,808	-2.6%	6,157	-9.6%
Debt Service Funds	487	489	0.4%	459	-6.1%	458	-0.2%	459	0.2%	452	-1.5%

All Funds miscellaneous receipts are estimated to total \$26.2 billion in FY 2017, a decrease of 4.0 percent from FY 2016 results. This decrease is primarily due to the impact of extraordinary monetary settlements received in the General Fund during FY 2016, as described earlier in this Executive Budget Financial Plan. In addition to the impact of monetary settlements, declining FY 2017 miscellaneous receipts are driven in part by year-to-year variations in health care surcharges and other HCRA resources, bond proceeds, and tuition income revenue.

All Funds miscellaneous receipts are projected to increase to \$26.6 billion (1.7 percent growth) in FY 2018, largely reflecting the projected timing of bond proceed reimbursement for capital expenditures, and remain relatively flat in FY 2019 and FY 2020.

FEDERAL GRANTS (millions of dollars)											
	FY 2016	FY 2017		FY 2018		FY 2019		FY 2020		FY 2021	
	Results	Current	Change	Proposed	Change	Projected	Change	Projected	Change	Projected	
ALL FUNDS	51,324	52,885	3.0%	54,265	2.6%	55,511	2.3%	57,302	3.2%	57,125	-0.3%
General Fund	0	0	0.0%	0	0.0%	0	0.0%	0	0.0%	0	0.0%
Special Revenue Funds	49,105	50,651	3.1%	52,099	2.9%	53,347	2.4%	55,082	3.3%	54,893	-0.3%
Capital Projects Funds	2,146	2,161	0.7%	2,093	-3.1%	2,091	-0.1%	2,147	2.7%	2,159	0.6%
Debt Service Funds	73	73	0.0%	73	0.0%	73	0.0%	73	0.0%	73	0.0%

Aid from the Federal government helps to pay for a variety of programs including Medicaid, public assistance, mental hygiene, school aid, public health, transportation, and other activities. Annual changes to Federal grants generally correspond to changes in federally-reimbursed spending. Accordingly, DOB typically projects Federal reimbursements will be received in the State fiscal year in which spending occurs, but due to the variable timing of Federal grant receipts, actual results often differ from the projections.

All Funds Federal grants are projected to grow to \$57.1 billion by FY 2021, primarily reflecting the continuation of growth in Federal Medicaid spending related to Federal health care transformation initiatives, partly offset by the projected phase-down of Federal disaster assistance aid. All Federal receipts are subject to continuing administration and Congressional authorization, appropriations and budget action.

Disbursements

Total disbursements in FY 2018 are estimated at \$72.3 billion in the State's General Fund (including transfers) and \$98.1 billion in total State Operating Funds. School Aid, Medicaid, pensions, debt service, and health benefits are significant drivers of annual spending growth.

The multi-year disbursements projections take into account various factors, including statutorily-indexed rates, agency staffing levels, program caseloads, inflation, and funding formulas contained in State and Federal law. Factors that affect spending estimates vary by program. For example, public assistance spending is based primarily on anticipated caseloads that are estimated by analyzing historical trends and projected economic conditions. Projections also account for the timing of payments, since not all of the amounts appropriated pursuant to an enacted budget are disbursed in the same fiscal year. Consistent with past years, the aggregate spending projections (i.e., the sum of all projected spending by individual agencies) in State Special Revenue Funds have been adjusted downward in all fiscal years, based on typical spending patterns and the observed variance between estimated and actual results over time. A corresponding downward adjustment is also made to miscellaneous receipts.

Local Assistance Grants

Local assistance spending includes payments to local governments, school districts, health care providers, and other entities, as well as financial assistance to, or on behalf of, individuals, families and not-for-profit organizations. Local assistance spending in State Operating Funds is estimated at \$66 billion in FY 2018, approximately two-thirds of total State Operating Funds spending. Education and health care spending account for nearly three-quarters of State Operating Funds local assistance spending.

Certain major factors considered in preparing the spending projections for the State's major local assistance programs and activities are summarized below.

¹ Reflects the total State cost of taking over the local share of Medicaid growth, which was initially capped at approximately 3 percent annually, and later phased-out completely as of calendar year 2015.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Education

School Aid

School Aid helps support elementary and secondary education for New York pupils enrolled in the 674 major school districts throughout the State. State funding is provided to districts based on statutory aid formulas and through reimbursement of categorical expenses, such as prekindergarten programs, education of homeless children, and bilingual education. State funding for schools assists districts in meeting locally defined needs, supports the construction of school facilities, and finances school transportation for nearly three million students statewide.

School Year (July 1 – June 30)

School Aid is expected to increase by \$961 million (3.9 percent) in SY 2018, including a \$428 million Foundation Aid increase. A Community Schools set-aside of \$150 million within Foundation Aid, a \$50 million increase from the prior year, provides funds to facilitate the transformation of schools into community hubs offering expanded services to children and their families. In addition, another \$333 million supports increased reimbursement in expense-based aid programs such as transportation, Boards of Cooperative Educational Services (BOCES), school construction, and other miscellaneous aid categories.

The Executive Budget also provides \$50 million for new competitive grants, led by \$35 million to expand after-school programs targeted towards low-income students within school districts in the Empire State Poverty Reduction Initiative (ESPRI). In addition, the Executive Budget Financial Plan continues to reflect \$340 million in recurring annual funding to support the statewide Universal Full-Day Prekindergarten program.

School Aid is projected to increase by an additional \$996 million (3.9 percent) in SY 2019, consistent with estimated personal income growth.

SCHOOL AID - SCHOOL YEAR BASIS (JULY 1 - JUNE 30) ¹									
(millions of dollars)									
	SY 2017	SY 2018	Change	SY 2019	Change	SY 2020	Change	SY 2021	Change
Total	24,644	25,605	961 3.9%	26,601	996 3.9%	27,714	1,113 4.2%	29,013	1,299 4.7%

¹School year values reflected in table do not include aid for Statewide Universal Full-Day Prekindergarten programs.

State Fiscal Year

The State finances School Aid from General Fund and Lottery Fund receipts, including video lottery terminals (VLTs), which are accounted for and disbursed from a dedicated account. Because the State fiscal year begins on April 1, the State typically pays approximately 70 percent of the annual school year commitment during the State fiscal year in which the related budget is enacted, and pays the remaining 30 percent in the first three months of the following State fiscal year.

The table below summarizes the multi-year projected sources of spending on a State fiscal year basis.

SCHOOL AID - STATE FISCAL YEAR BASIS (millions of dollars)									
	FY 2017	FY 2018		FY 2019		FY 2020		FY 2021	
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	Change
TOTAL STATE OPERATING FUNDS	24,389	25,639	5.1%	26,588	3.7%	27,693	4.2%	28,949	4.5%
General Fund Local Assistance	21,055	22,196	5.4%	23,220	4.6%	24,288	4.6%	25,537	5.1%
Core Lottery Aid	2,360	2,395	1.5%	2,294	-4.2%	2,288	-0.3%	2,291	0.1%
VLT Lottery Aid	953	843	-11.5%	814	-3.4%	857	5.3%	861	0.5%
Commercial Gaming - VLT Offset	8	124	1450.0%	144	16.1%	102	-29.2%	97	-4.9%
Commercial Gaming	13	81	523.1%	116	43.2%	158	36.2%	163	3.2%

State fiscal year spending for School Aid is projected to total \$25.6 billion in FY 2018. Over the multi-year Financial Plan, an increasing share of School Aid spending is projected to be financed by commercial gaming revenues as opposed to traditional core lottery sales as described in greater detail below. In addition to State aid, school districts currently receive more than \$3 billion annually in Federal aid.

State aid payments for School Aid have been nominally supplemented by commercial gaming revenues in FY 2017, following the State's receipt of one-time licensing fees in FY 2016. These receipts are expected to increase in FY 2018 and the outyears, with gaming revenues shared by the State and commercial gaming facilities. Three casino resorts were recommended by the State's Gaming Facility Location Board (the "Location Board") in December 2014, and approved by the State Gaming Commission in December 2015. A fourth casino was recommended by the Location Board in October 2015 and approved by the State Gaming Commission in August 2016. In the event that casino revenue resources do not materialize at the level expected, or as timely as expected, then the additional School Aid projected to be funded from casino revenue resources becomes a General Fund obligation.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Other Education Funding

In addition to School Aid, the State provides funding and support for various other education-related programs. These include: special education services; programs administered by the Office of Prekindergarten through Grade 12 education; cultural education; higher and professional education programs; and adult career and continuing education services.

OTHER EDUCATION (millions of dollars)									
	FY 2017 Current	FY 2018 Proposed	Change	FY 2019 Projected	Change	FY 2020 Projected	Change	FY 2021 Projected	Change
TOTAL STATE OPERATING FUNDS	2,199	2,176	-1.0%	2,287	5.1%	2,384	4.2%	2,513	5.4%
Special Education	1,315	1,341	2.0%	1,450	8.1%	1,568	8.1%	1,688	7.7%
All Other Education	884	835	-5.5%	837	0.2%	816	-2.5%	825	1.1%

The State helps fund special education services for approximately 500,000 students with disabilities, from ages 3 to 21. Major programs under the Office of Prekindergarten through Grade 12 address specialized student needs or reimburse school districts for education-related services, including the school breakfast and lunch programs, after-school programs and other educational grant programs. Cultural education includes aid for operating expenses for the major cultural institutions of the State Archives, State Library, and State Museum, as well as support for the Office of Educational Television and Public Broadcasting. Higher and professional education programs monitor the quality and availability of post-secondary education programs, and license and regulate over 50 professions. Adult career and continuing education services focus on the education and employment needs of the State's adult citizens, ensuring that such individuals have access to a one-stop source for all their employment needs, and are made aware of the full range of services available in other agencies.

FY 2018 Special Education spending is projected to increase by 2.0 percent. A projected decline in All Other Education spending is primarily attributable to the expiration of a two-year appropriation to reimburse nonpublic schools for State-mandated services in prior years. However, this change is partially offset by increased payments to charter schools, as well as an increase in facilities aid.

Continued growth in FY 2019 and beyond for Special Education is attributable to increased State reimbursement to special education providers for minimum wage costs, as well as projected enrollment and cost growth in preschool and summer school special education programs.

STAR Program

The STAR program provides school tax relief to taxpayers by exempting the first \$30,000 of every eligible homeowner's property value from the local school tax levy. Lower-income senior citizens receive a \$65,500 exemption in FY 2018. The DTF oversees local property assessment administration, and is responsible for establishing STAR property tax exemption amounts.

The three components of STAR and their approximate share of projected FY 2018 program costs are: the basic school property tax exemption for homeowners with incomes under \$500,000 (59 percent); the enhanced school property tax exemption for senior citizen homeowners with incomes under \$86,000 (30 percent); and a flat refundable credit and rate reduction benefit for income-eligible resident New York City personal income taxpayers (11 percent). The FY 2018 Executive Budget proposes to convert the New York City PIT rate reduction benefit into a PIT tax credit, which will reduce and eventually eliminate it as a component of State Operating Funds spending. This change will have no impact on the value of the STAR benefit received by taxpayers.

STAR property tax exemption spending reflects reimbursements made to school districts to offset a reduction in the amount of property tax revenue collected from STAR-eligible homeowners. In FY 2017, the STAR exemption program began a gradual shift from a spending program into a pre-paid refundable PIT credit program, with this change applying to first-time homebuyers and to homeowners who move. Likewise, this change will have no impact on the value of the STAR benefit received by homeowners.

SCHOOL TAX RELIEF (STAR) - REVENUE REDUCTION RESULTING FROM STAR ACTIONS (millions of dollars)									
	FY 2017 Current	FY 2018 Proposed	Change	FY 2019 Projected	Change	FY 2020 Projected	Change	FY 2021 Projected	Change
TOTAL STATE OPERATING FUNDS	3,208	2,606	-18.8%	2,448	-6.1%	2,336	-4.6%	2,278	-2.5%
Total STAR Program Costs	3,393	3,080	-9.2%	3,351	8.8%	3,336	-0.4%	3,382	1.4%
Total Personal Income Credit	(185)	(474)	-156.2%	(903)	-90.5%	(1,000)	-10.7%	(1,104)	-10.4%
Basic Exemption	1,744	1,661	-4.8%	1,599	-3.7%	1,526	-4.6%	1,487	-2.6%
Gross Costs	1,808	1,785	1,780	1,761	1,780	1,761	1,780	1,780	
Personal Income Credit	(64)	(124)	(181)	(235)	(235)	(235)	(293)	(293)	
Enhanced (Senior) Exemption	936	890	-4.9%	849	-4.6%	810	-4.6%	791	-2.3%
Gross Costs	970	956	945	935	935	935	946	946	
Personal Income Credit	(34)	(66)	(96)	(125)	(125)	(125)	(155)	(155)	
New York City PIT	528	55	-89.6%	0	-100.0%	0	0.0%	0	0.0%
Gross Costs	615	339	626	640	640	640	656	656	
Personal Income Credit	(87)	(284)	(626)	(640)	(640)	(640)	(656)	(656)	

Much of the spending decline projected for FY 2018 is due to a change in the timing as to when the NYC rate reduction benefit is paid out, upon conversion to a PIT credit. Further reductions in STAR spending will be achieved by a cap on the annual growth in the exemption benefit (which would be capped at a flat 0 percent), and by making enrollment in the Income Verification Program mandatory for enhanced beneficiaries.

Proposed STAR actions, as well as STAR actions enacted with the FY 2017 budget, will result in reduced revenues in addition to the changes in spending noted above. Projected revenue reductions will increase over the course of the financial plan as STAR actions are implemented, in particular those driven by the conversion of the New York City PIT rate reduction benefit.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Higher Education

Local assistance for higher education spending includes funding for CUNY, SUNY, and the Higher Education Services Corporation (HESC).

HIGHER EDUCATION (millions of dollars)									
	FY 2017 Current	FY 2018 Proposed	Change	FY 2019 Projected	Change	FY 2020 Projected	Change	FY 2021 Projected	Change

Tuition Assistance Program	954	990	3.8%	1,012	2.2%	1,022	1.0%	1,030	0.8%
Scholarships/Awards	56	102	82.1%	161	57.8%	186	15.5%	201	8.1%
Aid for Part-Time Study	12	12	0.0%	12	0.0%	12	0.0%	12	0.0%
State University	509	483	-5.1%	492	1.9%	491	-0.2%	491	0.0%
Community College	504	478	-5.2%	487	1.9%	486	-0.2%	486	0.0%
Other/Cornell	5	5	0.0%	5	0.0%	5	0.0%	5	0.0%

SUNY and CUNY administer 47 four-year colleges and graduate schools with a total enrollment of 403,000 full- and part-time students. SUNY and CUNY also operate 37 community colleges, serving 324,000 students. State funds are used to support a significant portion of SUNY and CUNY operations, including employee fringe benefit costs. The State also provides a sizeable benefit to CUNY and SUNY by paying the debt service on bond-financed capital projects at the university systems. State debt service payments for capital projects at SUNY and CUNY are expected to total about \$1.3 billion in FY 2018, an increase of \$102 million from FY 2017 levels (not reflected in annual spending totals for the university systems).

HESC administers the Tuition Assistance Program (TAP), which provides financial awards to income-eligible students. It also provides centralized processing for other student financial aid programs, and offers prospective students information and guidance on how to finance a college education. The financial aid programs that HESC administers are funded by the State and the Federal government.

In total, spending is projected to remain roughly even from FY 2017 to FY 2018. Decreases in spending reflect a projected enrollment decline at SUNY community colleges, changes in the timing of certain CUNY payments in FY 2018, and the sale of certain CUNY building assets. This is offset in FY 2018 by new higher education initiatives. The Excelsior Scholarship program will allow students of families making up to \$125,000 per year to attend college tuition-free at all public universities in New York State. Enrollment growth associated with the Excelsior Scholarship program will also drive additional spending in community college operating aid and student financial assistance through TAP. In addition to the Excelsior Scholarship program, the FY 2018 Executive Budget provides student financial assistance to undocumented immigrant students pursuing higher education in New York State through implementation of the DREAM Act.

Health Care

Local assistance for health care-related spending includes Medicaid, statewide public health programs and a variety of mental hygiene programs. The State DOH works with local health departments and social services departments, including those located in New York City, to coordinate and administer statewide health insurance programs and activities. The majority of government-financed health care programs are included under DOH, but a number of programs are also supported through multi-agency efforts.

DOH is also engaged in a multi-year initiative to implement the DSRIP program through an approved Federal waiver amendment to reinvest \$8 billion in Federal savings generated by the MRT reforms. The DSRIP program will promote community-level collaborations and focus on system reform, specifically a goal to achieve 25 percent reduction in avoidable hospital use over five years. The Executive Budget Financial Plan reflects the impact of the DSRIP program through additional Federal funds disbursements of nearly \$8 billion through FY 2021, with the remaining funds expected to be disbursed beyond FY 2021. A portion of DSRIP funding flows through the SUNY hospital system and other State-operated health care facilities.

Medicaid

Medicaid is a means-tested program that finances health care services for low-income individuals and long-term care services for the elderly and disabled, primarily through payments to health care providers. The Medicaid program is financed jointly by the State, the Federal government, and local governments. Eligible services include inpatient hospital care, outpatient hospital services, clinics, nursing homes, managed care, prescription drugs, home care and services provided in a variety of community-based settings (including mental health, substance abuse treatment, developmental disabilities services, school-based services and foster care services).

In FY 2012, legislation was enacted to limit the year-to-year growth in DOH State funds Medicaid spending to the ten-year rolling average of the medical component of the CPI. The statutory provisions of the Medicaid spending cap (or “Global Cap”) also allow for flexibility in adjusting Medicaid projections to meet unanticipated costs resulting from a disaster. Certain authorizations exist which allow the Governor to take actions to reduce Medicaid spending in order to maintain spending within the Global Cap limit.

The Executive Budget Financial Plan reflects the continuation of the Medicaid spending cap through FY 2019, and the projections assume that statutory authority will be extended in subsequent years. Allowable growth under the cap for medical services is 3.2 percent for FY 2018. Reflecting projected medical CPI growth, DOB currently forecasts allowable cap growth at 3.1 percent in FY 2019, and has updated forecast projections to assume growth of 2.9 percent in FY 2020 and 2.8 percent in FY 2021.

State Financial Plan Projections Fiscal Years 2017 Through 2021

MEDICAID GLOBAL CAP FORECAST (millions of dollars)					
	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021
Global Medicaid Cap¹	17,692	18,259	18,825	19,371	19,914
Annual % Change		3.2%	3.1%	2.9%	2.8%

¹ Under the Global Cap, forecasted Medicaid services growth is indexed to the 10-year average of the medical component of the CPI.

The indexed provisions of the Global Cap apply to a majority of the State share of Medicaid spending that is budgeted and expended principally through DOH. However, the Global Cap is adjusted for State costs associated with the takeover of local Medicaid growth and the multi-year assumption of local Medicaid administration, increased Federal Financial Participation (FFP) pursuant to the ACA that became effective in January 2014, as well as the statewide minimum wage increases authorized in the FY 2017 Enacted Budget. State share Medicaid spending also appears in the Executive Budget Financial Plan estimates for other State agencies, including the mental hygiene agencies, child welfare programs, and education aid.

TOTAL STATE-SHARE MEDICAID DISBURSEMENTS ¹ (millions of dollars)					
	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021
	Current	Proposed	Projected	Projected	Projected

Annual \$ Change		1,016	1,131	1,169	955
Annual % Change		4.6%	4.9%	4.8%	3.7%
Essential Plan³	714	477	361	380	396

¹ DOH spending in the Financial Plan includes certain items that are excluded from the indexed provisions of the Medicaid Global Cap. This includes administrative costs, such as the takeover of local administrative responsibilities; the decision of Monroe County to participate in the Medicaid local cap program, rather than continuing the sales tax intercept option; increased Federal Financial Participation that became effective in January 2014; and minimum wage increases.

² Tobacco MSA proceeds will be deposited directly to the MMIS Escrow Fund to cover total State share support for Medicaid.

³ The EP is not a Medicaid program; however, State-funded resources for the EP are managed under the Medicaid Global Cap.

The State share of DOH Medicaid spending is financed by a combination of the General Fund, HCRA resources, indigent care support, provider assessment revenue, and tobacco settlement proceeds. The following table provides information on the financing sources for State Medicaid spending (more information on HCRA can be found in the section entitled "HCRA Financial Plan.")

DEPARTMENT OF HEALTH MEDICAID ^{1,2} (millions of dollars)									
	FY 2017 Current	FY 2018 Proposed	Change	FY 2019 Projected	Change	FY 2020 Projected	Change	FY 2021 Projected	Change

Provider Assessment Revenue	852	832	-2.3%	832	0.0%	831	-0.1%	832	0.1%

¹ The EP is not a Medicaid program; however, State funded resources for EP are managed under the Medicaid Global Cap.
² Does not include Medicaid spending in other State agencies, transfers, or the local government share of total Medicaid program spending.
³ The DOH Medicaid budget includes resources to fund a portion of Medicaid-related Mental Hygiene program costs under the Global Cap.
⁴ As of County Year 2015 the full share of local Medicaid growth has been financed with State resources.
⁵ MSA payments will be deposited directly to the MMIS Escrow Fund to cover a portion of the State's share of local Medicaid growth.

The FY 2018 Executive Budget Financial Plan includes \$382 million in annual savings through the shift of additional OPWDD-related Medicaid expenses to the Global Cap. To achieve savings within the Global Cap necessary to support these additional costs, DOH will continue to implement various MRT actions to improve the efficiency and effectiveness in delivery of the statewide Medicaid program. These actions include savings associated with proposals to collaborate with New York City to increase Medicaid claiming levels for school supportive health services; the establishment of a benchmark price for high-cost pharmaceuticals; utilization of BIP funds to support Federal wage requirements; a requirement for Medicare enrollment among Medicaid beneficiaries who are dually eligible for both programs, with Medicare providing the first level of insurance coverage; and an increase to the costs shared by certain beneficiaries within the EP program, whereby such individuals would be required to contribute a monthly premium indexed to grow annually to the rate of the medical component of the CPI.

The FY 2018 Executive Budget Financial Plan includes authorization to use MSA payments to fund a portion of the non-Federal share of annual Medicaid growth, which the State pays on behalf of local governments. The use of MSA payments will not affect total funding for the Medicaid program, but is expected to provide Financial Plan relief through lower annual General Fund Medicaid disbursements. The table below displays the adjusted funding shares.

FUNDING SOURCES FOR STATE MEDICAID CONTRIBUTIONS (millions of dollars)					
	FY 2017 Current	FY 2018 Proposed	FY 2019 Projected	FY 2020 Projected	FY 2021 Projected
State Share Support	18,556	19,517	20,589	21,576	22,345
State Funds Medicaid Disbursements	18,556	19,392	20,189	21,176	21,945
MSA Payments (Local Growth)	0	125	400	400	400

State Financial Plan Projections Fiscal Years 2017 Through 2021

The FY 2018 Executive Budget Financial Plan includes the cost of Medicaid support associated with the regionally-based multi-year phase-in of statewide minimum wage increases, including the impact of legislation (Chapter 56 of the Laws of 2016) which ensures that rates for the total compensation for home health care workers in Westchester, New York, Nassau, and Suffolk counties will be increased commensurate to the schedule of statutory minimum wage increases.¹² The impact of these Minimum wage initiatives is projected to increase annual Medicaid spending above statutory Global Cap limits by \$44 million in FY 2017; \$255 million in FY 2018; \$579 million in FY 2019; \$838 million in FY 2020; and \$881 million in FY 2021.

Fluctuation in enrollment, costs of provider health care services, and health care utilization levels are among the factors that drive higher Medicaid spending within the Global Cap. The number of Medicaid recipients is expected to exceed 6.2 million by the end of FY 2017, a slight increase from FY 2016 caseload of nearly 6.1 million. This moderate increase is in part driven by the continued transition of individuals from Medicaid to EP program enrollment.

The ability to offset rising costs within the Medicaid Global Cap exists through the Medicaid integrity and efficiency initiative, which was authorized in the FY 2017 Enacted Budget. Upon election by a local service district to participate in this initiative, DOH and such local service district may formulate a plan to achieve new audit recoveries, efficiencies and other cost avoidance measures to provide savings. Financial Plan savings associated with the Medicaid program are realized through the Mental Hygiene Global Cap Adjustment, which finances certain OPWDD-related Medicaid costs available under the Global Cap, as noted above.

Many of the policies that drive Federal aid are subject to change with the new presidential administration and Congress. It is not possible at this time to predict the potential fiscal impact of policies that may be proposed and adopted by the new administration and Congress.

¹² Home health care workers in these counties receive a benefit portion of total compensation in addition to their wage-based compensation rate levels (\$4.09 for New York; \$3.22 for Westchester, Nassau, and Suffolk), resulting in total compensation which would have otherwise exceeded minimum wage levels and therefore was not factored into previous cost analysis. The impact of this legislation, however, effectively exempts the benefit portion of total compensation from the minimum wage calculation and ensures that home health care workers in these counties will receive incremental growth in wage compensation commensurate to the new minimum wage schedule.

Essential Plan

The EP is a health insurance program which receives Federal subsidies authorized through the ACA. The FY 2015 Enacted Budget authorized the State to participate in the EP, which includes health insurance coverage for certain legally residing immigrants previously receiving State-only Medicaid coverage. Individuals who meet the EP eligibility standards are enrolled through the NYSOH health benefit exchange, with the cost of insurance premiums subsidized by the State and Federal governments. When fully implemented, approximately 90 percent of program expenditures are expected to be paid by the Federal government.

ESSENTIAL PLAN (millions of dollars)									
	FY 2017 Current	FY 2018 Proposed	Change	FY 2019 Projected	Change	FY 2020 Projected	Change	FY 2021 Projected	Change
TOTAL ALL FUNDS SPENDING	3,731	4,224	13.2%	4,466	5.7%	4,858	8.8%	5,338	9.9%
State Operating Funds	714	477	-33.2%	361	-24.3%	380	5.3%	396	4.2%
Local Assistance	666	417	-37.4%	297	-28.8%	306	3.0%	316	3.3%
State Operations	48	60	25.0%	64	6.7%	74	15.6%	80	8.1%
Federal Operating Funds	3,017	3,747	24.2%	4,105	9.6%	4,478	9.1%	4,942	10.4%

The Executive Budget Financial Plan includes a sharp increase in FY 2017 program spending due to increased enrollment levels, with gradual declines in State funded costs through FY 2019. Increased program costs associated with rising enrollment levels are anticipated to be partially or fully offset in future years from Federal resources, as growth in the NYSOH index premium that is linked to Federal Basic Health Plan Trust Fund contribution is expected to exceed the growth rate of State-funded EP premium reimbursement. The Federal match percentage is forecast to increase from 81 percent in FY 2017 to 93 percent in FY 2021, in recognition of the anticipated growth in the NYSOH index premium.

The State's costs associated with the EP program and related savings are managed within the total available resources of the Medicaid Global Cap. This includes a portion of spending associated with increasing EP enrollment in part, reflecting the transition of certain individuals from the Medicaid program to the EP program based on changes in income levels. In the FY 2018 Executive Budget, additional program savings with the Global Cap are anticipated from a proposal which would require certain beneficiaries of the EP program to contribute a monthly premium toward the cost of coverage, as well as an increase to co-payments at the point of service. Beginning in 2018, premium contributions will be indexed to grow at an annual rate equal to the medical component of the CPI.

Many of the policies that drive Federal aid are subject to change with the new presidential administration and Congress. It is not possible at this time to assess the potential fiscal impact of policies that may be proposed and adopted by the new administration and Congress.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Public Health/Aging Programs

Public Health includes the Child Health Plus (CHP) program that finances health insurance coverage for children of low-income families, up to the age of 19; the GPHW program that reimburses local health departments for the cost of providing certain public health services; the Elderly Pharmaceutical Insurance Coverage (EPIC) program that provides prescription drug insurance to seniors; and the EI program that pays for services to infants and toddlers under the age of three, with disabilities or developmental delays. Many public health programs, such as EI and GPHW programs, are run by county health departments that are reimbursed by the State for a share of program costs. The State spending projections do not include the county share of public health costs. In addition, a significant portion of HCRA spending is included under the Public Health budget.

The State Office for the Aging (SOFA) promotes and administers programs and services for New Yorkers 60 years of age and older. SOFA primarily oversees community-based services (including in-home services and nutrition assistance) provided through a network of county Area Agencies on Aging (AAA) and local providers.

Early Intervention	173	171	-1.2%	159	-7.0%	159	0.0%	159	0.0%
HCRA Program	380	321	-15.5%	322	0.3%	326	1.2%	331	1.5%
All Other	394	408	3.6%	420	2.9%	430	2.4%	440	2.3%
Aging	125	120	-4.0%	125	4.2%	130	4.0%	135	3.8%

The FY 2018 Executive Budget Financial Plan includes an initiative to consolidate HCRA funded programs with other public health programs within the General Fund, restructuring the consolidated programs to add flexibility, while also achieving annual savings of \$25 million through a 20 percent overall funding reduction. This proposal will allow DOH to ensure sufficient funding is available to support and prioritize ongoing and emerging health care needs.

The FY 2018 Executive Budget includes a reduction of GPHW reimbursement to New York City, from 36 percent to 29 percent, in order to improve the distribution balance of GPHW funding across the State. This proposal will generate savings of \$11 million in FY 2018, with full annual savings of \$22 million thereafter.

The FY 2018 Executive Budget includes a proposal to require commercial insurers to pay for EI services in an effort to create effective payment systems by increasing the timeliness and volume of provider payments. This will result in savings of \$4 million in FY 2018, with recurring annual savings of \$14 million. These savings will mitigate baseline cost increases associated with growing enrollment levels.

CHP spending is anticipated to increase in FY 2020, reflecting the scheduled expiration of enhanced Federal support currently provided through the ACA.

Spending for Aging reflects the use of available Federal BIP funds beginning in FY 2018 to support the expansion of the NY Connects/No Wrong Door program.

HCRA Financial Plan

HCRA was established in 1996 to help fund a portion of State health care activities. Extensions and modifications to HCRA have financed new health care programs, including Family Health Plus (FHP) and CHP. HCRA has also provided additional funding for the health care industry, including investments in worker recruitment and retention, and Doctors Across New York program. The HCRA authorization is extended through FY 2020, pursuant to legislation included in the FY 2018 Executive Budget.

HCRA receipts include surcharges and assessments on hospital revenues, a “covered lives” assessment paid by insurance carriers, and a portion of cigarette tax revenues. In total, HCRA resources are used to fund roughly 25 percent of the State share of Medicaid, as well as CHP, the NYSOH, EPIC, Physician Excess Medical Malpractice Insurance, and Indigent Care payments (the latter of which provides funding to hospitals serving a disproportionate share of individuals without health insurance).

¹ In FY 2017, NYSOH spending will be financed with available HCRA resources through the Medicaid program.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Total HCRA receipts are forecast to grow moderately through FY 2020 in relation to higher surcharge collections generated, in part, from an increase of Upper Payment Limit (UPL) disbursements due to timely Federal approval, as well as continued growth in utilization levels. Relative to previous assumptions, and based on experience to date, this growth has been reflected in the FY 2018 Executive Budget Financial Plan through additional surcharge collections of \$25 million in FY 2018 through FY 2021. Covered lives revenue has also been revised upward to recognize an additional \$65 million of resources, in relation to utilization for certain public health programs and the extension of the reconciliation suspension, in FYs 2018 through 2020. Cigarette taxes have been revised upward by \$2 million in each year based on collections to date.

For the current year, surcharge and covered lives revenue collections have been increased by \$85 million and \$45 million, respectively, to reflect continued strength in current year collections.

The level of annual growth forecast for total HCRA revenue through the remainder of the multi-year planning period mainly reflects anticipation of increased collections due to expanded health insurance coverage through the ACA, and increases consistent with historic collection patterns. Continued outyear declines for cigarette tax collections, attributable to declining taxable consumption, partly offset total HCRA receipts growth.

DOH's proposal to consolidate certain public health programs result in the shift of approximately \$52 million of HCRA-funded programs to the General Fund, which will then be combined with other existing public health programs to generate net Financial Plan savings of \$25 million annually through the creation of more flexible and efficient health care funding access. Additionally, \$21 million in funding for the Roswell Park Cancer Institute will be shifted over into the Capital Projects Fund. Funding for the QHP portion of the NYSOH health benefit exchange, which will shift to HCRA from the Medicaid budget, will be reduced by \$17 million in FY 2018 through the utilization of additional available Federal resources.

The Executive Budget also includes a three-year extension of program support, estimated at \$40 million in each year, for the SHIN-NY/APCD infrastructure development initiative to improve the informational and data capabilities associated with claiming records.

Over the multi-year Financial Plan period, the most significant area of spending growth is reflected in the CHP program, as the enhanced level of Federal resources provided through the ACA is scheduled to expire after September 30, 2019.

HCRA is expected to remain in balance over the multi-year projection period. Under the current HCRA appropriation structure, spending reductions will occur if resources are insufficient to meet spending levels. Any potential spending reductions could affect General Fund Medicaid funding or HCRA programs. Conversely, any unanticipated balances or excess resources in HCRA are expected to fund Medicaid costs that would otherwise be paid from the General Fund.

Mental Hygiene

The Department of Mental Hygiene is comprised of the OPWDD, OMH, Office of Alcoholism and Substance Abuse Services (OASAS), the Developmental Disabilities Planning Council (DDPC), and the Justice Center for the Protection of People with Special Needs (Justice Center). Services are administered to adults with serious mental illness; children with serious emotional disturbances; individuals with developmental disabilities and their families; persons with chemical dependencies; and individuals with compulsive gambling problems.

These agencies provide services directly to their clients through State-operated facilities, and indirectly through community service providers. The costs associated with providing these services are supported by reimbursement from Medicaid, Medicare, third-party insurance and State funding. Patient care revenues are pledged first to the payment of debt service on outstanding mental hygiene bonds, which were issued to finance infrastructure improvements at State mental hygiene facilities, with the remaining revenue used to support State operating costs.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Local assistance accounts for approximately 40 percent of total mental hygiene spending from State Operating Funds, and is projected to grow by an average rate of 7.8 percent annually. The main factors driving this level of growth are enhancing community mental health services; enhancing community-based employment and residential opportunities for individuals with disabilities; and funding not-for-profit providers for growth in employee wages related to minimum wage increases.

The FY 2018 Executive Budget provides approximately \$140 million in increased local assistance funding for mental hygiene agencies. The spending increase is largely related to new community investments in OPWDD and OMH, as individuals are transitioned from State-operated services to community-integrated settings; new service investments in the OPWDD system, including funding to promote access to vital supports and services for individuals aging out of their educational settings or moving from home, community reinvestment for individuals relocating from institutional settings, the expansion of the Systemic Therapeutic Assessment Respite and Treatment (START) model to downstate and funding to support the direct cost of minimum wage increases; transition of new residential beds opening in the mental health provider community; and funding in OASAS to address the heroin and opioid crisis.

This funding increase is offset by technical adjustments to the Medicaid Global Cap (\$189 million), as a greater share of OPWDD-related spending will be financed from Global Cap resources. These technical adjustments have no impact on service delivery or operations of OMH, OPWDD, OASAS or the Justice Center.

State Funds local assistance spending for mental hygiene services is expected to increase in FY 2019 relative to the current and budget year projections. This FY 2019 spending growth is unrelated to program enhancements or trends, and primarily reflects the impact of expiring Federal BIP resources and the timing of payment recoveries with mental health service providers.

The Executive Budget Financial Plan reflects state operations savings associated with the transition of certain State-operated inpatient and supported residential placements to integrated community-based settings where individual service needs can be sized more appropriately and provided more cost-efficiently, as noted above.

Social Services

Office of Temporary and Disability Assistance (OTDA)

OTDA local assistance programs provide cash benefits and supportive services to low-income families. The State’s three main programs include Family Assistance, Safety Net Assistance and Supplemental Security Income (SSI). The Family Assistance program, funded by the Federal government, provides time-limited cash assistance to eligible families. The Safety Net Assistance program, funded by the State and local districts, provides cash assistance for single adults, childless couples, and families that have exhausted their five-year limit on Family Assistance imposed by Federal law. The State SSI Supplementation program provides a supplement to the Federal SSI benefit for the elderly, visually handicapped, and disabled.

TEMPORARY AND DISABILITY ASSISTANCE (millions of dollars)									
	FY 2017 Current	FY 2018 Proposed	Change	FY 2019 Projected	Change	FY 2020 Projected	Change	FY 2021 Projected	Change
TOTAL STATE OPERATING FUNDS	1,222	1,324	8.3%	1,347	1.7%	1,358	0.8%	1,361	0.2%
SSI	655	658	0.5%	661	0.5%	663	0.3%	667	0.6%
Public Assistance Benefits	454	538	18.5%	547	1.7%	547	0.0%	544	-0.5%
Public Assistance Initiatives	19	24	26.3%	33	37.5%	33	0.0%	32	-3.0%
All Other	94	104	10.6%	106	1.9%	115	8.5%	118	2.6%

OTDA spending on SSI is projected to increase between FY 2017 and FY 2018 and to continue to increase gradually over the course of the multi-year Financial Plan due to updated caseload projections. Public assistance benefits spending is projected to increase from FY 2017 to FY 2018 based on an update to DOB’s caseload models, with DOB projecting a total of 558,720 recipients in FY 2018. Approximately 230,387 families are expected to receive benefits through the Family Assistance program in FY 2018, a decrease of 1.9 percent from FY 2017. In the Safety Net program an average of 121,194 families are expected to be helped in FY 2018, a decrease of 1.7 percent from FY 2017. The caseload for single adults/childless couples supported through the Safety Net program is projected at 207,139 in FY 2018, an increase of 1.1 percent from FY 2017.

Spending in public assistance will increase from FY 2017 to FY 2018 due to a variety of factors including the expansion of HIV/AIDS Services Administration (HASA) benefits to all public assistance recipients living in New York City, a revision to the timing of payments to New York City beginning in FY 2017, and increased costs associated with litigation proceedings that will increase Safety Net Assistance expenditures. Growth is expected to be more gradual in the outyears.

State Financial Plan Projections Fiscal Years 2017 Through 2021

OCFS

OCFS provides funding for foster care, adoption, child protective services, preventive services, delinquency prevention, and child care. OCFS oversees the State’s system of family support and child welfare services administered by local social services departments and community-based organizations. Specifically, child welfare services, which are financed jointly by the Federal government, the State, and local districts, are structured to encourage local governments to invest in preventive services for reducing out-of-home placement of children. In addition, the Child Care Block Grant, which is also financed by a combination of Federal, State and local sources, supports child care subsidies for public assistance and low-income families.

CHILDREN AND FAMILY SERVICES									
(millions of dollars)									
	FY 2017	FY 2018		FY 2019		FY 2020		FY 2021	
	Current	Proposed	Change	Projected	Change	Projected	Change	Projected	Change
TOTAL STATE OPERATING FUNDS	1,701	1,591	-6.5%	1,693	6.4%	1,779	5.1%	1,792	0.7%
Child Welfare Service	482	472	-2.1%	482	2.1%	491	1.9%	501	2.0%
Foster Care Block Grant	445	388	-12.8%	393	1.3%	399	1.5%	400	0.3%
Adoption	149	144	-3.4%	143	-0.7%	141	-1.4%	145	2.8%
Day Care	208	213	2.4%	206	-3.3%	206	0.0%	207	0.5%
Youth Programs	143	138	-3.5%	188	36.2%	251	33.5%	239	-4.8%
Medicaid	97	96	-1.0%	101	5.2%	105	4.0%	114	8.6%
Committees on Special Education	44	26	-40.9%	27	3.8%	30	11.1%	33	10.0%
Adult Protective/Domestic Violence	32	33	3.1%	35	6.1%	36	2.9%	38	5.6%
All Other	101	81	-19.8%	118	45.7%	120	1.7%	115	-4.2%

OCFS spending is projected to decline from FY 2017 to FY 2018 due to a variety of factors, including restructuring the financing approach for foster care tuition and residential school placements of children with special needs in New York City; adjustments to the State share reimbursement under the Foster Care Block Grant to 50 percent; utilization of other funding sources, in this case Federal Title XX resources, to maintain funding for childcare subsidies; and the elimination of the planned Human Services Cost-of-Living-Adjustment (COLA) in FY 2018.

Spending is projected to increase in FY 2019 and into the outyears, primarily due to implementation of the “Raise the Age” initiative, which will increase the age of juvenile jurisdiction from 16 to 18.

Transportation

In FY 2018, the State will provide approximately \$5 billion in operating aid to mass transit systems, funded mainly from various dedicated taxes and fees. The MTA, the nation's largest transit and commuter rail system, receives the majority of this aid. The MTA receives additional, exclusive operating support from the MTA Financial Assistance Fund, authorized in May 2009 to collect regional taxes and fees imposed within the Metropolitan Commuter Transportation District (MCTD). The State collects these taxes and fees on behalf of, and disburses the entire amount to, the MTA. Pursuant to legislation enacted in December 2011, the MTA payroll tax was eliminated for all elementary and secondary schools and small business operators within the MCTD. The General Fund provides additional annual support to the MTA, subject to appropriation, to partially offset this revenue loss.

TRANSPORTATION (millions of dollars)									
	FY 2017	FY 2018		FY 2019		FY 2020		FY 2021

Local Transit Assistance	0	0	0.0%	9	100.0%	9	0.0%	9	0.0%
All Other	1	1	0.0%	0	-100.0%	0	0.0%	1	0.0%

Projected operating aid to the MTA and other transit systems reflects the current receipts forecast and timing associated with the availability of resources. The Executive Budget Financial Plan includes revised spending estimates for transit assistance in each year to reflect the most recent revenue forecast assumptions. In addition, taxes imposed on TNCs operating outside of New York City will be available to support non-MTA transit systems.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Local Government Assistance

Direct aid to local governments includes the Aid and Incentives for Municipalities (AIM) program, which was created in FY 2006 to consolidate various unrestricted local aid funding streams; miscellaneous financial assistance for certain counties, towns, and villages; and efficiency-based incentive grants provided to local governments.

LOCAL GOVERNMENT ASSISTANCE - AIM PROGRAM (millions of dollars)									
	FY 2017	FY 2018	Change	FY 2019	Change	FY 2020	Change	FY 2021	Change
	Current	Proposed		Projected		Projected		Projected	
TOTAL STATE OPERATING FUNDS	715	723	1.1%	763	5.5%	763	0.0%	763	0.0%
Big Four Cities	429	429	0.0%	429	0.0%	429	0.0%	429	0.0%
Other Cities	218	218	0.0%	218	0.0%	218	0.0%	218	0.0%
Towns and Villages	68	68	0.0%	68	0.0%	68	0.0%	68	0.0%
Restructuring/Efficiency	0	8	0.0%	48	500.0%	48	0.0%	48	0.0%

State Operating Funds spending for the various efficiency and restructuring grants within the AIM program is projected to grow modestly from FY 2017 to FY 2018, due to revisions in the timing of spending. Additional increases in the out-years reflect potential awards from the Financial Restructuring Board for Local Governments.

Agency Operations

Agency operating costs consist of Personal Service (PS), Non-Personal Service (NPS), and General State Charges (GSCs). PS includes the salaries of State employees of the Executive, Legislative, and Judicial branches, as well as the salaries of temporary/seasonal employees. NPS includes real estate rentals, utilities, contractual payments (i.e., consultants, Information Technology (IT), and professional business services), supplies and materials, equipment, and telephone service. GSCs, which are discussed separately, reflect the cost of fringe benefits (i.e., pensions, health insurance) provided to State employees and retirees of the Executive, Legislative and Judicial branches, and certain fixed costs paid by the State, such as taxes on public lands and litigations. Certain agency operating costs of DOT and the Department of Motor Vehicles (DMV) are included in the capital projects fund type and are not reflected in State Operating Funds. The PS estimates reflect current negotiated collective bargaining agreements.

Approximately 94 percent of the State workforce is unionized. The largest unions include CSEA, which represents office support staff and administrative personnel, machine operators, skilled trade workers, and therapeutic and custodial care staff; PEF, which represents professional and technical personnel (attorneys, nurses, accountants, engineers, social workers, and institution teachers); UUP, which represents faculty and nonteaching professional staff within the State University system; and NYSCOPBA, which represents security personnel (correction officers, safety and security officers).

The following table presents certain variables used in preparing the spending projections for agency operations.

FORECAST OF SELECTED PROGRAM MEASURES AFFECTING PERSONAL SERVICE AND FRINGE BENEFITS						
	FY 2016	FY 2017	FY 2018	Forecast		
	Results	Current	Projected	FY 2019 Projected	FY 2020 Projected	FY 2021 Projected
Negotiated Base Salary Increases ¹						
CSEA/Council 82/UUP/DC-37	2%	TBD	TBD	TBD	TBD	TBD
PEF/GSEU/MC	2%	2%	2%	2%	TBD	TBD
NYSBPA/NYSPIA ²	2%	1.5%	1.5%	TBD	TBD	TBD

Before Amortization ⁴	25.5%	25.1%	25.3%	25.7%	27.1%	29.7%
After Amortization ⁵	27.6%	28.5%	28.3%	29.3%	30.7%	33.2%
Employee/Retiree Health Insurance Growth Rates	4.6%	6.3%	8.0%	6.3%	6.7%	6.6%
PS/Fringe as % of Receipts (All Funds Basis)	13.7%	13.7%	13.3%	13.4%	13.5%	13.8%

¹ Reflects current collective bargaining agreements with settled unions. GSEU and NYSCOPBA agreements require member ratification. NYSCOPBA, PEF and GSEU require enactment of paybills. Does not reflect potential impact of future negotiated labor agreements.

² Contracts contain "reopener" language which allows the union to reopen negotiations if any other State bargaining unit receives a general salary increase exceeding 1.5 percent in FY 2017 and in FY 2018.

³ Reflects workforce that is subject to direct Executive control.

⁴ Before amortization contribution rate reflects normal and administrative costs, contributions for the Group Life Insurance Plan (GLIP), and Chapter 41 of 2016 veterans' pension credit legislation.

⁵ After amortization contribution rate additionally includes new amortization, if any, and payments on prior amortizations.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Operating costs for PS/NPS are projected to increase modestly over the Financial Plan period from \$18.6 billion in FY 2018 to \$19.8 billion in FY 2021. Most executive agencies are expected to hold spending at FY 2017 levels. Increases in later years of the Financial Plan are driven mainly by juvenile justice reform, higher Medicaid administration expenses expected to support the NYSOH insurance exchange as available Federal funding expires, and an additional administrative payroll in FY 2021.

Executive agency operational costs are expected to total \$9.9 billion in FY 2018, a decline of \$285 million from FY 2017, driven by the reclassification of certain agency operating and equipment costs to more appropriately align with capital and Federal financing sources.

State Financial Plan Projections Fiscal Years 2017 Through 2021

The most significant changes include:

- **State Police:** Cost reductions primarily reflect the financing of certain State Police services by the recipients of such services. In addition certain personal service spending related to titles associated with the maintenance and preservation of State assets has been reclassified to the capital projects fund.
- **Medicaid Administration/EP:** Reduced spending starting in FY 2018 is mainly attributable to moving the QHP component of NYSOH administrative costs out of the Global Medicaid Cap into HCRA in Public Health.
- **Public Health:** Growth in FY 2018 is primarily due to creating distinct State Operations funding for the QHP component of the NYSOH program, as noted above. There is no net Financial Plan impact associated with this funding shift.
- **General Services:** Certain personal service spending related to titles associated with the maintenance and preservation of State assets are reclassified to the capital projects fund, which drives the spending decline in FY 2018.
- **Gaming:** A change in the accounting structure related to advertising costs whereby direct payment is made to the vendor instead of reimbursing the Gaming Commission.
- **Children and Family Services:** The Executive Budget proposes additional funding in OCFS to support raising the age of juvenile jurisdiction from 16 to 18 by January 1, 2020.
- **Information Technology Services:** Increases in IT Services from FY 2018 to FY 2021 are attributable to agency transfers for the continuous statewide IT consolidation, which is offset by efficiencies realized through the IT consolidation.
- **State University:** Higher SUNY spending over the Financial Plan period reflects anticipated operating needs at SUNY campuses and hospitals, supported through campus revenues, State funding and hospital revenues.
- **Judiciary:** The Budget reflects the Judiciary's request to increase operating support, including the addition of 200 non-judicial positions in support of trial court operations and temporary service funding for acting city, town and village justices.
- **Potential Labor agreements:** Reflects costs of the recently negotiated settlement agreements with PEF and NYSCOPBA, and assumes the PEF model will be provided to all other employee unions, as well as unrepresented M/C employees.

- Agency Financial Management Plans:** All Executive agencies will be required to implement cost-control measures on a recurring basis, starting in FY 2018. The Executive Budget includes \$500 million in annual savings that is expected to be allocated to agencies at a future date as agency management plans are completed. Agency plans must preserve funding for mission critical efforts and strategic initiatives with agencies identifying cost efficiencies and reducing State Operating Funds spending in FY 2018.

Workforce

In FY 2018, \$12.8 billion or 13.1 percent of the State Operating Funds budget is projected to be spent on PS costs. This funding supports roughly 95,000 FTE employees under direct Executive control; individuals employed by SUNY and CUNY (43,252) and Independent Agencies (18,276); employees paid on a non-annual salaried basis; and overtime pay. Roughly 60 percent of all Executive agency PS spending occurs in three areas: SUNY, the mental hygiene agencies, and DOCCS.

STATE OPERATING FUNDS FY 2018 FTEs ¹ AND PERSONAL SERVICE SPENDING BY AGENCY (millions of dollars)

Total	12,840	156,508

¹ FTEs represent the number of annual-salaried full-time filled positions (e.g., one FTE may represent a single employee serving at 100 percent full-time, or a combination of employees serving at less than full-time that, when combined, equal a full-time position). The reported FTEs do not include non-annual salaried positions, such as positions filled on an hourly, per-diem or seasonal basis.

² CUNY employees are funded primarily through an agency trust fund that supports an additional 13,166 FTEs, which are excluded from this table.

³ Legislative employees are nonannual salaried and are excluded from this table, with the exception of the Lieutenant Governor, who serves as President of the Senate.

State Financial Plan Projections Fiscal Years 2017 Through 2021

General State Charges

Employee fringe benefit payments, many of which are mandated by statute or collective bargaining agreements, include employer contributions for pensions, the State's employer-share of Social Security, health insurance, workers' compensation, unemployment insurance, survivors' benefits fund, employee benefits funds, and dental and vision benefits. The majority of employee fringe benefit costs are paid centrally from statewide appropriations in the GSCs budget.¹³ The Judiciary pays its fringe benefit costs directly.

Employee fringe benefits that are paid through GSCs are financed from the General Fund in the first instance, and then partially reimbursed by revenue collected from fringe benefit assessments. The largest reimbursement to the General Fund comes from the mental hygiene agencies, which combined account for nearly half of all payments.

GSCs also include fixed costs for several categories including State payments in lieu of taxes (PILOT), payments for local assessments on State-owned land, and judgments against the State pursuant to the Court of Claims Act.

GSCs are projected to increase at an average annual rate of 5.9 percent over the multi-year Financial Plan period, driven primarily by cost increases for workers' compensation, growing pension contribution levels, and the employer share of costs for employee and retiree health insurance benefits.

In FY 2018, State Operating Funds spending for GSCs is projected to increase by \$309 million (4.0 percent). Health insurance increases reflect rising prescription drug costs, greater use of more expensive specialty drugs for chronic conditions, generic drug price inflation, increased outpatient utilization, and increased inpatient/outpatient utilization in Mental Health. Pension cost increases are driven by actual and forecasted salary base assumptions and the repayment of prior-year amortizations, partially offset by an increase in lower cost Tier 6 entrants.

¹³ As of July 2015, SUNY Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA- CREF) and other SUNY fringe benefit costs are no longer paid directly by SUNY, and have been shifted to the central statewide appropriation.

Growth in base GSC spending in FY 2018 has been partly offset by gap-closing savings of approximately \$81 million included as part of the Executive Budget Financial Plan, as well as the expected use of an additional \$105 million from SIF reserves to reduce Workers' Compensation costs in FY 2018. The savings are primarily driven by \$63 million in interest savings achieved by paying the full State pension bill in April 2016, rather than on a monthly basis as the Financial Plan previously assumed.

Health insurance savings are expected from the proposed sliding scale of premium contributions from newly hired employees, based on years of service. Under this proposal, new employees would contribute more toward health insurance premiums, with the contribution increases lessened until at 30 years of service employees would see no impact to their contributions from current levels. The FY 2018 Executive Budget also proposes to cease subsidy of high income Medicare Part B premiums, and also to freeze the standard Medicare Part B reimbursement rates at 2016 levels. These proposals would generate modest savings of approximately \$9 million in FY 2018, but when fully implemented, annual savings are anticipated to increase to approximately \$32 million in FY 2019, \$39 million in FY 2020, and \$51 million in FY 2021.

Over the multi-year Financial Plan period, outyear pension costs are anticipated to increase based on a model that reflects forecasted salary base information and the continuation of modest investment returns, as experienced in the past year. Health insurance growth reflects utilization and forecasted rate renewal increases. Underlying workers' compensation growth is driven by an increase in funding liability, while net Financial Plan funding reflects the use of excess balances which are scheduled to be transferred by the WCB directly to SIF, or accessed directly from available balances residing with SIF, to partially offset workers' compensation payments from General Fund resources through FY 2020.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Transfers to Other Funds (General Fund Basis)

General Fund transfers help finance the State's share of Medicaid costs for mental hygiene facilities, debt service for bonds that do not have dedicated revenues, SUNY operating costs, certain capital initiatives, and a range of other activities.

¹ Includes transfers related to the multi-year OPWDD disallowance repayments.

A significant portion of the capital and operating expenses of DOT and DMV are funded from DHBTF, which receives various dedicated tax and fee revenues, including statutory allocations of PBT, motor fuel tax, and highway use taxes. The Executive Budget Financial Plan includes transfers from the General Fund that effectively subsidize the expenses of the DHBTF, as the cumulative expenses of the fund (DOT and DMV capital and operating expenses, and certain debt service on transportation bonds) exceed current and projected revenue deposits and bond proceeds.

General Fund transfers to other funds are expected to total \$11.1 billion in FY 2018, a modest \$11 million increase from FY 2017. This decline is primarily attributable to \$855 million less in transfers to the State Capital Projects Fund which reflects the planned repayment of funds related to debt management actions, offset by an \$955 million increase in transfers of monetary settlement funds to capital projects funds in FY 2018. In addition, increased transfers to support the DHBTF and debt service driven by FY 2016 prepayments of FY 2017 expenses are partially offset by a decline in State share Medicaid transfers in FY 2018 reflects the continuation of lower reimbursement levels for State-operated mental hygiene services, in part due to ongoing deinstitutionalization efforts and transitioning of services to the provided community.

State Financial Plan Projections Fiscal Years 2017 Through 2021

Debt Service

The State pays debt service on all outstanding State-supported bonds. These include General Obligation bonds, for which the State is constitutionally obligated to pay debt service, as well as certain bonds issued by State public authorities, such as Empire State Development (ESD), DASNY, and the New York State Thruway Authority (NYSTA), subject to appropriation. Depending on the credit structure, debt service is financed by transfers from the General Fund, dedicated taxes and fees, and other resources such as patient income revenues.

DEBT SERVICE SPENDING PROJECTIONS (millions of dollars)									
	FY 2017 Current	FY 2018 Proposed	Change	FY 2019 Projected	Change	FY 2020 Projected	Change	FY 2021 Projected	Change
General Fund	927	946	2.0%	1,156	22.2%	1,050	-9.2%	1,115	6.2%
Other State Support	4,383	4,620	5.4%	5,301	14.7%	6,043	14.0%	6,283	4.0%
State Operating/All Funds Total	5,310	5,566	4.8%	6,457	16.0%	7,093	9.8%	7,398	4.3%

Total State Operating/All Funds debt service is projected at \$5.6 billion in FY 2018, of which approximately \$946 million is paid from the General Fund via transfers, and \$4.6 billion from other State funds supported by dedicated tax receipts. The General Fund transfer finances debt service payments on General Obligation and service contract bonds. Debt service for the State's revenue bonds is paid directly from other State funds, subject to appropriation, including PIT and Sales Tax bonds, DHBTB bonds, and mental health facilities bonds.

Executive Budget estimates for debt service spending have been revised to reflect increased debt service costs associated with proposed additional bond-financed capital for ORDA. FY 2017 debt service spending estimates continue to assume the prepayment of \$280 million of debt service due during FY 2018.

FY 2017 Year-To-Date Operating Results

This section provides a summary of operating results for April 2016 through December 2016 compared to: (1) the initial projections set forth in the FY 2017 Enacted Budget; (2) the revised projections of the Mid-Year Update to the Financial Plan; and (3) the results for the prior fiscal year (April 2015 through December 2015). The results below include monetary settlements.

General Fund Results

General Fund receipts, including transfers from other funds, totaled \$49.5 billion through December 2016, \$780 million below the Enacted Budget Financial Plan estimate. As shown in the table below, tax collections were \$1.6 billion below the Enacted Budget Financial Plan estimate, with a \$1.8 billion shortfall in PIT receipts offset in part by higher than estimated estate tax results related to a greater than anticipated number of extra-large (between \$4 million and \$25 million) and super-large (over \$25 million) payments through December 2016. Since the Enacted Budget, DOB has lowered FY 2017 PIT receipts by \$1.4 billion due to continued underlying weakness in base tax growth.

General Fund disbursements, including transfers to other funds, totaled \$49.4 billion through December. Spending during the nine-month period is \$888 million higher than expected in the Enacted Budget Financial Plan due to several significant timing factors within the Medicaid program. In addition, a spike in EP enrollment will drive higher program costs within the Global Cap, which is expected to be corrected during the remaining months of the fiscal year. Overall higher General Fund disbursements through December are partly offset by spending which was lower than initial projections for education aid, capital projects, and other programs.

At the Mid-Year Financial Plan Update, General Fund disbursements were adjusted downward to reflect total lower spending during the current year, in particular for capital projects transfers based on utilization of other financing sources, and additional HCRA revenue resources available to offset General Fund Medicaid expenses. In the FY 2018 Executive Budget Financial Plan, General Fund disbursements have been further adjusted downward to reflect revised spending assumptions for the remainder of the current year, including modest downward adjustments for school aid competitive grants programs and transfers to support certain capital programs, as well as upward revisions related to debt service financing and the anticipated cost of collective bargaining agreements.

The State ended December 2016 with a General Fund closing balance of \$9.1 billion, approximately \$1.7 billion below the Enacted Budget Financial Plan estimate and \$98 million below the Mid-Year estimate. Of the \$9.1 billion monetary settlements accounted for \$6.5 billion including the November 2016 payment of \$28 million from PHH Mortgage Corporation and the December payment of \$235 million from Intesa SanPaolo, as described earlier in this Updated Financial Plan.

¹ Includes transfers from other funds after debt service.

Receipts

Total tax collections were \$1.6 billion lower than projected in the Enacted Budget Financial Plan. Lower PIT collections (\$1.8 billion) were primarily driven by weaker than expected estimated payment and withholding growth through December. All other tax categories exceeded initial projections, with stronger than expected estate tax collections resulting from a greater than anticipated number of extra-large and super-large payments through December. Partly offsetting the overall tax variance in comparison to the Enacted Budget Financial Plan is approximately \$690 million in unanticipated monetary settlement collections received from various banks and Volkswagen.

Compared to the revised projections in the Mid-Year Update to the Financial Plan, total receipts were \$309 million higher than projected, driven primarily by additional monetary settlements (\$263 million) and higher than anticipated abandoned property receipts (\$63 million), and partly offset by lower business tax receipts (\$172 million) driven by lower corporate franchise taxes related to lower 2016 tax payments from calendar year filers.

Spending

Through December 2016, General Fund disbursements, including transfers to other funds, were \$888 million higher than initially projected, reflecting the net impact of higher spending for local assistance (\$1.1 billion) and agency operations (\$242 million), partly offset by lower transfers to other funds (\$485 million).

Local assistance spending above planned levels was primarily driven by Medicaid and EP payments, partly offset by lower spending for education, higher education and other local aid programs. The higher than projected Medicaid spending levels through December were due in part to variances in the receipt of certain offsets and audit recoveries which were not applied during earlier months as initially projected and are now expected to be approved and processed during the final three months of the fiscal year, as well as the application of Federal credits to reimburse the advancement of State funds which was necessitated by pending rate plan approvals. In addition, costs for the EP, which is funded in the first instance with Federal money, have been higher than expected due to a sharp enrollment increase. A reconciliation of Federal reimbursement for increased enrollment costs of prior quarters has been approved, which will mitigate the total cost impact within the Medicaid Global Cap. In total, State costs for both Medicaid and the EP are expected to be managed within the Medicaid Global Cap, consistent with current Financial Plan estimates.

Higher agency operations spending includes retroactive salary payments associated with the PEF and the Bureau of Criminal Investigation (New York State Police Investigators Association) (BCI) collective bargaining agreements approved earlier in 2016, as well as higher general state charges expenses due to the timing of agency reimbursement paid from other funding sources, and litigation expenses related to an increased volume of court of claims processing.

FY 2017 Year-To-Date Operating Results

Transfers to other funds were lower than initially planned primarily due to Capital Projects transfers related to the utilization of monetary settlements for Thruway projects including the New NY Bridge. Compared to the revised projections, transfers to Capital Projects funds were higher than anticipated due to the timing of a State bond sale.

Compared to the revised projections in the Mid-Year Update, spending was \$407 million higher, largely due to a continuation of higher than planned Medicaid spending, as several large credits and offsets which were scheduled earlier in the year, and then anticipated to occur during the third quarter as part of the revised Financial Plan Update, remain as outstanding balances to be processed during the final quarter of the fiscal year. As referenced earlier, the delayed processing of certain rate plans required DOH to advance State funds in order to alleviate any cash flow stress to providers. As approved rate plans are implemented, the advancement of State funds will be credited back to the Global Cap, reducing the current spending variance relative to initial projections. In addition, transfers to Capital Projects were higher than the revised projections in order to accelerate spending for Special Infrastructure and transportation projects during the third quarter of the fiscal year.

Other local program areas, including certain competitive grant awards within the school aid programs, and the HESC TAP and SUNY Community College programs, carried lower spending through December which partly offset the overall variance in comparison to revised projections.

The results below show General Fund operations with and without monetary settlements. For a summary discussion of operating results that exclude monetary settlements, see the earlier discussion of the FY 2018 General Fund.

State Operating Funds Results

The State ended December 2016 with a closing balance of \$13.3 billion in State Operating Funds, or \$967 million below the initial projection reflected in the Enacted Budget Financial Plan. The lower balance is comprised of slightly higher receipts (\$177 million), higher spending (\$1.7 billion), and higher financing from other sources (\$536 million). Compared to projections in the Mid-Year Update to the Financial Plan, the closing balance in State Operating Funds was \$17 million above Plan.

Closing Balance	14,293	13,309	13,326	(967)	-6.8%	17	0.1%

Receipts

Through December 2016, total receipts were \$177 million higher than the Enacted Budget Financial Plan. Tax collections were \$1.5 billion below the Enacted Budget Financial Plan, consistent with the General Fund results described above. Miscellaneous receipts exceeded Enacted Budget Financial Plan projections due to the monetary settlement payments from various banks and Volkswagen, as described earlier in this Executive Budget Financial Plan.

Compared to the Mid-Year Update, State Operating Funds receipts were \$632 million higher, largely due to unanticipated monetary settlement payments received in the third quarter of FY 2017 (\$263 million), higher abandoned property collections (\$63 million), and continued strength in HCRA assessment revenue collections (\$104 million). Other special revenue fund collections were positive as well, in particular for SUNY income and higher education services.

Spending

State Operating Funds spending was \$1.7 billion above the Enacted Budget Financial Plan primarily due to higher spending in both local assistance (\$1.3 billion) and agency operations (\$370 million), and are primarily consistent with the factors driving General Fund results as described previously.

In addition to the General Fund variances described previously, STAR local assistance payments were lower than anticipated (\$158 million) due to a timing-based variance which was adjusted in subsequent Financial Plan updates. State operations expenses of SUNY, driven by revenue collected from tuition income for campus operations and patient income for hospital operations, were higher than initial projections (\$74 million).

Compared to the revised projections, State Operating Funds spending was \$212 million above Plan, largely reflecting higher Medicaid spending and lower school aid disbursements, consistent with explanations for the General Fund results as described earlier.

Other Financing Sources

Other Financing Sources, which represent the difference between transfers to and from State Operating Funds, were \$536 million above initial estimates due to lower transfers from the General Fund to Capital Projects Funds driven by updated spending assumptions and utilization of bond financing for the Thruway Authority's New NY York Bridge project. In comparison to the revised Mid-Year Financial Plan Update, other financing sources were \$403 million lower than projected, driven by additional General Fund transfers necessary to support accelerated capital spending for certain special infrastructure and DOT projects.

Capital Projects Results

The State ended December 2016 with a negative closing balance in Capital Projects Funds of \$980 million, \$42 million higher than initial projections. Compared to revised projections, the closing balance was \$127 million higher than planned.

Closing Balance	(1,022)	(1,107)	(980)	42	4.1%	127	11.5%

Receipts

Through December 2016, total receipts in Capital Projects Funds were \$665 million lower than initial projections, reflecting a reduced financing need related to lower than planned spending for economic development, health care, housing, and education. In addition, an increase in available Federal support for the State's highway program further lowered miscellaneous receipts and increased Federal grants.

Spending

The most significant areas contributing to lower capital spending (\$1.1 billion) were slower than expected spending in the Smart Schools Bond Act, which was driven by the timing of board-approved applications; the Thruway Stabilization Program; DIIF due to current spending for the New NY Bridge instead being directly supported by Thruway Authority bonds; and the timing of grant payments for health care restructuring grants.

All Governmental Funds Results

The State ended December 2016 with an All Governmental Funds closing balance of \$13 billion, \$926 million below the amount projected in the Enacted Budget Financial Plan, reflecting higher than planned spending (\$948 million). Compared to the revised projection, the All Governmental Funds closing balance was \$261 million higher than planned.

Closing Balance	13,900	12,713	12,974	(926)	-6.7%	261	2.1%

Receipts

Through December 2016, total All Governmental Funds receipts were \$41 million above the initial projections, reflecting lower PIT collections as described above, offset by higher receipts in all other receipts categories.

Compared to the Mid-Year Update, All Governmental Funds receipts were \$479 million higher, largely due to timing of Federal spending and reimbursement.

Disbursements

Through December 2016, All Governmental Funds spending was \$948 million higher than initially planned. Lower spending in Capital Projects, as explained previously, was offset by the higher State Operating Funds spending variance primarily associated with Medicaid spending. The largest areas of higher Federal spending were DOH Medicaid (\$1.1 billion), which is inclusive of costs related to the increased enrollment for individuals in the EP program and a December reconciliation of State and Federal funding shares. This reconciliation accounted for the prior advancement of reimbursement, which was deficient based on actual enrollment levels, offset by the delayed Federal education payments related to a lag in the timing of claim submissions from school districts relative to initial projections (\$613 million).

Compared to the Mid-Year Update, All Governmental Funds spending was \$214 million higher than projections which, in addition to the State Operating Funds and Capital Projects variances described above, included higher spending for Federal Medicaid and EP costs (\$674 million), offset by lower than projected disbursements for Federal education (\$388 million).

All Governmental Funds Annual Change

In FY 2017, All Governmental Funds results, as compared to the same period during the prior year, include a higher opening balance (\$2.5 billion), a decline in receipts (\$688 million), and higher spending (\$5 billion). The combination of these annual changes resulted in a \$3.2 billion decrease in overall balance.

Closing Balance	16,222	12,974	(3,248)	-20.0%

Receipts

All Funds tax receipts from April 2016 through December 2016 were \$1.2 billion (2.2 percent) lower than results for the same period of the prior year, primarily due to lower PIT receipts (\$1.1 billion) resulting from a decline in quarterly estimated tax payments and April extension payments. Business taxes declined (\$123 million) due to lower gross receipts partially offset by higher audits. The year-over-year decline in other taxes (\$321 million) was primarily the result of the continued phase-in of the estate tax cut enacted in 2014. These declines were slightly offset by a \$385 million annual increase in consumption/use taxes resulting from higher sales and use tax collections (\$376 million) related mainly to base growth.

Miscellaneous receipts were \$1.9 billion below the prior year, largely due to the receipt of one-time settlement proceeds in FY 2016, including over \$1.3 billion from BNP alone.

Federal grants were \$2.4 billion higher than FY 2016, consistent with the impact of the annual changes in Federal spending described in more detail below.

Spending

Through December 2016, All Funds spending was \$5 billion higher than the same period in the prior year, which was comprised of higher spending for State Operating Funds (\$2.1 billion), Capital Projects Funds (\$672 million), and Federal Operating Funds (\$2.3 billion).

State Operating Funds spending through December was \$2.1 billion, or 3.2 percent, higher than the same period in the prior year. This increase was driven primarily by the growth in Medicaid (\$1.6 billion) in relation to sharp increases in EP enrollment levels, as well as the advancement of funds to providers earlier during FY 2017 while awaiting the application of certain credits pending Federal approval of rate plans. School aid growth of \$287 million from the prior year was consistent with program growth budgeted on an annual basis. Growth in agency operations (\$441 million) was due to higher non-personal service costs (\$164 million), in particular for growth in SUNY campus and hospital operations activity, and fringe benefit and fixed cost expenses (\$252 million) related to growth in statewide pension and health insurance expenses.

Federal spending growth is largely driven by Medicaid spending (\$3.2 billion), most significantly reflecting the escalating cost impact associated with various Federal health care transformation initiatives (including new spending for the EP). Significant spending declines relative to FY 2016 are driven by claiming inconsistent with prior year patterns in education (\$849 million), public assistance (\$367 million) and homeland security (\$277 million).

Growth in capital projects spending is primarily attributable to the continued implementation of several projects funded from DIIF, where initial spending did not occur until July 2016.

Fiscal Impacts on Local Governments

Fiscal Impact on Local Governments

The Executive Budget Five-Year Financial Plan included a summary of the estimated fiscal impact on municipalities supplemented with detailed tables. The tables are again included in this Financial Plan update to reflect Executive amendments.

There are no Executive amendments that will have a fiscal impact on local governments. Therefore, the estimated positive impact on municipalities remains unchanged from the Executive Budget analysis at \$14.7 million in local fiscal years ending in 2017 and nearly \$1.0 billion in local fiscal years ending in 2018.

Financial Plan Tables and Accompanying Notes

The notes to the Financial Plan tables herein should be read in conjunction with the tables that follow.

Note 1 — Basis of Accounting

Pursuant to law, all Financial Plan tables presented herein are prepared on the cash basis of accounting, unless otherwise noted. Under the cash basis of accounting, revenues are recognized when received, and spending is recorded when cash is disbursed.

Note 2 — Fund Types and Perspectives

The State records its transactions in the following fund types:

Governmental Funds

General Fund - This is the major operating fund of the State. It receives all State income not earmarked for a particular program or activity and not specified by law to be deposited in another fund. State income for Financial Plan purposes consists of moneys (taxes, fees, and miscellaneous receipts including certain repayments of State advances) deposited to the credit of the General Fund or transferred from other funds during the fiscal year.

Special Revenue - These funds account for State receipts from specific revenue sources and are legally restricted to disbursement for specified purposes. This governmental fund type is divided into two classifications: (1) State Special Revenue Funds; and (2) Federal Special Revenue Funds. An example of a State Special Revenue Fund is the Conservation Fund which finances a number of State environmental programs. An example of a Federal Special Revenue Fund is the Health and Human Services Fund which finances various social services programs, including Medicaid and public assistance. Although any earmarked revenue fund is treated as a Special Revenue Fund for cash-basis budgeting and reporting purposes, some are combined with the General Fund for purposes of reporting on the basis of GAAP.

Debt Service - All tax-financed State debt service on long-term debt and payments on certain lease-purchase or other contractual obligations are paid from Debt Service funds. These account for the accumulation of money for, and the payment of principal and interest on, general long-term debt. Lease-purchase payments for Health and Mental Hygiene facilities under contractual agreements with public authorities are also paid from funds classified as Debt Service funds. Debt service on highway bonds supported by dedicated highway revenues is also reflected in this fund type. Sources of revenue for this fund type include transfers from the General Fund, dedicated taxes, and other revenues.

Capital Projects - These funds finance a variety of capital construction costs including: (i) planning, land acquisition, design, construction, construction management and supervision, and equipment costs; (ii) highway, parkway and rail preservation projects; (iii) outdoor recreation and environmental conservation projects; (iv) buildings and other capital facilities required by various State departments and agencies; (v) payments to local governments to help finance their

capital programs, including highway, parkway, bridge, mass transportation, aviation, economic development, port development, community college, community and State mental health, outdoor recreation, State-assisted housing, and environmental quality; and (vi) advances for capital construction costs reimbursable by public authorities, instrumentalities of the State, the Federal government or local governments. Sources of revenue for this fund type include transfers from other State funds, including the General Fund and Special Revenue Funds, dedicated taxes and other revenues, reimbursement of advances, bond proceeds, and Federal capital grants.

State Operating Funds

The State Funds operating budget is a broader measure of spending for operations (as distinct from capital purposes) that is funded with State resources. It comprises the General Fund and other State-supported activities financed by dedicated revenues in State Special Revenue funds, as well as Debt Service funds accounting for the payment of debt service on all tax-financed State long-term debt.

Proprietary Funds

Internal Service Funds - Account for the financing of goods or services supplied by one State agency to another State agency or other governmental entities on a cost-reimbursement basis.

Enterprise Funds - Account for operations that are similar to private business enterprises.

The Internal Service funds and Enterprise funds are treated as Proprietary funds for cash-basis budgeting and reporting purposes, and are combined with the General Fund for purposes of reporting on a GAAP basis.

Fiduciary Funds

Private-Purpose Trust Funds - Account for all trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Pension Trust Fund - Account for the cash-basis results of operations for the administrative portion of the State's Common Retirement Fund. It does not reflect investment activity, balances, or other assets available to this Fund. In addition, pension contributions and payments to retirees are excluded since these payments are not required to be appropriated.

Agency Funds - Account for funds held by the State in a purely custodial capacity. Cash is held temporarily until disbursements are made to individuals, private organizations, or other governments.

Note 3 – Disbursement Descriptions

The State's Financial Plan and reporting include only those payments made pursuant to an appropriation and paid from funds available in the State Treasury. All State spending is classified in one of the following categories:

Local Assistance Grants - Include payments to counties, cities, towns, villages, school districts and other local entities, as well as certain financial assistance to, or on behalf of, individuals and nonprofit organizations. Certain disbursements from capital projects funds, including payments to local government units and public authorities, are recorded as local assistance.

PS - Includes the payment of salaries and compensation for State employees.

NPS - Includes payments for operational costs, such as miscellaneous contractual obligations, supplies and materials, travel, rentals and repairs, utilities, postage and shipping, printing, and telephone.

GSCs - Includes costs mandated by statute, collective bargaining agreements or court order. Charges in this category can be further subdivided into the following:

Fringe Benefits: Contributions to pension systems, the employer's share of Social Security contributions, employer contributions toward the cost of health insurance, workers' compensation and unemployment insurance, and contributions to union employee benefit funds which provide vision care and other services.

Fixed Costs: For State PILOT programs, as well as payments for local assessments on State-owned land, judgments against the State pursuant to the Court of Claims Act, defenses by private counsel or alternatively payments on behalf of State officers and employees in civil judicial proceedings.

Debt Service - Includes payments made for tax-financed State debt service on long-term debt; contractual-obligation and lease-purchase arrangements with several public authorities and municipalities; and lease-purchase payments for Health and Mental Hygiene facilities.

Capital Projects - Includes payments made for the acquisition or construction of the State's capital facilities. Included in this category are planning, land acquisition, design, construction, engineering services, and equipment costs; highway, parkway and rail preservation projects; and outdoor recreation and environmental conservation projects. Advances are made for capital construction costs reimbursable by public authorities, the Federal or local governments, or from the proceeds of State bond and note sales.

Bond Proceeds - Includes the proceeds of General Obligation Bonds and short-term notes issued in the form of commercial paper or Bond Anticipation Notes (BANs), and are stated net of notes redeemed from the proceeds of long-term bonds or reissued notes.

Operating Transfers - Constitutes legally authorized transfers from a fund receiving revenues, to a fund through which disbursements will ultimately be made.

Note 4 — Reservations of General Fund Balance

Funds of the General Fund may be legally segregated for specific future use or informally reserved for specified purposes. The following funds of the General Fund are established in law:

Tax Stabilization Reserve - Created to provide a reserve to finance a cash-basis operating deficit in the General Fund at the end of the fiscal year, and to make temporary loans to the General Fund during the year. Annual deposits may not exceed 0.2 percent of General Fund spending, and the balance may not exceed 2 percent of General Fund spending. These amounts may be borrowed by the General Fund temporarily and repaid within the same fiscal year. They may also be borrowed to cover an operating deficit at year end, but these loans must be repaid within six years in no fewer than three annual installments.

Rainy Day Reserve - Created pursuant to law to account for funds set aside for use during economic downturns or in response to a catastrophic event, as defined in the law. The economic downturn clause is triggered after five consecutive months of decline in the State's composite index of business cycle indicators. The reserve may have a maximum balance equal to 5 percent of projected General Fund spending during the fiscal year immediately following the then-current fiscal year.

Contingency Reserve - Created pursuant to law to provide a reserve to fund extraordinary needs arising from litigation against the State. These amounts may be used for payment of judgments against the State where the amount is in excess of \$25 million and such payments are not previously appropriated, or emergency payments relating to natural or physical disasters, or to make payments for the enhancement of the State's economy.

Community Projects - Created pursuant to law to finance discretionary, usually local, projects ("member items") sponsored by individual legislators and the Governor. In previous years, the Budget included lump sum appropriations for the Governor, Senate and the Assembly, to be designated for various grants, awards and contracts with local governments, not-for-profit organizations and community groups. The FY 2018 Budget includes no new appropriations.

The following funds of the General Fund are reserved for specified or undesignated purposes:

Debt Management - Reserved for i) the payment of principal, interest, or related expenses; ii) retiring or defeasing existing State-supported debt obligations, including accrued interest; and iii) the funding of capital projects, equipment, or similar expenses that would otherwise be financed with debt.

Undesignated Fund Balance - From time to time, DOB will informally designate unrestricted balances in the General Fund for specific policy goals. These amounts are typically identified with the phrase "reserved for."

Labor Agreements - Due to the nature of the timing of labor agreements, DOB will informally reserve balances for possible prior-year costs for unions without current contracts.

Monetary Settlements - Includes the balance of monetary settlements after planned uses.

Note 5 – Items Affecting Annual Comparability

Superstorm Sandy - In October 2012, Superstorm Sandy caused widespread flooding, power failures, and wind damage to public and private property in New York City, Long Island, and other downstate areas. Public infrastructure, including mass transit systems, public schools, and municipal buildings sustained serious damage. The Financial Plan reflects Federal aid which will flow to local governments, public authorities, and not-for-profits over the multi-year Plan to continue the State's recovery from Superstorm Sandy.

Federal Health Care Transformation

- **ACA** - The ACA, which became effective January 1, 2014, is intended to provide access to health insurance coverage to ensure appropriate access to care, and to restrain escalating health care costs. The Financial Plan reflects the impact of the ACA in a number of ways including, but not limited to, the benefit of lower costs associated with the State share of Medicaid as a result of enhanced Federal funding provided for Medicaid costs and program expansion. In addition, beginning in FY 2015, DOH assumed new costs associated with operating the NYSOH health benefit exchange, which is the State's single point of access insurance marketplace in accordance with the ACA, and has begun implementing a new information system designed to improve health insurance claiming.
- **Federal DSRIP** - On April 14, 2014, Governor Andrew M. Cuomo announced that terms and conditions were finalized between the State and Federal governments, allowing the State to reinvest \$8 billion in Federal savings generated by MRT reforms. The waiver amendment will address critical health care issues statewide and allow for comprehensive reform through a DSRIP program. The DSRIP program will promote community-level collaborations and focus on system reform, specifically a goal to achieve a 25 percent reduction in avoidable hospital use over five years, and clinical and population health improvements. The Financial Plan reflects the impact of the DSRIP program through additional Federal funds disbursements of approximately \$7 billion over the five-year planning period. The remainder of the DSRIP program reinvestment funding is expected to be disbursed beyond the current planning period.
- **EP** - The EP is a health insurance program authorized through the ACA. The FY 2015 Enacted Budget authorized the State's option to participate in the EP. In April 2015, the State began phasing-in certain legally residing immigrants who were receiving State-only Medicaid coverage. Individuals who meet the eligibility standards of the EP are enrolled through the NYSOH health benefit exchange, with the cost of insurance premiums subsidized by the State and Federal governments. Upon full implementation of EP,

approximately 90 percent of program expenditures are expected to be funded by the Federal government. State funding for the EP is offset by lower State Funds Medicaid program spending and additional Federal Funds.

Note 6 — State Funding of SUNY Operating Support

Effective with the 2013 academic year that began in July 2012, all General Fund support for SUNY operations is transferred from the General Fund to the State University Income special revenue fund, from which all university operations are funded.

Note 7 — Off-Budget Transactions

These represent certain capital spending that is not reported in cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds on deposit at various public authorities, rather than from a STIP or General Fund loan.

Note 8 — General Fund/HCRA Combined Gap

Current HCRA authorization ends April 1, 2017. HCRA is projected to remain balanced through FY 2021. Any unforeseen shortfall would need to be financed by the General Fund or HCRA programs.

Note 9 — MTA Financial Assistance Fund

The Metropolitan Commuter Transportation Mobility Tax (Mobility Tax) is imposed on certain employers and self-employed individuals engaging in business within the MCTD. This revenue source is collected by the State on behalf of, and disbursed in its entirety to, the MTA. Due to requirements of the enabling legislation, the tax is reflected in the State's Special Revenue Funds, increasing estimated receipts and disbursements.

Additional funding to support the MTA is provided through a transfer from the General Fund, pursuant to December 2011 tax reform legislation which exempts school districts and small businesses operating within the MCTD from the provisions of the Mobility Tax.

Note 10 — Changes to the Medicaid Program

Since January 2006, the State has paid the entire non-Federal share of the FHP program, which has since been phased-out, and any annual Medicaid increases above a fixed level that otherwise would have been paid by Local Social Services Districts. The statutory indexing provisions were amended through legislation to implement a three-year phased-takeover of the Local Social Services Districts' share of all growth above the previous year's enacted levels beginning on April 1, 2013 for County Year 2013, with the State assuming all growth in County Year 2015.

Note 11 — Statewide Cash Flow Administration

OSC invests General Fund moneys, bond proceeds, and other funds not immediately required to make payments through STIP, which is comprised of joint custody funds (Governmental Funds, Internal Service Funds, Enterprise Funds and Private Purpose Trust Funds), as well as several sole custody funds including the Tobacco Settlement Fund.

OSC is authorized to make short-term loans from STIP to cover temporary cash shortfalls in certain funds and accounts, including the General Fund, resulting from the timing of receipts and disbursements. The Legislature authorizes the funds and accounts that may receive loans each year, based on legislation submitted annually. Loans may be granted only for amounts that the Director of the Budget certifies are “receivable on account” or can be repaid from the current operating receipts of the fund (i.e., loans cannot be granted in expectation of future revenue enhancements).

The General Fund is authorized to borrow resources temporarily from STIP for up to four months, or to the end of the fiscal year, whichever period is shorter. The State last used this authorization in April 2011 when the General Fund needed to temporarily borrow a minimal amount of funds from STIP for a period of five days. The amount of resources that can be borrowed by the General Fund is limited to the available balances in STIP, as determined by the State Comptroller. Available balances include money in the State’s governmental funds and a relatively small amount of other money belonging to the State. Several accounts in Debt Service Funds and Capital Projects Funds that are part of All Governmental Funds are excluded from the balances deemed available in STIP. These excluded funds consist of bond proceeds and money obligated for debt service payments.

Note 12 — Transfer Eliminations

The Special Revenue Funds and Capital Projects Funds include transfers of resources between Federal and State accounts within each fund. In some instances, Federal aid that is initially deposited into a Federal account is transferred to State accounts where the aid is used to support the programs it is intended to fund. To avoid recording spending twice, initially as the transfer of resources to another account and subsequently when payments are made, these transfers are eliminated in these funds. The transfer eliminations are consistent with the State Comptroller’s accounting practices shown in Exhibit A of the Comptroller’s Annual Report to the Legislature.

Note 13 — Temporary Loans Summary

The total outstanding loan balance as of March 31, 2016 was \$2.7 billion, comprised of activities that are financed initially by the State pending Federal receipt (\$1.3 billion), advances for bond-reimbursable capital spending pending the receipt of bond proceeds (\$966 million), State Special Revenue Funds (\$345 million), and Proprietary Funds (\$179 million).

The total loan balance typically increases throughout the State fiscal year, reaching its peak between the second and third quarters. The spike mainly reflects the payment of lottery aid for education, which is financed in large part by a loan that is repaid over the course of the year as lottery revenues are received.

Note 14 — 2 Percent Spending Benchmark

The line on the Financial Plan tables labeled “Adherence to 2 percent Spending Benchmark” is the estimated savings that would be realized by limiting annual spending growth in future years to 2 percent. The current Administration is expected to propose, and negotiate with the Legislature to enact, Budgets that hold State Operating Funds spending growth to 2 percent. The General Fund operating projections assume that all savings from adhering to 2 percent spending growth are made available to the General Fund.

Note 15 - List of Settlements Received

The following monetary settlements were received, or expected to be received, by the State by January 2017.

- BNP Paribas, S.A. New York Branch (BNPP) paid nearly \$3.6 billion pursuant to (i) a June 29, 2014 consent order between DFS and BNPP and (ii) a June 30, 2014 plea agreement between BNPP and the New York County District Attorney (DANY) in connection with conduct by BNPP which violated U.S. national security and foreign policy and raised serious safety and soundness concerns for regulators. BNPP’s conduct included obstructing governmental administration, failing to report crimes and misconduct, offering false instruments for filing, and falsifying business records.
- Credit Suisse AG paid a \$715 million civil monetary penalty pursuant to a May 18, 2014 consent order between DFS and Credit Suisse AG. This consent order pertained to Credit Suisse AG’s decades-long operation of an illegal cross-border banking business whereby Credit Suisse AG knowingly and willfully (i) aided thousands of U.S. clients in opening and maintaining undeclared accounts, and (ii) concealed offshore assets and income from the Internal Revenue Service and New York authorities.
- Credit Suisse Securities (USA) LLC paid the State \$30 million pursuant to a settlement agreement between the Office of the Attorney General and Credit Suisse Securities, to settle investigations into false statements and omissions made in connection with the marketing of dark pools and other high-speed electronic equities trading services.
- Commerzbank AG New York Branch and Commerzbank AG (collectively “Commerzbank”) paid a \$610 million civil monetary penalty pursuant to a March 12, 2015 consent order between Commerzbank and DFS. This consent order pertained to Commerzbank’s transactions on behalf of Iran, Sudan, and a Japanese corporation which engaged in accounting fraud in violation of New York State Banking Law and regulations. Additionally, Commerzbank AG paid \$81.7 million in fines and forfeiture payments

pursuant to a Deferred Prosecution Agreement between Commerzbank, the New York County District Attorney's Office and the United States Department of Justice. This Deferred Prosecution Agreement pertained to Commerzbank's actions in moving more than \$250 million through the U.S. financial system primarily on behalf of Iranian and Sudanese customers in violation of U.S. sanctions, by concealing the illegal nature of these transactions and deceiving U.S. banks into processing illegal wire payments.

- Deutsche Bank AG and Deutsche Bank AG New York Branch (collectively "Deutsche Bank") paid a \$600 million civil monetary penalty in accordance with an April 23, 2015 consent order between Deutsche Bank and DFS. This consent order pertained to Deutsche Bank's manipulation of benchmark interest rates, including (i) the London Interbank Offered Rate, (ii) the Euro Interbank Offered Rate and (iii) the Euroyen Tokyo Interbank Offered Rate, in violation of New York State Banking Law and regulations.
- Deutsche Bank paid an additional \$200 million civil monetary penalty pursuant to a November 3, 2015 consent order between DFS and Deutsche Bank. This consent order pertained to Deutsche Bank's use of non-transparent methods and practices to conduct more than 27,200 U.S. dollar clearing transactions, valued at over \$10.86 billion, on behalf of Iranian, Libyan, Syrian, Burmese, and Sudanese financial institutions and other entities subject to U.S. economic sanctions, including entities on the Specially Designated Nationals List of the U.S. Treasury Department's Office of Foreign Assets Control.
- Deutsche Bank Securities Inc. ("Deutsche Bank") will pay a \$18.5 million monetary penalty in accordance with a 2016 settlement agreement between Deutsche Bank and the Office of the Attorney General of the State of New York. This settlement agreement pertained to Deutsche Bank's material misstatements and omissions in various written materials disseminated to clients and potential clients with respect to Deutsche bank's routing technology.
- On February 7, 2017, the State received a \$425 million fine from Deutsche Bank AG and Deutsche Bank AG New York Branch (collectively "Deutsche Bank") in accordance with a consent order with the Department of Financial Services. The consent order addresses compliance deficiencies at Deutsche Bank that allowed bank traders and offshore entities to improperly and covertly transfer more than \$10 billion out of Russia through security trading schemes known as "mirror trades."
- Barclays paid \$635 million, which included (i) a \$485 million civil monetary penalty in accordance with a May 2015 consent order between Barclays and DFS, and (ii) a \$150 million civil monetary penalty in accordance with a November 2015 consent order between Barclays and DFS. The May 2015 consent order pertained to Barclays' attempted manipulation of benchmark foreign exchange rates and other manipulative conduct in violation of New York State Banking Law and regulations. The November 2015 consent order pertained to Barclays' automated electronic foreign exchange trading misconduct.

- Barclays Capital Inc. paid the State \$35 million pursuant to a settlement agreement between the Office of the Attorney General and Barclays Capital Inc. to settle investigations into false statements and omissions made in connection with the marketing of their dark pools and other high-speed electronic equities trading services.
- Credit Agricole paid \$459 million, which included (i) a \$385 million civil monetary penalty pursuant to an October 2015 consent order between DFS and Credit Agricole, and (ii) an asset forfeiture of \$74 million pursuant to a deferred prosecution agreement with the New York County District Attorney's office. Both the consent order and deferred prosecution agreement pertained to Credit Agricole's processing billions of dollars of payments on behalf of certain sanctioned parties.
- The Bank of Tokyo-Mitsubishi UFJ, Ltd. (BTMU) paid a \$315 million civil monetary penalty pursuant to a November 18, 2014 consent order between DFS and BTMU. This consent order pertained to BTMU's wrongful actions in misleading DFS concerning BTMU's U.S. dollar clearing services conducted on behalf of sanctioned Sudanese, Iranian, and Burmese parties. Previously, BTMU paid a \$250 million civil monetary penalty pursuant to a June 19, 2013 consent order between DFS and BTMU. Such consent order pertained to BTMU's unlawful clearance through the New York Branch and other New York-based financial institutions of approximately 28,000 U.S. dollar payments, valued at approximately \$100 billion, on behalf of certain sanctioned parties.
- Bank of America (BofA) paid \$300 million pursuant to an August 18, 2014 settlement agreement to remediate harms related to BofA's violations of State law in connection with the packaging, origination, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations by Federal and State entities into BofA Corporation, Bank of America, N.A., and Banc of America Mortgage Securities, as well as their current and former subsidiaries and affiliates.
- Standard Chartered Bank, New York Branch (SCB NY) paid \$300 million pursuant to an August 19, 2014 consent order between the DFS and SCB NY for failure to fully comply with a September 21, 2012 consent order between the parties. The August 19, 2014 consent order pertained to SCB NY's use of ineffective risk management systems for the identification and management of compliance risks related to compliance with the Bank Security Act (BSA) and anti-money laundering (AML) laws, rules, and regulations. Such risks included U.S. dollar clearing for clients of SCB United Arab Emirates and SCB Hong Kong, among others.
- Morgan Stanley paid \$150 million pursuant to a 2016 settlement agreement between the Office of the Attorney General and Morgan Stanley. This settlement agreement pertained to harms to the State allegedly resulting from Morgan Stanley's creation, packaging, marketing, underwriting, sale, structuring, arrangement, and issuance of residential mortgage-backed securities in 2006 and 2007.

- Bank Leumi paid a \$130 million civil monetary penalty pursuant to a December 22, 2014 consent order between DFS and Bank Leumi. This consent order pertained to Bank Leumi's (i) knowing and willful operation of a wrongful cross-border banking business which assisted U.S. clients in concealing offshore assets and evading U.S. tax obligations, and (ii) misleading DFS about Bank Leumi's improper activities.
- Ocwen Financial (Ocwen) paid a \$100 million civil monetary penalty and another \$50 million as restitution to current and former Ocwen borrowers pursuant to a December 19, 2014 consent order between DFS and Ocwen. This consent order pertained to, among other things, numerous and significant violations of a 2011 agreement between Ocwen and DFS which required Ocwen to adhere to certain servicing practices in the best interest of borrowers and investors. The \$100 million payment is to be used by the State for housing, foreclosure relief, and community redevelopment programs supporting New York's housing recovery. The \$50 million restitution payment will be used to make \$10,000 payments to current and former Ocwen borrowers in New York whose homes were foreclosed upon by Ocwen between January 1, 2009 and December 19, 2014. The balance of the \$50 million will then be distributed equally among borrowers who had foreclosure actions filed against them by Ocwen between January 1, 2009 and December 19, 2014, but in which Ocwen did not complete such foreclosure action.
- Citigroup Inc. ("Citigroup") paid \$92 million pursuant to a July 2014 settlement agreement to remediate harms to the State resulting from the packaging, marketing, sale, structuring, arrangement, and issuance of residential mortgage-backed securities and collateralized debt obligations. The settlement agreement is the result of investigations by Federal and State entities into Citigroup.
- Goldman Sachs Group, Inc. and Goldman Sachs and Co. (collectively "Goldman") paid a \$50 million civil monetary penalty pursuant to an October 2015 consent order between DFS and Goldman. This consent order pertained to Goldman's failure to implement and maintain adequate policies and procedures relating to post-employment restrictions of former government employees.
- Goldman Sachs Group, Inc. as well as its current and former subsidiaries (collectively "Goldman Sachs"), paid the State \$190 million pursuant to an April 2016 settlement agreement between the Office of the Attorney General and Goldman. This settlement agreement pertained to the marketing, structuring, arrangement, underwriting, issuance, and sale of residential mortgage-backed securities by Goldman in 2006 and 2007.
- American Life Insurance Company (ALICO), Delaware American Life Insurance Company (DelAm), and MetLife, Inc. (MetLife) (collectively "MetLife Parties") paid \$50 million as a civil fine pursuant to a March 31, 2014 consent order between DFS and MetLife Parties. This consent order pertained to a DFS investigation into whether ALICO and DelAm conducted an insurance business in New York without a New York license, and aided other insurers in conducting businesses in New York without a New York license.

- American International Group, Inc. (AIG) paid a \$35 million civil monetary penalty pursuant to an October 31, 2014 consent order between DFS and AIG. This consent order pertained to a DFS investigation which uncovered former subsidiaries ALICO and DelAm (i) solicited insurance business in New York without a license and (ii) made intentional misrepresentations and omissions to DFS concerning such activities.
- PricewaterhouseCoopers LLP (PwC) paid \$25 million pursuant to an August 14, 2014 settlement agreement between DFS and PwC to (i) resolve the DFS's investigation of PwC's actions in performing certain consulting services for the Tokyo Branch of The Bank of Tokyo-Mitsubishi UFJ, Ltd. in 2007 and 2008, and (ii) establish the basis for a constructive relationship between the parties that will better protect investors and the public.
- AXA Equitable Life Insurance Company (AXA) paid a \$20 million civil fine pursuant to a March 17, 2014 consent order between DFS and AXA. The consent order pertained to whether AXA properly informed DFS regarding the implementation of its "AXA Tactical Manager" strategy.
- Promontory Financial Group, LLC (Promontory) paid the State \$15 million pursuant to an August 18, 2015 agreement between DFS and Promontory. This agreement pertained to Promontory's performance of regulatory compliance work for Standard Chartered Bank wherein Promontory failed to meet DFS's requirements for consultants performing such regulatory compliance work.
- New Day Financial LLC Fulton, Maryland (New Day) paid a \$1 million civil monetary penalty pursuant to a November 18, 2015 consent order between the DFS and New Day. The consent order pertained to New Day's violation of the Nationwide Multistate Licensing System and Registry Rules of Conduct and New York Mortgage Banking laws.
- The NYS Attorney General announced that Volkswagen AG, Audi and Porsche Affiliates (collectively, "Volkswagen") will pay the State over \$30 million in monetary recoveries in accordance with a series of proposed settlement agreements between the Office of the Attorney General (amongst others) and Volkswagen. This settlement agreement pertains to Volkswagen's violations of emissions standards and state consumer protection laws. These funds will be set aside with other settlements that have not yet been appropriated. Additionally, the State will receive, and the Department of Environmental Conservation (DEC) will administer, approximately \$117 million for air quality improvement programs in New York.
- Mega International Commercial Bank Co., LTD. and Mega International Commercial Bank Co. LTD. – New York Branch (collectively "Mega Bank") paid the State a \$180 million monetary penalty in accordance with an August 19, 2016 consent order between DFS and Mega Bank. This consent order pertains to Mega Bank's failure to maintain effective complaint and compliance programs, its failure to report the discovery of certain misconduct, and for other violations of New York Banking Law.

- Agricultural Bank of China Limited and Agricultural Bank of China, New York Branch (collectively “Agricultural Bank of China”) paid the State a \$215 million civil monetary penalty pursuant to a consent order between the NYS DFS and Agricultural Bank of China. This consent order pertained to Agricultural Bank of China’s serious and persistent compliance failures which indicate a fundamental lack of recognition of the need for a vigorous compliance infrastructure, and inadequate attention to the state of compliance.
- PHH Mortgage and PHH Homes Loans, LLC (collectively “PHH Mortgage”) will pay a \$28 million penalty in accordance with a 2016 consent order between PHH Mortgage and the Department of Financial Services. This consent order pertained to PHH Mortgage’s failure to (i) maintain books, accounts, records, and files in an appropriate manner, (ii) adequately and accurately disclose certain fees, and (iii) comply with other laws and regulations.
- Intesa Sanpaola S.p.A. and Intesa Sanpaola S.p.A. New York Branch (collectively “Intesa Bank”) paid the State a \$235 million civil monetary penalty pursuant to a consent order between the NYS DFS and Intesa Bank. This consent order pertains to compliance failures by Intesa Bank in 2005-06 and over the past several years, and Intesa Bank’s use of non-transparent practices from 2002-2006 to process payments on behalf of Iranian clients and other entities.

Note 16 – List of Settlement Uses

The following purposes are funded pursuant to the \$6.5 billion of monetary settlement collections dedicated from the FY 2017 Enacted Budget capital appropriations:¹⁴

- **Thruway Stabilization (\$2.0 billion):** The \$2.0 billion investment will support both the New NY Bridge project and other transportation infrastructure needs for the rest of the Thruway system.
- **Upstate Revitalization Program (\$1.7 billion):** Awarded \$1.5 billion in 2015 to the three Upstate regions selected as URI best plan awardees. An additional \$200 million (\$170 million from monetary settlements) was provided in 2016 to support projects in the remaining four eligible Upstate regions.
- **Affordable and Homeless Housing (\$640 million):** Settlement funds will augment the multi-year investment in affordable housing services, and provides housing opportunities for individuals and families who are homeless or at risk of homelessness. Funds will be invested over five years to create new housing opportunities for individuals and families in need of supportive services, as well as to assist vulnerable populations in securing stable housing.

¹⁴ The funding of \$6.5 billion is reflected in the multi-year totals for transfers to DIIF (\$6.39 billion) and the EPF (\$120 million).

- **Broadband Initiative (\$500 million):** Funds the New NY Broadband Fund Program to expand the availability and capacity of broadband across the State, or development of other telecommunication infrastructure. This program is intended to expand the creation of high-speed networks and promote broadband adoption.
- **Health Care/Hospitals (\$400 million):** Provides \$355 million in grants to essential health care providers that facilitate mergers, consolidation, acquisition, or other significant corporate restructuring activities to create a financially sustainable system of care. The Plan also funds capital expenses of the Roswell Park Cancer Institute (\$15.5 million); a community health care revolving loan (\$19.5 million).
- **Penn Station Access (\$250 million):** The MTA Penn Station Access project, which will open a new Metro-North link directly into Penn Station, is expected to provide enhanced system resiliency, improvement in regional mobility, and construction of four new Metro-North stations in the Bronx.
- **Transportation Capital Plan (\$200 million):** Provides funding for transportation infrastructure projects across the State.
- **Municipal Restructuring and Consolidation Competition (\$170 million):** Includes \$20 million in funding for a Municipal Consolidation Competition to encourage the reduction of costs through a competitive process to be administered by the DOS. This funding is in addition to \$150 million for the first Downtown Revitalization Initiative and for municipal restructuring to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that permanently reduce operational costs and property tax burdens.
- **Resiliency, Mitigation, Security, and Emergency Response (\$150 million):** Provides funding for preparedness and response efforts related to severe weather events, as well as efforts to prevent, prepare for, and respond to acts of terrorism, other public safety and health emergencies, and natural and man-made disasters.
- **Transformative Economic Development Projects (\$150 million):** Includes funds to promote economic development in Nassau and Suffolk counties.
- **Infrastructure Improvements (\$115 million):** Funding for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other projects.
- **Economic Development (\$85 million):** Funding for the economic development strategy of creating jobs, strengthening and diversifying economies, and generating economic opportunities across the State, including investments in infrastructure.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million):** Funding to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.

- **ESPRI (\$25 million):** To combat poverty throughout the State, \$25 million was provided for the ESPRI. This program will bring together State and local government, nonprofits, and community groups to design and implement coordinated solutions for addressing poverty in 16 municipalities: Albany, Binghamton, the Bronx, Buffalo, Elmira, Hempstead, Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester, Syracuse, Troy, Utica, and Watertown.
- **EPF (\$120 million):** This \$120 million and other EPF resources would provide dedicated funding to communities throughout New York State to improve the environment, combat climate change, and reduce greenhouse gas emissions.

Monetary settlement resources will be used as a temporary advance to: (i) meet initial funding requirements for the Javits expansion project and (ii) support \$1.3 billion of bond-financed capital disbursements. The table below shows the schedule for these temporary uses.

TEMPORARY USE OF MONETARY SETTLEMENTS FOR CAPITAL PROJECTS FUNDS (millions of dollars)						
	<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>	<u>Total</u>
Total Settlement Funds Replenished/(Used)	(1,300)	640	150	180	330	0
Transfer to DIIF for Javits Center Expansion	0	(160)	(350)	(320)	(170)	(1,000)
Bond Proceed Receipts for Javits Center Expansion	0	0	0	500	500	1,000
Management of Debt Issuances	(1,300)	800	500	0	0	0

Javits Expansion: Spending for the Javits expansion will be supported by settlement funds in the first instance, beginning in FY 2018. Subsequently, these expenses will be reimbursed by proceeds from bonds that are planned to be issued in FYs 2020 and 2021.

Management of Debt Issuances: A total of \$1.3 billion of capital spending for higher education, transportation and economic development will be funded initially from the settlement fund balances set aside in the General Fund. These funds will be made available for the projects appropriated from DIIF when the State reimburses the \$1.3 billion of spending with bond proceeds anticipated in FY 2018 (\$800 million) and FY 2019 (\$500 million). As a result of these reimbursements, it is anticipated that transfers from the General Fund to support the Capital Projects Fund will be lower in FYs 2018 and 2019 by \$800 million and \$500 million, respectively.

Note 17 – Budget Gap Reconciliation with the Quarterly Updates

The budget gap for FY 2018 that must be closed with the Executive Budget is estimated at \$3.53 billion. The budget gap represents the difference between: (a) the projected General Fund disbursements needed to maintain current services levels and specific commitments, and (b) the projected level of resources to pay for these disbursements.

In the quarterly updates to the Financial Plan, DOB’s calculation of the out-year budget surpluses or gaps includes the potential savings that would be achieved if the future budgets hold annual spending growth to 2 percent. The quarterly updates note clearly that the potential savings would occur only “if the Governor continues to propose, and the Legislature continues to enact, budgets in future years” that hold spending growth to 2 percent or less. They further note that “such savings will be developed and proposed in future budgets.” In other words, the Executive Budget must include a specific plan to achieve the savings that were assumed in the calculation.

In the Mid-Year Update for FY 2017, the budget gap projected for FY 2018 was \$689 million. This is in addition to the calculated savings of \$2.844 billion in FY 2018 from adherence to the 2 percent spending benchmark. The Executive Budget must include a plan that achieves both the \$2.844 billion in assumed savings and eliminates any additional gap. Therefore:

	<u>FY 2018</u>
Mid-Year Gap	(689)
Plus: Value of 2%	<u>(2,844)</u>
Savings to be Identified	<u>(3,533)</u>

The FY 2018 gap of \$3.53 billion that must be closed with the Executive Budget is thus calculated by adding the savings that must be proposed to hold spending growth at 2 percent, plus any additional savings needed to provide for a balanced General Fund budget. The budget gaps for future years can be calculated in the same manner.

Note: This table reflects certain capital spending that is not reported in actual cash spending results, but is reported in the State's GAAP Financial Statements. This spending is related to programs which are financed directly from bond proceeds that are on deposit at various public authorities rather than from a short-term loan from the Short-Term Investment Pool or cash from the General Fund.

NOTE 1: Cash disbursements can vary from the level of available appropriation authority due to intra-year transfers or suballocation, changes in the amount and timing of carry-out spending across years, and the use of agency appropriation interchange authorization. Appropriation amounts include new appropriation authority, reappropriations, and other appropriation amendments, but do not include carry-in authority from prior years which is subject to lapse.

NOTE 2: Special statewide appropriation authority is available to all State agencies to meet funding needs during emergencies, and for the Federal Government's share of costs resulting from natural or man-made natural disasters in advance of the availability of Federal reimbursement.

NOTE 3: The State maintains two-year appropriations for the Medicaid programs. The Medicaid appropriation also includes authorization for Medicaid spending that is expected to occur outside of DOH.
